HOLY FAMILY.

Last Sunday morning, the Young Men's Sodality of the Sacred Heart received Holy Communion at the early mass. It was a most pleasing sight to see nearly one hundred young men proceed in a body to the Communion railing, and in the afternoon attend Vespers and Benediction. The object of this Sodality is to promote the spiritual welfare of young men, who have attained the age of sixteen, and to encourage them in their struggle amid the many temptations, which present themselves in their daily life. When they are received into the Sodality, they promise to say a few special prayers every day, to attend a monthly conference and receive Holy Communion once every two months. May the Sacred Heart of Jesus, under whose protection they are placed, bless these young men, and grant them all graces necessary.

Next Sunday the members of St. Pius' Society will receive Holy Communion in a body at the early mass, and thus celebrate the feast of their patron-saint whose feast day was last Tuesday. The society has a membership of nearly one hundred and sixty. Sunday afternoon, July 23, the Rt. Rev. Bishop will administer the Sacrament of confirmation to a class of nearly one hundred.

Sr. M. Bertha, the teacher of music for the last nine years, and Sr. M. Henrica, who had charge of the sixth and seventh grade of girls, were called to Baltimore last week.

ST. MICHAEL'S.

A summer night's festival will be given in the garden of the church premises Monday and Tuesday, July 17 and 18 for the benefit of the church.

The display which St. Michael's parochial school furnished for the school exhibition in Cathedral Hall this week was a most creditable one and stood second to none.

Mrs. Dr. Kiefer and Mrs. Pope Sander, will represent Branch 104 at the State Convention of the L. O. G. A., which will begin at Binghamton July 18th.

Five new members were initiated at the last meeting of the Knights St. George, and nine applications for membership were received.

SS. PETER AND PAUL'S.

The Y. M. C. C. bowling league celebrated the close of the season last Wednesday evening with a banquet. Ex-President of the club, Peter A. Vay was called upon to address the league and he explained how such clubs were a benefit to the association. Prof. McSteen's recitation, and songs sung by Wm. Nagel and Joseph Hubner were well received and heartily enjoyed.

Rev. Dr. Sinclair left for Chicago, Wednesday evening to attend the Fair. He will also be present at the Caecilian Fest which will take place July 18 and 19 at St. Francis and St. Joseph's churches in that city. Prof. Frank W. Pohl will leave Sunday evening to attend the convention and the Fest and he will also visit the Fair while there.

Frank and Chris. Zurn left Friday evening, and Joseph Gradl and Fred Brien will leave Sunday evening for a week's stay at the Fair.

The improvements at the sisters' convent on King street are nearly completed. The Sisters thank the young ladies and other friends of the parish who have assisted them by their liberality and good will. The sum raised by the entertainment given by the ladies of the sodality was \$350 this was in excess of \$100 donated by Rev. F. H. Sinclair, D. D. To all contributors the Sisters extend a most hearty "God bless you!"

PRESENTATION

To the Rt. Rev. Bishop by the Sisters of Notre Dame.

On Monday last, a priest of the city presented his Lordship with a handsome painting. It was a jubilee gift from the school Sisters of Notre Dame. The picture represents the good shepherd, looking for the lost sheep, which had become entangled among the thorns and briars. It is painted on porcelain, and the work was executed by a Sister in the Motherhouse at Baltimore. The frame is of silver and gold, with a celluloid border. The painting, which is a fine specimen of art, was accompanied by a long address, finely adorned and in book form. The address consisted of a poem, entitled "Juvenali acti labores," and is a rehearsal in rhyme of all the great works, begun and accomplished by the Bishop during the twenty-five years of his Episcopate. It was written by Ven. Mother Clara herself, the General Superior of the Order for the Eastern province. (The full text of the address will be found in another column.) The Bishop was more than pleased with the handsome gift, which truly expressed the love and gratitude, the school Sisters entertain for him. The Sisters of Notre Dame have charge of six parochial schools in the city, and what they can accomplish in the classroom, has been shown to the satisfaction of all, at the Educational Exhibit at Cathedral Hall.

Last week, there was a general reception at the Motherhouse in Baltimore, when forty-one postulantes were received into the Order. Among this large number were three young ladies from this city. Miss Minnie Miller from St. Peter and Paul's parish, who received in religion the name Sr. M. Bernardo, Miss Caecilia Streb, who received the name Sr. M. Solina and Miss Julia Lechner, who received the name Sr. M. Engratia; the last two named belong to Holy Redeemer's parish. Many of their Rochester friends were present at the reception. Among others, Rev. Joseph Miller, assistant pastor at Holy Family Church, who is a brother of Sr. M. Bernardo, together with his two sisters from this city, and his sister, Sr. M. Hildegard, of the order of Notre Dame from Buffalo. May God bless these young aspirants, and grant them health, happiness and peace in the pursuit of their noble vocation.

The Auction Sale of Japanese Goods and Silverware at 46 and 48 State street is attracting big crowds and when you see the prices that good, reliable goods are being sold for, you can then see what is the attraction. While there we saw a very handsome line of clocks, jewelry, silver-plated ware, etc., that sold for prices which amazed us. Plated knives, forks and spoons are selling for less than the regular price for common goods. They have a very nice line of Etchings, Engraving Pastels and Water Colors that are selling for less than half the regular cost of the frames. If you have time it will certainly pay you to pay them a visit. The store is very large and cool and plenty of chairs to make you comfortable. They placed on sale as an extra inducement to ladies to visit them over 1,000 genuine Rolled Gold Plated Pins, some with very handsome settings, at the extreme low price of 25 cents each. Over half of these have been sold, and they positively assert that the cheapest one in the lot cost over 40 cents to make, and some of them over \$1.00. Call and see them for yourself. You can get more for a little money here than any place you ever saw.

