Sound reasons for the Nickel Plate Road's popularity. In making a long railway journey; the two principal points to be considered are Cost and Comfort. The first of these is the least, and the second the greatest, if you select the Nickel Plate Road. For the rates to whatever point you wish to reach are always the lowest via that line. And the degree of comfort is greatest, not only on account of an excellent roadbed and the highest standard of equipment but from the fact that your welfare is personally looked after throughout the journey.

If you contemplate a trip to any part of the West, full information as to rates, service, etc., will be cheerfully furnished on application to R. E. Payne General Agent, 291 Main St., Buffalo, N. Y.
