BRANCH 139.

At the last meeting of Branch 139 two applicants were balloted for and one application read. The Branch desires to publicly testify to the sympathy felt by the members for Brother Patrick Sullivan, Marshal of Branch 139, in his recent bereavement—the loss of his beloved child by death.

Bro. Wm. Peasley, Financial Secretary of Branch 139, left last Saturday for a western trip. He will return in July, and during his absence will visit Chicago and other western cities. A letter from him, dated at the World's Fair city, describes the sensation of rooming in one of Chicago's fourteen-story hotels.

Two very important decisions on C. M. B. A. cases have recently been handed down by the courts. One was a case where a member had willed his beneficiary money to a different person than the one whose name appeared on the certificate. The Association paid the money to the original beneficiaries and this action has been sustained by the court. The other was the McGowan case, in which the financial secretary accepted money from the sister of a suspended member outside of regular meeting. The member died before the meeting, and it was urged that the advance assessment paid by the member really paid the assessment for which he was suspended. The court decided otherwise and upheld the Association in refusing to pay the beneficiary.

Supreme Deputy Organizer P. J. Kelly is now engaged in establishing branches of the C. M. B. A. in the State of Massachusetts. Three branches already existed in that state, No. 1 at Pittsfield, No. 2 at Lawrence, and No. 3 at Holyoke. The Supreme Deputy instituted Branch 4 at Lynn, during the last week in April, and will institute Branch 5 at Lowell in a few days. A number of other branches are under way.

Since the founding of the Catholic Knights of America in 1887 none of the meetings have been so fraught with interest as the session of the Supreme Council recently held in Chicago. The proceedings were inaugurated on Tuesday morning when high mass was celebrated in St. Francis' church in the presence of the Supreme officers and the National Delegates. Elaborate preparations had been made by local Catholics for the entertainment of the visitors, and shortly after eight o'clock sixty of the uniformed rank of the order from St. Mauritius, St. George and St. Peter Commanderies headed by a platoon of police, and the Chicago Zouave Band appeared at the State street entrance to the Palmer House, where the visiting knights were quartered. The supreme officers entered the carriages which were in waiting, and were escorted to St. Francis' church. It had been expected that Archbishop Feehan, who, as Bishop Feehan suggested the formation of the order when in Nashville, Tennessee, in 1877, would officiate, but owing to illness he was confined to his home and high mass was celebrated by Chancellor Muldoon.

So long as C. M. B. A. law stands as it is in relation to suspensions, members ought to be more careful to pay their assessments promptly. The decision in the McGowan case in the Supreme court of New York at Buffalo a week or two ago should serve as a warning that it is not safe to run the risk of suspension, a member must be in such good standing at death as to preclude the possibility of there being any unpaid arrears of assessments. It is quite clear that C. M. B. A. law in its constitution cannot be stretched to close up any gap by any irregular proceeding that would make the records appear to be all correct.—C. M. B. A. MR DANIEL ROSS, of 9 Sullivan Street

Cured of Lung and Throat Trouble by Dr. Freeman, of 105 Franklin St. A Positive Guarantee.

The Result

Of Mr. Ross' visit to Dr. Freeman's Medical Institute, 105 Franklin St., is told as follows: "For several years I noticed that I was taking cold very easily. My head was almost constantly filled up. I suffered from a severe headache and dizzy spells were of frequent occurrence. There was a constant desire to hawk and spit in an effort to clear my throat, which would always be followed by a severe attack of coughing. I could scarcely swallow and the tickling in the throat made me cough almost incessantly. Pains in the chest were so severe I could not take a long breath. I became very weak and was unable to work. In this condition I consulted Dr. Freeman, and it was astonishing how rapidly I improved under his treatment. His system is mild, painless, and relief is given immediately. I heartily recommend it to those similarly affected. I live at 9 Sullivan St., and will be pleased to see any one desiring to know more of my case.

A Positive Guarantee to Cure.

So many people have been humbugged by using patent nostrums and imposed upon by so-called specialists that the doctor freely forgives all who ask him the question: "Will you guarantee a cure in my case?" Dr. Freeman has so much confidence in his system, and has met with such wonderful success in curing Catarrh that he unhesitatingly answers: "Will?" He, however, recognizes the fact that there are some cases so far advanced toward consumption that his treatment is not curative. This he will not accept. If your case is curable he will take it—if incurable he will refuse to accept you for treatment. If he accepts you, and your possibility fails to cure, you he will refund all money paid him. This guarantee holds good in all diseases of his specialty named below. It is issued in good faith and is based upon confidence in a system of treatment which is the outcome of years of patient study and research. Will you take advantage of a sure thing before it is too late? Your disease may soon be incurable.

Dr. Freeman cures Catarrh, Dyspepsia, Rheumatism, Blood and Skin Diseases, Nervous Debility, enlargement of the Liver and Kidneys, and Diseases of Women.

Office hours at the Institute from 10 a. m. to 3 p. m., and from 6 to 8 p. m. daily except Thursdays.

The \$5.00 rate per month includes all medicines for every person and for all diseases.
