Offer 'Living Rosary' For Parish Servicemen

As a fitting close for the month of the Rosary, the pupils of St. Patrick's School will present the beautiful ceremony of the "Living Rosary" next Sunday evening at 7:30 p. m.

This service will be held in connection with the Miraculous Medal Novena conducted each Sunday evening for those of the parish in the service of our country.

Tiny boys will form the cross of the Rosary, boys carrying the name of the mystery will answer to the Our Father while girls answer to the Hail Mary as they offer the candle they carry to be burned for someone they specify who is at war.

Following the Rosary the children will recite the Act of Consecration. Girls dressed as Wac's and Waves who will carry the service flag, will pledge allegiance to the flag of our country and then will follow the "Salute to the Crucifix".

After the children outside the Sanctuary sing a hymn asking the Queen of the Rosary to help our heroic men and women they will take their places while the Priest in Benediction says a blessing on all those present.

'I'll Get By—'

There are individuals of outstanding intellect and ability, who are able to "get by" without much effort, but God will not give them a passing mark for just "getting by"! God will want to know why they have not used all the faculties of intellect and personality to do the great things He intended they should do. When you observe talented, forceful people wasting their time and opportunities like "sweetness on the desert air," you feel sad and depressed that so much power for good is lost. There are too many smug and contented "cows" among human beings.

The pleasantest things in the world are pleasant thoughts, and the great art of life is to have as many of them as possible.

Denounces Red Attack On Catholics in Italy

VATICAN CITY — Il Popolo, Italian newspaper published in Rome, denounces acts of aggression and violence committed by communists against Catholics, commenting on reports from both the northern and the southern parts of liberated Italy. The paper insists on the need of restraining these attacks.

In Pisa, it says, the Most Rev. Gabriele Vettori, Bishop of Pisa, was the sole authority during 70 days of military operations and provided refuge in the Cathedral and relief for the few thousands of inhabitants remaining in the city.

The City Council, Il Popolo continues, following liberation of Pisa, extended a vote of thanks to the Bishop for his efforts to aid the populace during the fighting, but the communist mayor omitted to note this resolution of thanks in his public declaration to the people.

The paper notes that about half the administrative units in Pisa province are in the hands of communist mayors, with the city halls becoming seats of the communist party and official appointees being given by party members.
