On reaching their destination they announced their intention of spending the evening with Miss M. McCaffrey. That young lady was taken completely by surprise and scarce knew what to say. Nevertheless, she managed to greet her guests and invite them to make themselves completely at home. As they intended doing just this anyway, they readily acquiesced and proceeded to enjoy themselves in various ways until a late hour. A most delightful evening was spent by all.

Rob Roy Cough Drops are the best.

About fifty friends of the Misses Gaffney assembled at their residence, 160 Alexander street, Tuesday evening. The house was cleared of all superfluous furniture and placed in order for dancing, for which excellent music was furnished. One particularly delightful feature of the evening was the presence of several of the older people, who made themselves thoroughly at home and apparently had as pleasant a time as their juniors. Those who were unable or had a disinclination to join in the merry whirl of the dance, played euchre or watched the dancers. About midnight an appetizing lunch was served; during the intermission thus afforded, the guests were delighted by an exquisite vocal solo by Miss Lottie Gaffney and violin playing by Master Charles Gaffney. Every one was sorry when the hour came to disperse.

Sworn Statements of Mr. Chas. Brown. "Drs. Clark & Freeman have made a new man of me," said Mr. Chas. Brown of 202 Clifford street, "and I think they are the best physicians in their line of practice in this city."

The above remark was made in answer to a question asked Mr. Brown by a reporter who called upon him at his home, No. 202-Clifford street. "I suffered for a long time," continued Mr. Brown but I did not know what my trouble was. All the medicine I took did me no good. In fact, my friends began to tell my people that I never would get well. I had severe pains in my chest and my breath was very short; my appetite was very poor and I had to be very careful what I did eat; after meals my stomach would feel bloated and I belched much gas; I lost flesh and became so miserable I began to give up hope, for I could see how fast I was failing; in fact I thought I had consumption and must die. My throat felt raw and was always choked up with phlegm, which was very foul; I became weak, restless, and could not sleep. It was at this time that my attention was called to Drs. Clark & Freeman of the Medical Institute, 105 Franklin street. I called upon the doctors, and after a careful examination they said I was suffering from catarrh of the head, lungs and stomach. They gave such a correct history of and described my case so thoroughly that I decided to place myself under their care; and it was fortunate for me that I did so. In a short time I noticed an improvement. My cough left me and I gained rapidly in strength, and to-day I am a well man, and ask the public to call on me and see for themselves. Drs. Clark & Freeman have for years made diseases like mine a specialty, and I know from experience that they can treat and do treat all such cases with a certainty of success."
