

OUR CITY PARISHES.

NOTES JOTTED DOWN BY THE JOURNAL'S REPORTERS.

Closing of Cathedral School—SS. Peter and Paul's Jubilee—A Quiet Week in the Parishes.

ST. PATRICK'S CATHEDRAL.

Closing exercises of St. Patrick's parochial school were held Sunday evening at Cathedral hall. The literary programme consisted of songs and recitations by the school choir and members of the graduating class, closing with an address by Louis W. Edelman. At the close of the exercises, prizes and medals were distributed and the diplomas were awarded by Bishop McQuaid.

Members of the graduating class—Louis W. Edelman, Austin L. Powers, John O'Donoghue, William L. Rice, William L. O'Loughlin, Walter B. Golden, George B. O'Brien, Michael V. Prendergast, Edward F. Wahl, Louis J. Richard, Edward A. Shultz, Timothy P. Hanev, Francis J. Trompeter, James J. Haley, Agnes B. Conway, Mildred V. Brennan, Mary A. Normie, Grace M. Kernan, Josephine C. McKay, Miriam C. Lenihan, Anna C. Hughes, Ella R. Erwin, Florence L. Major, Kate J. Stuart, Mary T. Gardiner, Margaret M. Naylon, Anna L. Cullen, Agnes M. Barry, Beatrice M. O'Connell, Alice T. Naylon, Estelle M. McHenry, Lillian E. Kehoe, Mary C. Carey, Ella G. O'Neil.

SS. PETER AND PAUL'S.

Rev. J. E. Ege, of Wright, Mich., recently assistant pastor at St. Peter and Paul's arrived in town last Monday and assisted at the Solemn Requiem Tuesday morning at 8 a. m. His many friends were much pleased to see him. He is looking and feeling first-class and very much enjoys his present position. He returned to his home Thursday evening.

The golden jubilee of SS. Peter and Paul's Catholic Church was fittingly observed Sunday. At 9 a. m. the societies belonging to the church went to Bishop McQuaid's residence on Frank street to act as escort to Archbishop Corrigan of New York. Seated in the carriage with the archbishop were Bishop McQuaid, Very Rev. Chancellor De Regge and Rev. F. H. Sinclair, pastor of SS. Peter and Paul's. The procession was led by SS. Peter and Paul's union headed by the field staff of the Roman Catholic Uniformed union under command of Colonel Henry N. Schlick; then came the archbishop's carriage, beside which walked the members of the Young Men's Catholic club; after the carriage came the members of St. Peter's society, St. Paul's society and St. Francis Xavier's society. The procession stopped at the parochial residence of Dr. Sinclair, where the prelates vested themselves for mass.

At 10 a. m. the solemn pontifical high mass was begun with Archbishop Corrigan as celebrant, Rev. F. R. Rauber, of Danville, assistant priest; Revs. E. J. Hanna, D. D., and P. Altman, of Pittsburg, deacons of honor; Revs. M. J. Hargather, of St. Francis Xavier church, and George J. Eisler, of Caledonia, deacons of the mass, and Very Rev. H. DeRegge, master of ceremonies. In the sanctuary were Bishop McQuaid, Very Rev. J. F. O'Hare, D. D., V. G., Revs. Dr. F. H. Sinclair, John Boppel, Fridolin Pascalar, Herman Renker, Weyrich, Breihof, of C. SS. R., Graf, of New York, and the Jesuit fathers, Bucholz and Pickash. The chorus choir of thirty-four voices sang Witt's mass in honor of St. Francis Xavier, with organ and orchestral accompaniment. Ludwig Schenck led the orchestra, Fred Pohl presided at the organ, and Francis W. Pohl directed the chorus. At the gospel Rev. Father Weyrich, C. SS. R., preached the jubilee sermon in German. At the conclusion of the sermon Bishop McQuaid congratulated Dr. Sinclair and the congregation. At the close of the mass, Archbishop Corrigan imparted the papal benediction sent for this special occasion by Pope Leo XIII.

ST. BRIDGET'S.

