Of vital importance to ladies Cured after Twenty Years of Intense Suffering. Ladies frequently suffer for years, believing that their trouble cannot be relieved and that their diseases are incurable. We have made a LIFETIME study of all the diseases peculiar to women, and we are acquainted with the cause of success unknown to physicians generally. Below we publish a statement of a grateful patient, Mrs. Elizabeth Schick, of LeRoy, N. Y., and we would advise any ladies afflicted with any of the various forms of "Female Diseases" to call on her. She was probably worse than you are. We cured her and we can cure you. Her statement: "From girlhood I had suffered the most excruciating agony a feverish monthly period, being usually confined to bed two or three days each time. Although I had been treated by many physicians at different times the suffering steadily increased, until my health became very poor all the time. I had severe pains in the back and loins and in the lower part of the body, running down the limbs. My head ached nearly all the time, sometimes the whole head, but often the top and back of the head; my stomach was constantly deranged, I had no appetite and what I did eat was not properly digested. Immense quantities of gas formed in my stomach and bowels and I was frequently sick. The bowels were always irregular, sometimes they were extremely constipated, and then I would have spells of diarrhoea. I was weak, nervous, and despondent, and often had no desire to live. In this condition I called not quite four months ago to Drs. Clark and Freeman, of Rochester, sorely hoping for relief. They gave me a prescription of Filkins Bros. Remedies, which I took for a few days, and I felt a new life in me. I am now 35 years old, and for the first time in twenty years I have passed two months absolutely free from suffering. My digestion is completely restored to a healthy condition, and I feel well in every respect. I will take pleasure in telling ladies who may call on me of my wonderful restoration to good health." MRS. ELIZABETH SCHICK. Dr. Freeman, president of the Polytechnic Medical Institute, 107 Franklin street, in his personal attendance and may be consulted by all those who suffer from Catarrh, Rheumatism, Bronchitis, Asthma, Headache, Neuralgia, Sciatica, Gout, Gravel, Dropsy, Piles, Hemorrhoids, and all other diseases.
