

OUR CITY PARISHES.

NOTES JOTTED DOWN BY THE JOURNAL'S REPORTERS.

CATHEDRAL.
The mission held at the Cathedral for the past two weeks by the Redemptorist Fathers has been very well attended. Last week nearly 2,600 women approached the Sacraments.

Messrs. James J. Gibbons, James K. Kennedy John Bresinham and Mr. J. Maley, of St. Joseph's Seminary, Troy, have been spending a few days' vacation with friends in Rochester.

Last Monday the residence of the Misses Mary and Frances Enright, on Lake avenue, was completely destroyed by fire. The loss is estimated at \$15,000 and is covered by insurance. Chief Bemish thinks the fire was caused by an overheated furnace.

ST. MICHAEL'S.

Rev. Father Pascual, rector of St. Michael's, is preaching a series of sermons during the Lenten season—one each Wednesday evening—on "Maturity." Rev. Father Regenbogen will preach the Sunday sermons during Lent.

The members of Branch 34, C. M. B. A., received Holy Communion in a body last Sunday at 8 o'clock at St. Michael's church. High Mass was celebrated by the rector, Father Pascual. A large number participated, but few being absent.

SS. PETER AND PAUL'S.

The Palace bowling club was again defeated by Y. M. C. C. team on the latter's alleys last Tuesday evening.

The Masses Sunday, March 5, will be as follows: 6:30, 8:30 (High Mass) and 11 o'clock.

The St. Francis Xavier Society, with the Knights of SS. Peter and Paul acting as escort, will celebrate in elaborate manner the twenty-fifth anniversary of its organization and the members will turn out in a body to receive Holy Communion Sunday at 8:30 o'clock Mass. Dr. Sinclair will be celebrant and will be assisted by several other priests. The church will be handsomely decorated for the occasion.

This prosperous benevolent society was organized in 1868, and during the 25 years of its existence has had 700 members on its rolls. It has now the largest membership and is the most successful society of its kind in the city. Rudolph Vay was the first president and Peter Wolf is now acting in that capacity. There has been paid out to the families of 64 deceased members \$24,700; to members for sick benefits, \$31,000; \$1,100 for other charitable purposes, and \$7,000 for officers' salaries, rent, furniture, regalia, etc. There is now a surplus of \$5,288.83 in the treasury.

Deaths and Funerals.

Mary, daughter of John and Ellen Mitchell, died Monday at 41 Kirk St., aged 18 years. Wednesday morning Mr. Mitchell went to his room to prepare for the funeral of his daughter. Mrs. Mitchell heard him groaning and immediately sent for a doctor, but before his arrival Mr. Mitchell was dead. The double funeral was held Friday morning from St. Bridget's church. Mr. Mitchell was an industrious Scotch Catholic, and by occupation an engineer. May father and daughter rest in peace.

Amusements.

ACADEMY.

"The Indian Mail Carrier" is the rather attractive title of a sensational play which is down for the first three nights at the Academy next week. Novelty is given the play by the appearance of a full-blooded Indian, who adheres to her aboriginal name of Go-Won-Go Mohawk, and shows her native characteristics as part of the acted story.

Bright, new and pleasing songs, supplemented by catchy dances are among a few of the new features introduced in the comedy novelty, "Ole Olson" this season. A cast of unusual excellence has also been engaged to bring out the pleasing pictures of this exceedingly clever production. Ben. Hendricks has been retained, as has Miss St. George Hussey, the eccentric Irish character woman; they will be ably assisted by the National Swedish Lady quartette from Stockholm, and by Miss Lottie Williams, formerly of the comedy drama, "New York Day by Day." "Ole Olson" will be presented at the Academy the last three nights of next week. Matinees Thurs. and Sat.

MUSEE THEATRE.

For the coming week: Imperial Novelty Co. presents an entertainment that will be almost an entire change from preceding performances. The great attractions are the eccentric comedians Dilks and Harris, in a rich novelty; Smith Bros. in gladiatorial specialties; McRobie and Evans in a laughable comedy sketch; David and Belzac, eccentric knockabout artists; A. O. Babel, the original Texan Cowboy pianist. Mattie Babel, the champion lady cornetist; she uses a cornet presented her by an ex-governor of Texas, which is made of gold weighs 496 pennyweights, and cost \$3,300. Adele Stuart, refined balladist, will also delight the audiences at the Musee. The lecture hall will contain splendid novelties calculated to amuse and instruct. In the Art Gallery several new and beautiful groups have been added.

USE DANA'S SARSAPARILLA. "THE KIND THAT CURES."

