Priest Urges Brotherly Love To Fight Isms

Geneva — The need of brotherly love to combat totalitarian states that seek to enslave free peoples was stressed by Rev. John A. Reddington, St. Francis de Sales Church, in a Thanksgiving Day address, before Geneva Kiwanis Club.

Lauding the real spirit of brotherly love in Geneva, he declared that he did not believe that men could be merely tolerant with truth.

Even though men hate falsity and love truth to progress toward God's ideas, there is no excuse for hating other men, he declared. "We hate Communism, but we love Communists," he declared. He also said that the daily work of scientists to find the law behind the universe would be of no value if truth were changing.

THE HUMBLE MAN realizes, he said, that as he achieves truth he finds God's ideas of how men should live in relation to Him and to each other.

Ignorance lies behind hate, Father Reddington said, because it is easy for us to hate what we do not understand.

To oppose totalitarianism now, he said, we need loyalty to each other, cooperation in a common cause, and the light of God.

He called on club members and guests to join with him for brotherly love, and declared that this is not a time for bigotry and hate.

Father Reddington was introduced by John F. Gleason, co-chairman of the day with Mark Hedder.

Rev. Henry W. Fabel, pastor of the First Baptist Church, read the invocation and Rev. Raymond P. Nolan of St. Stephen's Church pronounced the benediction.

A. M. Learned led community singing of "America the Beautiful," "Kiwanis," and "Praise God from Whom All Blessings Flow." Henry Rolin accompanied on the piano.

Mass Celebrated On Remote Island

Honolulu (NC) —Ten Catholics on Palmyra Island, who had not seen a priest since the U. S. Army withdrew from that remote outpost, were able to attend Mass when a Maryknoll missionary from Salt Lake City made a special flight to the mid-Pacific island from Hawaii.

Rev. Lawrence Vaughn, who is stationed in Hawaii, was flown to Palmyra and the Canton Island by the Civil Aeronautics Administration. On Canton he said Mass for the 40 Catholics he found among the 85 Gilbertese and Ellice natives.

U. S. Population Up Ten Percent

Washington— (NC) —The population of the United States stood at 144,708,000 on Oct. 1, 1947, according to an estimate made public by the U. S. Bureau of the Census. This represented an increase of more than 13,000,000 persons, or nearly 10 per cent, over the population total at the time of the last census, April 1, 1940. The population showed an increase of less than 9,000,000 persons, or 7.2 per cent between 1930 and 1940.

At the same time, the United States Office of Education said there were 2,338,226 students enrolled in colleges and universities of the country. This figure, it was said, was based upon replies from 1,732 institutions of learning out of 1,753 queried, and was regarded as the most complete early college student tabulation ever made.

Nine schools reported total enrollments of 20,000 students or more, with New York University and the University of California (all campuses) heading the list with 46,000 and 43,000, respectively. This year's record-breaking enrollment represented an increase of 12.5 per cent over a year ago.
