Notre Dame Athletes Get Great Reception From Fathers and Sons

Captain Thomas Conley and Marchmont Schwartz of Last Year's Champion Football Team Guests of Honor With "Rabbit" Maranville at Annual Dinner of the Knights of Columbus.

BISHOP MAKES SPIRITED DEFENSE OF NOTRE DAME'S SCHOLASTIC RECORD

One thousand and five hundred men, women and children were present at the annual dinner of the Fathers and Sons of Rochester Council, Knights of Columbus, held in the big auditorium of the Columbus Civic Center on Monday evening this week. Of these, 1066 fathers and sons sat down to dinner—the greatest dinner of the kind ever held in Rochester. The event was featured by the presence of Thomas Conley, Captain, and Marchmont Schwartz, fullback of the great championship football team of Notre Dame last year; by the presence of "Rabbit" Maranville, Captain of the Boston Braves, and by a spirited defense of Notre Dame's scholastic record by the Rt. Rev. John Francis O'Hern, D.D., Bishop of Rochester, against "cowardly whispering attacks" inspired by jealousy because of Notre Dame's supremacy in the athletic world.

Has Brains and Brawn

"Notre Dame stands before the world ready to meet any challenge in either brain or brawn, or both", declared Bishop O'Hern, who was given a great ovation when he arose to speak.

The great auditorium presented a marvelous sight when the guests of honor appeared shortly before 6 o'clock. Jammed to capacity on the ground floor, with many girls and women in the balcony, and with an overflow crowd of more than 100 who had to go to the main dining room in the building for their dinner, Messrs. Conley, Schwartz and Maranville were amazed by the warmth and spontaneous spirit of the reception accorded them.

At Speakers' Table

At the speakers' table, beautifully decorated with flowers, were the Rt. Rev. John Francis O'Hern, D.D., Bishop of Rochester; Grand Knight John A. Doyle of the Rochester Knights of Columbus; Joseph P. Flynn, chairman of the dinner; Timothy O'Donnell of Albion, District Deputy of the K. of C. for this district; Lawrence Hanley of New York, Supreme Agent of the Knights of Columbus, who made a special trip to Rochester for the dinner; Messrs. Conley, Schwartz and Maranville; Rev. J. M. J. Mathis, superior of Holy Cross Fathers Mission Society; Thomas Ashe, manager of minor sports at Notre Dame; Coach William E. McCarthy, Niagara University; District Attorney William F. Love; Rev. Arthur A. Hughes, Chaplain of the Fourth Degree, K. of C.; John Dorschel and Walter Murphy, Rochester boys at Notre Dame; Dr. Walter B. O'Neill, who had charge of the tickets for the banquet; R. Frank Quinn, head of the Fourth Degree Assembly, K. of C.

Many Orphans There

Facing the speakers' table were two special tables for orphan boys from St. Joseph's and St. Mary's Orphan Asylums. The boys from St. Mary's were in charge of Patrick A. Dwyer, and from St. Joseph's, of William J. Hauser. "Pat" and "Bill" were two of the busiest men in the hall all evening, looking after the care, comfort, and good time of their wards. The joy of these youngsters, expanding with a splendid dinner topped by ice cream, reached a heavenly stage when "Rabbit" Maranville presented them with autographed baseballs for the coming season. Their joy increased a little later to almost explosive ecstacy when Messrs. Conley and Schwartz presented them with autographed footballs for future use.

"Gee, I wish I was an orphan!" many another boy exclaimed that night.

New Episcopal Bishop Says the World Is Swinging Back to the Catholic Faith

Head of Episcopal Diocese in Chicago Tells His People That Protestanism is Threatened With Complete Bankruptcy.

Chicago, Feb. 6.—The Rt. Rev. George Craig Stewart, D.D., installed in St. James Cathedral here on Tuesday as Episcopal Bishop of the Chicago Diocese, startled the capacity congregation present at his installation by declaring that "Protestantism is threatened with complete bankruptcy," and that the "whole Christian world is swinging back to the center of the Catholic Faith and order and worship."

"Protestantism was wavered in the unshaken verities of a moral universe," he said in his charge of the 94th convention of the diocese. "The religious order is emerging from a chaos of wild speculation and unbridled license. Modern science is italicizing the sanity and solidity of the great religious convictions of the race."

In addressing the clergy, he said: "You are supposed to have the learning of a scholar, the logic of a lawyer, the peripatetic energy of a family doctor, the exquisiteness of an artist, the wizardy of a financier, the popularity of a Rotarian and the sanctity of a saint—all for the salary of an apartment house janitor."

Rev. Duncan H. Browne, dean of St. James' Cathedral here, installed the new bishop. He succeeded the late Bishop S. M. Griswold.

Horse Went Home Seventeen Miles From Irish Fair

Ballybay, Irish Free State, Feb. 6.—An Irish David Harum, this is about. He bought a horse at a fair. He couldn't find the owner to pay him. So he turned the animal loose, reckoning on a trek home. The dope was straight. The dealer followed the horse in an automobile 17 miles. Then the seller was so impressed that he refused to go through with the deal.

