Card'l Mundelein Lauds Progress Of Catholic Press In United States

His Eminence Declares Editors and Publishers of Catholic Publications Constitute 'Distinct Department of the Church'; Praises Aims of Journalists

(Special Correspondence, N. C. W. C. News Service)

Mundelein, Ill.—The Catholic Press of the United States is on the right track today and is steadily making progress. His Eminence George Cardinal Mundelein, Archbishop of Chicago, assured delegates to the 1933 convention of the Catholic Press Association in the United States, in a personally delivered message here.

His Eminence declared the Catholic Press to be a "distinct department" of the Church, praised its worth, gave the editors and publishers valuable counsel for their work and bade them to be of good cheer and not to be discouraged by the problems confronting them.

His Eminence had refused some 30 other invitations to speak to conventions in Chicago, but accepted that of the Catholic editors because, he said, of the importance of their gathering. His address climaxed the three-day convention. It was given at beautiful St. Mary of the Lake Seminary here, an institution which the Cardinal himself created and which is today one of the outstanding seminaries of the world. The delegates had been brought to its spacious grounds by bus and were guests of the Rt. Rev. Msgr. J. Gerald Kealy, the rector, who personally conducted them through its many structures.

Cardinal's Address

His Eminence said

"There were some thirty conventions coming to this city to which I was asked to personally say a word of welcome. The only invitation I did accept was one to welcome the Catholic Press Association. I do so because I consider the Catholic Press as a distinct department of the Church. It has a two-fold connection in this regard. It belongs to the

DELAY CHURCH RESUMPTION IN VERA CRUZ

Government Unfavorable To Turning Over Churches Now To Parishioners

By CHARLES BETICO
(Mexico City Correspondent, N. C. W. C. News Service)

Mexico City.—Catholic services have not yet been resumed in the State of Vera Cruz because the local government is still not favorably disposed to turning over the churches to the boards of parishioners so that the 13 priests appointed by the Bishops of that State may officiate there.

El Nacional, organ of the National Revolutionary Party, has published an article under the heading "Religion and the Law," which attempts to prove that the law limiting and regulating cults, as promulgated in the State of Vera Cruz, does not attack freedom of conscience and tends to advance the national welfare, and that in submitting to the law and soliciting the renewal of Catholic worship, the Bishops of the State of Vera Cruz recognize the fact. The paper disregards the Bishops' declaration that they were submitting to the law "in order to avoid greater evils, as other Prelates of the different dioceses of the Republic have done."

At Puebla, capital of the State of Puebla, a committee representing the Association of Fathers of Families has called upon the Governor to

JOHN M. TRACY LAUDED FOR AID GIVEN DIOCESE

Father Duffy Praises Public School Buildings Head On Retirement

The resignation of John M. Tracy, 468 Flint Street, registered architect and licensed professional engineer as superintendent of public school buildings on July 1 has been followed by commendation not only of his 20 years service as superintendent, but also of his wholehearted co-operation with the late Bishop O'Hern in the diocesan building program.

A statement, issued this week by the Rev. John M. Duffy, diocesan director of Catholic Education, brings forth the information that Mr. Tracy in an advisory capacity and in his spare time aided greatly the solving of building problems of the diocese. Father Duffy's statement is as follows:

Advice Invaluable

"Four years ago the late Bishop O'Hern organized a diocesan building committee, composed of priests and laymen, to assist him in solving various problems in a building program which he was about to undertake. The layman, whose name first came to the Bishop's mind, was John M. Tracy, Superintendent of Buildings for the Board of Education of Rochester. Mr. Tracy's splendid record of service in that position recommended him as the man whom the Bishop needed. By a resolution of the Board of Education, Mr. Tracy was granted

New York. — The consecration of the Most Rev. James Anthony Walsh, Superior General and co-founder of the Catholic Foreign Mission Society of America, Maryknoll, N. Y., as a Titular Bishop in Rome, Thursday, June 29, took place exactly 21 years after the Maryknoll founders obtained from the Sacred Congregation of Propaganda the authorization to begin their projected society.

The consecration ceremony took place in the chapel of the new College of the Sacred Congregation of Propaganda, which is situated near St. Peter's on the Janiculum. The music was supplied by the students of the college, seminarians from Asia, Africa, Oceania, and practically every mission land on the globe. Among these seminarians was one soon to be ordained to the priesthood for a Maryknoll mission field of South China. He represented at the consecration some two hundred native seminarians whom the Maryknoll Society is training for the Catholic priesthood in China and Korea.

The consecrator of the Maryknoll Superior General was His Eminence Pietro Cardinal Fumasoni-Biondi, Prefect of the Sacred Congregation of Propaganda, who until recently was Apostolic Delegate to the United States. He was assisted by the Most Rev. John T. McNicholas, O.P., Archbishop of Cincinnati, and the Most Rev. John J. Dunn, Auxiliary Bishop of New York.

Among those present at the consecration were the Most Rev. Urban J. Vehr, Bishop of Denver; the Rt. Rev. Msgr. Thomas S. Duggan, Vicar General of Hartford, Conn., and for many years Editor of The Catholic Transcript; the Very Rev. Msgr. William E. Cashin, rector of St. Andrew's, New York City; and the Very Rev. Joseph Bruneau, S.S., President of the House of Philosophy of St. Mary's Seminary, Baltimore.

Priests of the Maryknoll Society from its House of Studies in Rome also attended the ceremony. The new Bishop's own family was represented by his brother, Timothy Walsh, Boston, a member of the firm of Maginnis and Walsh, well-known ecclesiastical architects. Charles D. Maginnis, F.A.I.A., was also present.

Bishop Walsh plans to return to Maryknoll headquarters near Ossining, New York, in time to preside, on July 30, at a departure ceremony for fifteen new missioners assigned to South China, Manchuria, Korea, Japan, and Manila.

Dr. Shaughnessy will succeed to the See left vacant by the death of the Most Rev. Edward John O'Dea on December 25, 1932.

Bishop-elect Shaughnessy was born at Everett, Mass., May 18, 1887, the son of Joseph and Margaret (Colwell) Shaughnessy. He attended school in Boston and Plymouth, Mass., and was graduated from the Plymouth High School in 1904. In September of the same year he became a member of the faculty of Marist College, at the same time pursuing higher studies at the Catholic University from which he received the degree S.T.L. in 1926, and the degree S.T.D. in 1928.

California Catholic Leaders Will Carry On Private School Tax Fight

By D. D. FOSTER
(San Francisco Correspondent, N.C.W.C. News Service)

San Francisco.—The fight for justice for the private non-profit schools California through elimination of the State taxes now assessed against them will be continued until it succeeds, it was announced in a statement just issued by Carl A. Henry, president of the Private Non-Profit School Association. The proposition was defeated at the State elections last Tuesday.

California, the only State in the Union which taxes such institutions, requires the private non-profit schools to pay a levy of $350,000 annually, although their operation saves the State $12,000,000 yearly that would have to be expended on the children and a capital outlay of $20,000,000 that would be necessary for additional school buildings.

With complete returns from all but 423 of the State's 9,347 voting precincts the count on the proposed Constitutional Amendment No. 4, which would have abolished the tax, was: Yes, 497,906; No, 712,756. This was an improvement over the attempt in 1924 to win tax relief for the private non-profit high schools accredited to the University of California. At that time the vote was: Yes, 242,128; No, 614,659.