The Gusher Springs Aerated Bread is now on sale at all of the good groceries. Try it at once. It is the cheapest, healthiest and best in the world.

Consumption.

IS THE CANADIAN MEDICINE "SCUGOG" AHEAD OF KOCHE'S SYMPH? Remarkable Claims Put Forth for 'An Indian Prescription—A Sanitarium to Be Opened in this City Where It will be Used.

There are few if any problems now under consideration by the medical world of more interest than the search for a cure for consumption. The ravages of the disease are so widespread, its victims are so numerous and the regions in which it destroys most life so extended over the globe that if any one succeeds in discovering a remedy for the disease he will without any doubt take his place among the small number of men who by discoveries of great value have entitled themselves to the lasting gratitude of mankind.

Among the latter is T. M. Cox, of this city, who does not hesitate to assert that he knows of a cure for consumption, and is prepared to offer it to the public. Mr. Cox is President of the Scugog Sanitarium company, a corporation organized for operation in this city. He says his company proposes to go to work curing consumption in this city, where the climate is recognized as unfavorable to persons of a consumptive tendency. He claims, however, that the medicine which his company employs is of such potency that it will counteract the evil influence of the climate. "Scugog" is the name of the new medicine which is offered to meet the demand which exists so universally. A sanitarium in which it is to be used for treating the disease is to be established on Rowe street, about two miles and a half from the centre of the city. The building is a fine modern structure surrounded by ample grounds and in a locality where the scenery is so attractive that there is an irresistible temptation to pass the time outdoors, a proceeding which, as is generally known, is of itself one of the best things that can be done in the treatment of lung troubles.

The way in which Scugog came to be regarded as useful in treating consumption is explained as follows by President Cox: "For generations past it has been compounded, in a rather unscientific fashion, it is true, by the medicine men in the tribe of Indians dwelling on the Scugog Islands in the lake of the same name in Canada. Death from bronchitis or consumption is almost totally unknown among these red men. One of the officers of the medicine company lived at one time in the vicinity of Lake Scugog and it is to his successful efforts to obtain the formula that we owe our good fortune in securing it for our own purpose. I may say, also, that Scugog is a purely vegetable preparation."

The medicine is on sale at the office of the company, No. 621 Ellwanger and Barry building, and it is said that many persons are taking it with beneficial results. The cost of treatment at the Sanitarium when it opens will be from \$15 to \$40 a week, the difference in price indicating a variation in the accommodations, all inmates receiving the same medical treatment. In regard to the opening of the Sanitarium, President Cox said: "We expect to be ready for the reception of patients in the course of two or three weeks. Applications for admission are now being considered and we have already arranged to receive a certain number of critical cases. These are the kind we prefer to treat, strange as it may seem to you. If we affect no cures among a houseful of consumptives we shall drop out of sight very quickly; but the fact that we, as business men of some reputation for our sagacity, propose to submit our remedy and our method of treatment to such a heroic test is good evidence that we know what they will accomplish. We are not at all anxious regarding the outcome of the test."

I is needless to say that if "Scugog" proves to be all that is claimed for it by the proprietors, their fortunes will receive an immediate and copious augmentation and their medicine speedily become known to all quarters of the earth. The result of treatment by the compound will be observed with interest and should a demonstration of its beneficial effect in bronchial or lung troubles be established, Rochester will quickly become the Mecca as it were to which millions will look for succor from the deadly microbe which has terminated the earthly career of such multitudes of the human race.

The principal office of the Sanitarium, located at No. 607 Ellwanger and Barry building, will be open in a few days, under the direction of Dr. J. B. Oliver, late of Toronto, Ont. The doctor is a licentiate of Bellevue hospital, New York city, and a graduate of Victoria college, Toronto, Ont. He is amply qualified for the position, having been in active practice for twenty-six years. The doctor will be at No. 621 Ellwanger and Barry building until Monday at which time the Sanitarium office will be ready to open, where the doctor will be located to receive patients. He is also a specialist in the cure of rheumatism and neuralgia. Consultation free.—Post-Express.

Scrofula and Salt Rheum Of 25 Years Standing, A BLOOD PURIFIER THAT CURES.

DANA'S SARSAPARILLA CO. GENTLEMEN—I hereby certify that I have been a sufferer for over 25 years with Scrofula and Salt Rheum. Have employed many Physicians and expended many dollars in proprietary medicines, blood purifiers, alteratives, etc., etc., such as have been on the market for the last 25 years, all of me avail of my head, and had given up hope that there was any help for me. With very little faith I purchased a bottle of your SARSAPARILLA of my Druggist, which I made him guarantee if I was not healed he should refund the money. I left the store thinking I would call and get my money later. No hope of any benefit as no medicine or treatment seemed to reach my case. I had not taken more than one-half of one bottle when to my surprise I found it was helping me. Have taken two bottles and am cured. I was cured of all the skin diseases are all healed and I feel like a new man. I recommend DANA'S SARSAPARILLA to all who wish a Blood Purifier that Cures. Yours very truly, PHILIPS S. WELLS, F.