The beautiful monumental work made by the Field & Alden Granite Works, 224 Mt. Hope Ave., rightly conveys the sentiments of the well-known headlines quoted. During February and March, they make a discount of fully 15 per cent. in prices. This fact is suggestive to those who are meditating the purchase of a family monument. No establishment in their line turns out more substantial work. Original designs are furnished by their own artists.

WILLIAM W. BARNARD.

For Member of the Executive Board—A Worthy Candidate.

During the next two or three years the taxpayers of Rochester will have great need of the services of able, intelligent and honest men in the Executive Board, as several public improvements, involving many thousands of dollars, will be commenced and pushed to completion within that period. The new water conduit to Hemlock lake, the various trunk sewers, river bridges and other matters of public convenience and necessity will be directly superintended by the members of the Executive Board. With capable men in this position, the city will be able to have these expensive and much needed improvements finished with the greatest rapidity commensurate with thorough workmanship and stability and at the least expense to the city. There will be greater opportunities for political dishonesty, and only men of tried probity should be put in nomination for such an important post.

Mr. Barnard is a man in the prime of life, with mature judgment and keen perception. He can be trusted to look out for the interests of the taxpayers with intelligence and fidelity. His record during the term which is about to expire has been creditable both to himself and the city. If those who believe in returning competent and experienced men in office vote solidly for Mr. Barnard, there will be no question but what his majority will be a heavy one. As a Democrat Mr. Barnard has been always to the front, and his services have been always valuable. There has been no treachery, no deceit, no shirking but an honest, manly and hearty support of the candidates of his party. Many Republicans have already signified their intention to vote for Mr. Barnard, and although the majority lies with his opponent, if the Democrats are faithful to their ticket the next member of the Executive Board will be William W. Barnard. As a business man and citizen his record is above reproach. A lifelong resident of the city he understands its needs thoroughly, and his experience in the board will be a benefit to the city at large. Mr. Barnard is now the only Democratic member of the board. It is not always wise to give entire control of this important branch of the city government to one party. The power should be as evenly divided as may be, and Mr. Barnard's election would act as a check upon political excesses and hasty measures.

BEST AND ABLEST.

George A. Benton, Republican Candidate for Judge of the Municipal Court.

George A. Benton, the Republican nominee for Judge of the Municipal Court, needs no introduction to the citizens of Rochester. He has been in the active practice of his profession here since 1874. His discharge of the duties of the office of district attorney of this county for six years, during which some of the most important criminal cases ever tried here were successfully conducted by him without a dollar's expense to the taxpayers for counsel, won for him the confidence and respect of this community. While he is thoroughly a Republican, because he believes in the principles and policies of that party, the public may be assured that in the discharge of official duty all will be treated with equal consideration and respect. His past official life is his best pledge for the future. The Municipal Court is the people's court. It deals with the every day business of our citizens; it has jurisdiction to \$1,000.00, and the aggregate of its business exceeds that of any court in the county. The need of ability and experience in the determination of personal rights and property interests, in the aggregate very large, cannot be overestimated. In the election of Mr. Benton the people will be sure of a painstaking judge who will use his best endeavors to administer justice faithfully and impartially. As evidence of the estimation in which he is held, we quote the following from the Rochester Review:

"For Judge of the Municipal Court the Republican party has put in nomination its best and ablest man: Major George A. Benton, our late District Attorney, has been induced to accept the nomination, and he ought to be elected by an overwhelming majority."

DR. JAMES F. CROWLEY.

For School Commissioner of the Fourth Ward.

Dr. James F. Crowley was born in LeRoy, Nov. 8, 1859. In 1883 he removed to this city from Seneca Falls, where he had enjoyed a large practice. In 1889 he was appointed city physician and served the city faithfully in that capacity. Dr. Crowley is a member of the Monroe County Medical society and a Chancellor and medical examiner of the C. M. B. A. In the latter capacity he has given excellent satisfaction, and has three branches in his charge.

USE DANA'S SARSAPARILLA. "THE KIND THAT CURES."

CHARLES B. ERNST.

His Claims for Consideration from the Voters of Rochester.

