He said that it was proper to have a mass said when you were about to enter into any important duty. He also spoke of the privileges enjoyed by the members of the Rosary, Scapular and Altar Society, a mass being offered for them almost every day.

ST. JOSEPH'S.

Extensive improvements are to be made in both the church and school buildings. Father Wayrich announced on last Sunday that he would in the near future call a meeting of the congregation to make arrangements for placing a new tower on St. Joseph's church. DISASTROUS FIRE.

Thousands of Dollars Worth of Property Destroyed.

The above is a startling heading. When house and furniture is consumed by fire, men are shocked at the loss sustained by the owner of the property. Perhaps just as much money is lost through every year by burning poor coal as is lost by the burning of houses and furniture. The only way to avert such disastrous fires is to buy your coal of a reputable dealer, who handles only the best kinds of coal. Such a dealer is Louis Langie, office corner East Main and East Avenue. Amusements.

COOK OPERA HOUSE.

Niobe, fresh from winning new laurels, will be seen at the Cook Opera House Oct. 23, 24, and 25th. The Company this season is by far the best by Messrs. Abbott and Tilletson who are sole Proprietors of this, the best of all Comedies, the best proof being the immense success it received in Boston, New York, Chicago and Philadelphia, and in all large cities from the Atlantic to the Pacific ocean. The story is bright and vivacious, full of exceedingly humorous situations worthy of those famous writers Harry and Edward Paulton, who were also the authors of the greatest of all successes, "Zerkine." The authors of Niobe have met with great success in all their work and Niobe seems to amuse the theatre going public so well that there is no telling how long the piece will run at the Strand Theatre, London, where it is now in its 600th performance. It is clean, bright and entertaining; those who have not seen Niobe should avail themselves of the opportunity and decide whether Niobe should live forever.

"Blue Grass" is a new play. It was made known to a very well attended at the Chestnut Street Theatre tonight, it being the second week of the present season. There is a good deal that is healthful in "Blue Grass," and plenty to amuse the audience. It's a play full of life, with picturesque scenes, a story well told and a cast equal to the play. Its success was instantaneous. It will be a large week at Nixon and Zimmerman's house."—N. Y. Dramatic Times.

ACADEMY.

With an excellent company of fun makers and some star artists Irwin Brothers will have possession of the Academy next week. Doyle and Graham, comedy sketch artists, appear in bright lines and catchy sayings. Mlle. Garrie makes good music on the bells. Ruby Hart sings many late songs admirably. The true fun of the evening's entertainment begins when "The National Trio" appears. No three people are capable of making more fun than they. They have many original songs which they render in most amusing fashion. The trio is composed of Frank Bryan, Nellie Forester and Gilbert Moulton. Harrigan, the bung joggler, with his "Oh! Pretty Fair," pleases the audience greatly. Much could be said in praise of Smith and Campbell, the excellent comedians. They keep the audience in a constant storm of laughter. The entertainment closes with a farce comedy, "The Highway Robbery," by the National Trio, which is highly entertaining.

Robinson's Music Theatre.

A particularly strong and attractive program is at the Music Theatre next week, when Mark Murphy's own specialty and comedy company will hold the boards. The stellar feature, of course, will be Mark Murphy, the celebrated Irish comedian and originator of the famous comedy series "O'Dowd's Neighbors." He is one of the best known and ablest character comedians before the footlights, and probably no one is more popular than he. His humor is of that bright and infectious nature synonymous with Irish character and wit wherever found. He will appear in all his favorite specialties and original delineations, and it is more than probable that he will be called upon to furnish a large share of the entertainment. And almost as famous in his line is the great acrobat, Oude, from the Cirque de Havre, Paris, and star attraction with the great Barnum and Forepaugh shows. He is, without doubt, the greatest single performer in the world. His apparatus consists of series of trapeze ladders, and intricate rigging which are spread out over the ceiling of the theatre, from which he dives into mid-air, leaping from one to the other with the rapidity of lightning, circling about, turning somersaults, and performing a multitude of marvelous and seemingly impossible feats. The balance of the company is equally strong. It includes the comedy entertainers, Melville and Rice, in an original comedy sketch interspersed with bright specialties. Miss Inez Pearl, who is a new comer to Rochester, will appear in her unrivalled dancing specialty. Miss Pearl is accounted one of the most beautiful women in the profession as well as the best female juggler, reel, buck and acrobatic dancer in America. That universal favorite Marguerite Newton will present her usual attractive programme. Achard, "King of Clubs," the undoubted peer of Indian club manipulators, will be new.

Carr and Ingram do great trapeze work on the L'Eschelle, which hangs above the audience without an intervening net. They work with lightning rapidity, and turn forward and downward somersaults. Ingram performs many of his acts while blindfolded.

Hannan for Sheriff.

The Republicans of Monroe county made no mistake when they nominated John W. Hannan for Sheriff. He will carry the county by a roaming majority.

There was some good-natured rivalry at the primaries and in the convention, but after the nomination was made all differences were forgotten and all loyal Republicans are now striving for the election of the ticket. Mr. Hannan's nomination arouses the enthusiasm of the young men, and receives the cordial approval of the veterans.

Mr. Hannan is a native of the county of Monroe and was educated in the common schools of Rochester. In 1863 he received an appointment in the State Senate, and served so well that he was promoted repeatedly, and finally became the superintendent of the document department, a position which he held for ten years. In July, 1876, he was appointed United States gauger and held the office for eight years. In 1884 he was elected Sheriff by a majority of nearly 4,000.
