Will soon commence its Second Year. It is devoted to the interests of the Catholics of this diocese, and should receive liberal support. It gives the Home Catholic News at greater length than any other paper. It is the only Catholic paper printed in English in this diocese, and should be given the preference over other papers. It Should Be in Every Catholic Home in the Diocese

The low price at which the JOURNAL is offered places it within the reach of all. Surely, but few families will find it impossible to contribute *Two Cents a Week* toward the support of their diocesan journal. A Catholic paper in a diocese is a necessity. It is the intention of the proprietors of the CATHOLIC JOURNAL to make it equal to the papers published elsewhere. The subscription price is only

### THE CORNER STONE LAID

Bishop McQuaid Officiates at St. Michael's Church, Lyons.

(Special to the JOURNAL.)

LYONS, Sept. 21.—Yesterday was a great day for St. Michael's congregation. The corner stone of the new church edifice was laid, at 4 P. M., by Bishop McQuaid, in the presence of about 2,000 people. Many of these were from Clyde, Palmyra and Newark, who came a considerable distance to be present. At the hour appointed the Bishop, attended by Rev. D. W. Kavanagh, of Lyons, Very Rev. W. A. McDonald, dean of Geneva, Rev. Dr. E. J. Hanna, of Rochester, Revs. J. J. Gleeson, of Clyde, William Casey, of Palmyra, J. F. Nelligan, of Phelps, William Payne, of Geneva, and six acolytes, marched in procession around the church, chanting the customary office. Arriving at the southwest corner the Bishop blessed the stone, after which it was placed in position. Into it had been put a leaden box containing a history of the Catholic Church, copies of the CATHOLIC JOURNAL, representative Catholic papers, village papers, coins, relics, etc.

Afterward the Bishop addressed the assemblage. He sketched the rapid progress of the Catholic church in this county and alluded to the friendly manner in which Catholics were now regarded, in marked contrast to the bigotry of his younger days. He said Catholics were always good citizens and that the Catholic Church was a great bulwark of American liberty. He congratulated the people of Lyons and especially the Catholics upon the auspicious commencement of their new building. At the close of his remarks the bishop imparted to the audience his episcopal blessing.

The plans for the new church were drawn by W. Foster Kelly, of this city. It will be a handsome structure of Gothic architecture with a frontage of 62 feet and depth of 120 feet. The material will be of brick with Ohio stone trimmings and slate roof. The whole edifice will be surmounted by a beautiful steeple climbing heavenward, 125 feet, on the right, and a round tower on the left. On the corners will be crosses of galvanized iron. Over the main entrance is a niche for a statue of St. Michael, which will be placed in position afterward. The windows will be of cathedral stained glass. In the tower is a place for a bell. The main entrance will be by a pretty vestibule; under the high tower is a side entrance; while the entrance to the choir gallery is under the round tower. There will be two vestues, one on each side the high altar, which will be in the center with a space on each side for side altars or statues. The seating capacity is estimated at 1,500 and the cost at from \$15,000 to \$20,000.