"Divil Mend Them" Is Not Popular In Ireland Now

It Used to Be Said for England, but Times Have Changed, Irish Minister of Finance Says.

Dublin, Feb. 6.—Ernest Blythe, Minister of Finance, addressing the annual dinner of the Society of Incorporated Accountants of Ireland, said that the Free State is being affected by Great Britain's present economic crisis.

"But one time," Mr. Blythe continued, "we would have said on hearing of our neighbor's difficulties: 'Divil mend them.' That form of prayer is no longer good business. But if we had no sentimental feeling for the English in their difficulties, we can at least have a business feeling for them, for if things go well across the channel the prices of our farm products tend to improve, and on that basis we wish the greatest prosperity to Britain and Northern Ireland included."

The speech aroused considerable comment, especially since the dinner was presided over by the distinguished Belfaster, Robert Bell, who paid high tribute to the Free State.

Joseph Sheehan, Twelve Years Old, Makes Solo Flight

NEW YORK. — Whether Joseph Sheehan, jr., becomes another Lindbergh, a Byrd, or a Rickenbacker concerns him not at all just now. At the age of twelve he has made his first solo flight at Roosevelt Field. His friends claim he is the youngest aviator in the country. He made the flight in a biplane and skillfully avoided the "pancake" landing that is so common among aviation beginners. His size was his only handicap, friends being required to give him a boost that landed him in the cockpit.

Firemen from Quebec, with no water supply, fought the flames with chemical extinguishers, but only managed to save most of the ornaments and fittings of the church.

Will Broadcast Pope's Talk to United States From Vatican Station

National and Columbia Broadcasting Stations of America Announce Completion of Arrangements for Radio Talk by Supreme Pontiff on February Twelfth —Marconi Also Will Speak

FINEST RADIO SYSTEM IN THE WORLD INSTALLED AT THE VATICAN BY MARCONI

New York, Feb. 6.—For the first time in the history of the world the voice of the Supreme Pontiff will be heard over the Radio on Thursday, February 12th, the ninth anniversary of the coronation of Pope Pius XI. The National Broadcasting Company and the Columbia Broadcasting System of America announced that they have completed plans for the broadcasting of the Pope's voice, and an attendant program that will include Guglielmo Marconi, inventor of the wireless, who recently completed the installation of the most powerful Radio station in the world at the Vatican, and through which system the Pope's talk will be broadcast.

A Two-hour Program

The two American radio companies with their three chains of stations, will put the program, including the voice of Pope Pius XI, on the air at about noon. M. H. Aylesworth, president of NBC, said that appropriate music, as well as the two-hour ceremony marking the ninth anniversary of the Pope's coronation, would be broadcast.

"We have been conducting tests for the last three weeks with the Vatican City station, HVJ," Aylesworth said, "and have made every arrangement possible to insure perfect reception. The program will be broadcast from Vatican City on short waves and picked up here for rebroadcast on the Red and Blue networks. From the coast they will be re-broadcast to the Orient."

Legislature of Alabama Says Tom Heflin Has Made The State a Laughing Stock

Adopts Resolution Condemning Him For Charging That His Defeat Was Brought About by Dishonest Political Methods.

Montgomery, Ala., Feb. 6.—The lower house of the legislature of Alabama, by a vote of 91 to 3, adopted a resolution this week in severe condemnation of U. S. Senator J. Thomas Heflin because he has charged that his defeat for re-election was brought about by crooked and dishonest methods. The resolution declared that he has made the State the laughing stock of the United States by his bigotry and lack of religious tolerance, and accuses him of "very poor sportsmanship" in being unwilling to admit like a man that he was defeated in a fair election.

What It Says

Representative Coates of Clark County introduced the resolution, which said in part:

"No man in Alabama during the last quarter of a century has received greater gifts within the range of the electorate of this State than has J. Thomas Heflin.

"The said J. Thomas Heflin has during the greater part of his tenure of office as United States Senator made Alabama the laughing stock of the Union by his bigotry, lack of religious tolerance and the lack of many of the courtesies expected between one gentleman and another."

Sent to Washington

The resolution was sent to Senator Black in Washington with the request that he read it into the Congressional Record.

Announcement of the vote brought ringing applause from the crowded galleries and from members of the House.

On the day the resolution was adopted Senator Heflin was making futile efforts to have the U. S. Senate authorize the Nye Committee to take possession of the ballot boxes of the Alabama Senatorial election.

Senators Moss and Couzens insisted that the Privileges and Elections Committee should handle the Heflin-Bankhead contested election case.

A Square Election

Senator Black of Alabama submitted a number of telegrams to show that the ballot boxes were opened in the presence of all interested parties, including the agents of Senator Heflin. He opposed "the Federal Government going into Alabama to say who can and who cannot vote."

In a tilt between Senators Black and Heflin, the former said:

"If I had been defeated in 57 counties, I would not be able to think that there are so many crooks and thieves in Alabama."

Senator Heflin's term expires next March, when he will retire from public life.
