## PARLIAMENT OF RELIGIONS.

### Light Fingered Gentry at Work Among the Reverend Assemblage.

CHICAGO, Sept. 19.—Experienced detectives in plain clothes mingled with the crowd that sought admission to the parliament of religions in the Art Institute, and closely scrutinized each face as its owner passed in through the doors of the auditorium and main assembly rooms. Their presence was due to the fact that during the first week of the parliament the light fingered gentry played havoc with the personal possessions of many of the goodly folk in the various audiences.

## BANDITS RUN DOWN.

### MINERAL RANGE TRAIN ROBBERS ALL IN CUSTODY.

One of the Gang Turns State's Evidence. Railroad Employes Implicated—Nearly All of the Money Recovered and Again Stolen—Its Ultimate Recovery Very Doubtful.

HANCOCK, Mich., Sept. 16.—Jack King, a wrestler, and Jack Kehoe, a sport, have been arrested on suspicion of being implicated in the holdup on the Mineral Range train. Sheriff Dunn and a posse have gone in pursuit of the robbers.

John Chellev has also been arrested on suspicion. Together with King and Kehoe he drove out of town early in the morning and the trio were seen returning from the region where the robbery occurred about 10:30 o'clock, about the time the report of the holdup reached here.

The train was stopped at Boston, a flag station. Two masked men boarded the engine, but the two who boarded the baggage car were not masked. The description of the latter two almost tallies with those of Kehoe and Chellev.

The fourth man was quite a stout man and does not tally with any of the three now in custody.

Many posesses are in pursuit, while the Lake Superior coast is being scoured by tugs and the lifesaving crews.

The \$75,000 was all in currency and would have been paid to the miners today. After securing the rich booty and ordering the engine to pull out, the bandits coolly walked down the track, while the trainmen stood on the back platform watching them as they disappeared from view.

The money was in the car of the American Express company. It was shipped to the Calumet and Hecla company to secure the payroll today by the First National bank of Hancock and the National bank of Houghton.

Hundreds of men are still scouring the country in the hope of finding some clue to the robbers.

MARQUETTE, Mich., Sept. 19.—Practically all the men who had anything to do with the robbery of the Mineral Range express last Friday of \$70,000 are in jail or under espionage and up to date \$14,000 of their booty has been recovered.

George Libertre, a former fireman on the Duluth, South Shore and Atlantic railroad, was arrested here by the police on the telegraphic order of the sheriff of Houghton county and made a clean breast of the whole affair.

The other arrests are A. S. Cannon of Hancock, a young man of good family, whose trunk was used to carry away the money; John King, an athlete; Chellev, a saloonkeeper of Negaunee; Michael and John Shea, saloonkeepers here; Tom Winter, baggage man; D. A. Hogan, the messenger on the robbed car; Ed Hogan, saloonkeeper; W. Slope hacker; Dr. Hogan, a Butler, an habitue of Chellev's place.

Libertre in his confession, and widely known account of where the trunk was left along the line of the Mineral Range road and a special train and some officers were sent after it. They found the trunk and on its arrival at the Houghton National bank it was opened and found empty. On Libertre's information \$14,000 was recovered by the officers, it is claimed, at Shea Bros' saloon.

**Mineral Range Money Recovered.**  
HANCOCK, Mich., Sept. 20.—All but \$400 of the \$70,000 stolen from the Mineral Range railroad on Friday last has been recovered at Marquette. Seven persons are now under arrest in connection with the robbery.

### SUPREME BENCH APPOINTMENT.

Senator Hill Says New York Democrats Will Be Disappointed.

WASHINGTON, Sept. 20.—William B. Hornblower, who was appointed to succeed the late Samuel Blatchford as associate justice of the United States supreme court, was arrested here by the police on a charge of practicing before the supreme court of which he will soon become a member. Senator McPherson knows him personally and says he is a man of strong mind and of great judicial attainments with a natural aptitude for constitutional subjects. He comes of a family of jurists, his father having been the late chief justice of New Jersey, while his grandfather was a leading practitioner at the bars of his day.

Mr. Hornblower was for a number of years the law partner of ex-Governor Chamberlain of South Carolina, and is a relative by marriage of the late Justice Bradley, who married a Miss Hornblower. In stature Mr. Hornblower is small reminding one very much of the present chief justice of the supreme court.

He is a trustee of the New York Life Insurance company of which Mr. Grace is a director.

It is evident that the appointment of Mr. Hornblower will not be received with pleasure by all the politicians of New York. Mr. Hill declines to discuss the nomination but simply said that the Democrats of New York would be disappointed. "The Democrats of New York," said the senator, "preferred the nomination of Judge Rufus W. Peckham of the present court of appeals."

No one will say, however, that so far as the qualifications of Mr. Hornblower are concerned that it is not a strong appointment.

### An Order For Brockway's Arrest.

NEW YORK, Sept. 20.—Justice Fitzsimons of the city court has issued an order for the arrest of Superintendent Brockway of the Elmira reformatory in an action brought by Christian Rhodes, aged 18 years, to recover \$2,000 for alleged assault and battery. Rhodes was sent there by Recorder Smyth on Sept. 8, 1890, at 15 years, and was discharged March 8, 1893. Rhodes says that in September, 1891, while he was laughing and chatting with other boys he was sent by Brockway to the bath room. Brockway followed him down and Rhodes says paddled him and knocked his teeth out.

The proprietors say they will remain closed until the men return of their own accord.