The "Cardinal Newman Reading Circle" entertained Rev. Father O'Connor, and the "Father Hecker Reading Circle" of Seneca Falls, on Monday last. After visiting St. Bernard's Seminary, the entire party went to Charlotte and had dinner and supper at Hotel Ontario. A most enjoyable time was had by all.

Messrs. M. J. Dwyer and Jas. Love, of Troy, are spending their vacation at home.

HOLY REDEEMER.

At the 8:30 a. m. mass at Holy Redeemer last Sunday, the beautiful ceremony of First Communion was witnessed, the class numbering 82.

All Aboard for the Saengerfest.

One fare for the round trip via the popular Nickel Plate Road. Tickets good going July 10th and 11th. Good returning to and including July 17th. Three trains daily in each direction.

PAROCHIAL SCHOOL EXHIBIT.

A Grand Showing of the Work of the Pupils.

At 2:30 o'clock Friday afternoon the educational exhibit of the Catholic schools of the city opened to the public in Cathedral hall, at the corner of Brown and Frank streets. The Board of education, Superintendent Noyes and other gentlemen interested in educational work, viewed the exhibit at 11 o'clock Friday morning. This is the first time that such an exhibition has been given in this city, and it will afford a fine opportunity to the general public to learn just what is being done in the schools. The exhibit will be open for a week from 2:30 until 6 o'clock in the evening. Friday of next week has been set aside as children's day, and children will not be admitted to the hall on any other day.

The exhibition fills the four large parlors on the first floor of the hall. Fifteen out of the sixteen parochial schools of the city are represented. St. Stanislaus school is the only one that has no exhibit.

The exhibition includes the examination papers of the pupils, pretty bound, samples of the work of the first and second grade pupils in clay modeling, large numbers of maps, drawings, and a fine display of fancy needle work. The exhibit of maps is very complete, each school having a large collection. These maps run from the map of the school room, the starting point of the pupil in geography to maps of the nations of the world and maps of the continents.

The maps are ones which the pupils have enlarged. Some of the larger maps are shown in handsome frames furnished by the pupils who drew them. These maps are to become the property of the pupils who made them at the close of the exhibition. The maps are in colors, are finely drawn, and are arranged about the parlors so that they present a very handsome appearance. The work of arranging the exhibit was begun on Wednesday, and it was not in shape until late yesterday afternoon. All the schools have exhibits of the work in music. This is one of the interesting features of the exhibition. The music exhibit consists of the examination papers of the pupils on this subject.

The German schools present examination papers in both German and English.

All the states and territories, mountain ranges, lakes and principal rivers are shown upon the map. This map is the work of the pupils of the sixth and seventh grades. This school also exhibits a fine collection of maps which show the early history of the country, among them being maps showing the "result of the French and Indian wars," "First Division of North America," "Result of Revolutionary War," etc. There is a beautiful display of fancy needle work, the work of the girls.

In the exhibit of the Cathedral school there was shown several maps upon which are marked with blue and gray flags the principal battles of the civil war. The year in which the battle was fought is also given. The exhibition is open to the public at the hours designated.

NAZARETH ACADEMY.

Another exhibit no less worthy of attention was that shown at this excellent educational institution this week of the work done by the young lady pupils.

A good trunk or bag will cost you less at Henry Likely & Co.'s than elsewhere and be a more durable article besides, No. 96 State Street.

The Leary Dye House.

The fine six story fire-proof building which D. Leary is erecting at the north-east corner of Platt and Mill streets may fairly be regarded as a monument to the industry that the builder has carried on there for over fifty years.

With the opening of the new building the capacity of the works will be more than doubled; the latest and best apparatus known to the trade will be added to the present plant and every operation under the general head of dyeing and cleansing will be carried on with the most approved machinery by the most skillful operatives.

Before going to the World's Fair, get a nice looking trunk or bag at Henry Likely & Co.'s, 96 State St.

One hundred dollars will be paid for a case of Drunkenness, Morphine or Tobacco habit that cannot be cured by the use of Hill's Chloride of Gold Tablets, manufactured by the Ohio Chemical Co., Lima, Ohio. All first-class druggists keep them. Read large advertisement regarding the Tablets in another part of this paper.