The canvas of Mr. Ernst's friends is progressing splendidly. The voters of the city seem to realize his fitness for the office to which he aspires. His personal popularity will cause him to draw many votes from the opposite party. It may be well to repeat here what was said in these columns of Mr. Ernst last week, regarding the qualities which entitle him to support:

If a change is to be made in the office of Police Justice at the coming election—and it is the opinion of citizens of both parties that such a change is advisable—no better man for the position can be found than the Democratic candidate—gentle, wholesome Charles Ernst. Everyone likes him; and should he not be liked? Mr. Ernst's character is formed on a broad basis. He is nothing narrow or small in his make-up. He is intelligent; his naturally bright mind has been cultivated by a good education; his wits have been sharpened by contact with men of all classes. He is merciful, large-hearted, and in the capacity of judge would inflict no unwarranted penalties. Gentle, good-natured man, though he be, it is a great mistake to imagine him lacking in firmness. When duty demands it, Charles B. Ernst can be as immovable as a rock; he can neither be bullied, cajoled or flattered into deserting a principle which he believes is right. His retention of the office of City Attorney a few years ago, despite the threats of his opponents, is a good illustration of that firmness in his make-up. Justice, firmness and mercy are indispensable qualities in a judge. Such qualities Charles B. Ernst possesses in happy combination. His election will be a public benefit.

MARTIN BARRON.

An Excellent Nomination for Alderman of the Fourth Ward.

The Democrats of the Fourth Ward have placed in nomination for alderman a man of sterling worth and a man who has always commanded the respect and esteem of the good citizens of that section. Martin Barron has been prominent in Rochester business circles, and during his three years' service in the Common Council made an enviable record for the faithful manner in which his duties were discharged, and for the fidelity with which he guarded the interests of his constituents. For twenty-five years Mr. Barron has been engaged in the coal business, and for sixteen years he carried on a hardware establishment. In all his business transactions he has proven himself an upright, honorable man. He commands great influence among the sensible and solid citizens of our city. Mr. Barron will make an ideal alderman.

EIGHTEENTH WARD.

Merton E. Lewis a Candidate for the Common Council.

The Republican electors of the Eighteenth Ward have shown their appreciation of the good service rendered by Alderman Merton E. Lewis and have re-nominated him. The record of Mr. Lewis in the Common Council has been marked by good sense, intelligence, and an admirable devotion to the interests of his constituents. His experience as an Alderman will make him more valuable in that capacity, and the citizens of the ward will reap the benefit of that experience. Important questions will come before the City Fathers in the near future, and it is necessary that men capable of handling them be elected. Mr. Lewis is one of Rochester's prominent attorneys, standing high in the estimation of his fellow lawyers. He is bright, energetic and capable—a worthy candidate.

DANA'S SARSAPARILLA Co.:
I am writing to testify to the efficacy of DANA'S SARSAPARILLA. For several years I have been suffering from a bad skin disease called by different names by the several Physicians who attended me, but which I have called "EATING SORES." It was a very bad case, and I was on my feet as a cripple. I was confined to my bed and had to be nursed. I was unable to walk without crutches for over ten years. Last fall I purchased three bottles of

DANA'S SARSAPARILLA

of Davis Bros. It helped me from the start. I took it regularly, and I can now attend to my household duties and walk as well as ever.

I am sure that my case is a miracle as anything that happens at the present day.

A REMARKABLE CASE.

Demonstrating that Dr. Freeman Can Cure Consumption.

Dr. Freeman does not claim to perform miracles, but by confiding himself to the treatment of a few chronic diseases he is enabled to bring his system up to such a standard of excellence that the cures where scores of other doctors have failed. The following testimonial from Miss Sarah H. Case, Auburn, N. Y., conclusively proves this fact. Her letter: "Four years ago I contracted pneumonia, the result of a severe cold, which left my lungs in an exceedingly weak condition. Two years later I was again prostrated by the grippe. My brother was also stricken with the same disease at the same time. Our cases rapidly progressed to consumption, from which my brother died in a few months. The attending physician said I also could not live. I had no appetite, and my food at stomach, had pains in shoulders, chest and fevers and night sweats, breathed with extreme difficulty, coughed almost constantly, and raised immense quantities of phlegm, yellowish purulent matter and had frequent hemorrhages upon the slightest exertion. These were my symptoms when I consulted you on November 10th last. I improved from the very first treatment, and after having been under your care only Ten Weeks, I feel like a new person. All the above symptoms have entirely disappeared, and in fact, I have gained so much in strength and flesh that a friend who had not seen me in four months did not recognize me on the street. In view of all this, I deem it a duty I owe to other sufferers to tell them in this public manner where to get cured. I feel and know that I owe my life to your medicine. My address is 16 Beach Avenue, should any one wish to know more of my case."

Dr. Freeman cures Catarrh, Dyspepsia, Rheumatism, Blood and Skin Diseases, Nervous Debility, derangement of the Liver and Kidneys, and Diseases of Women.

Office hours at the Institute from 10 a. m. to 3 p. m., and from 6 to 8 p. m. daily except Thursdays.