For a good traveling bag at less than department store prices, go to Henry Likely & Co.'s, 96 State street. USE DANA'S SARSAPARILLA. IT'S "THE KIND THAT CURES."

Consumption.

IS THE CANADIAN MEDICINE "SCUGOG" AHEAD OF KODER'S LYMPH? Remarkable Claims Put Forth for An Indian Prescription—A Sanitarium to Be Opened in this City Where It will be Used.

There are few if any problems now under consideration by the medical world of more interest than the search for a cure for consumption. The ravages of the disease are so widespread, its victims are so numerous and the regions in which it destroys most life so extended over the globe that if any one succeeds in discovering a remedy for the disease he will without any doubt take his place among the small number of men who by discoveries of great value have entitled themselves to the lasting gratitude of mankind.

Among the latter is T. M. Cox, of this city, who does not hesitate to assert that he knows of a cure for consumption, and is prepared to offer it to the public. Mr. Cox is President of the Scugog Sanitarium company, a corporation organized for operation in this city. He says his company proposes to go to work curing consumption in this city, where the climate is recognized as unfavorable to persons of a consumptive tendency. He claims, however, that the medicine which his company employs is of such potency that it will counteract the evil influence of the climate. "Scugog" is the name of the new medicine which is offered to meet the demand which exists so universally. A sanitarium in which it is to be used for treating the disease is to be established on Rowe street, about two miles and a half from the centre of the city. The building is a fine modern structure surrounded by ample grounds and in a locality where the scenery is so attractive that there is an irresistible temptation to pass the time outdoors, a proceeding which, as is generally known, is itself one of the best things that can be done in the treatment of lung troubles.

The way in which Scugog came to be regarded as useful in treating consumption is explained as follows by President Cox: "For generations past it has been compounded, in a rather unscientific fashion, it is true, by the medicine men in the tribe of Indians dwelling on the Scugog Islands in the lake of the same name in Canada. Death from bronchitis or consumption is almost totally unknown among these red men. One of the officers of the medicine company lived at one time in the vicinity of Lake Scugog and it is to his successful efforts to obtain the formula that we owe our good fortune in securing it for our own purpose. I may say, also, that Scugog is a purely vegetable preparation."

The medicine is on sale at the office of the company, No. 621 Ellwanger & Barry building, and it is said that many persons are taking it with beneficial results. The cost of treatment at the Sanitarium when it opens will be from \$15 to \$40 a week, the difference in price indicating a variation in the accommodations, all inmates receiving the same medical treatment. In regard to the opening of the Sanitarium, President Cox said: "We expect to be ready for the reception of patients in the course of two or three weeks. Applications for admission are now being considered and we have already arranged to receive a certain number of critical cases. These are the kind we prefer to treat, strange as it may seem to you. If we affect no cures among a household of consumptives we shall drop out of sight very quickly; but the fact that we, as business men of some reputation for our sagacity, propose to submit our remedy and our method of treatment to such a heroic test is good evidence that we know what they will accomplish. We are not at all anxious regarding the outcome of the test."

It is needless to say that if "Scugog" proves to be all that is claimed for it by the proprietors, their fortunes will receive an immediate and copious augmentation and their medicine speedily become known to all quarters of the earth. The result of treatment by the compound will be observed with interest and should a demonstration of its beneficial effort in bronchial or lung troubles be established, Rochester will quickly become the Mecca as it were to which millions will look for succor from the deadly microbe which has terminated the earthly career of such multitudes of the human race.

The principal office of the Sanitarium, located at No. 607 Ellwanger & Barry building, will be open in a few days, under the direction of Dr. J. B. Oliver, late of Toronto, Ont. The doctor is a licentiate of Bellevue hospital, New York city, and a graduate of Victoria college, Toronto, Ont. He is amply qualified for the position, having been in active practice for twenty-six years. The doctor will be at No. 621 Ellwanger & Barry building until Monday at which time the Sanitarium office will be ready to open, where the doctor will be located to receive patients. He is also a specialist in the cure of rheumatism and neuralgia. Consultation free.—Post-Express.
