Mrs. George Ritzenthaler, jr., was called to Rochester last week on account of the illness of her daughter, Mrs. Richard Noonan. Miss May Murphy, of Buffalo, is visiting her parents.

Auburn.

The strike on the Lehigh Valley road has effected this city in a manner little dreamed of. No trains whatever have been able to get over the road since Tuesday, Wednesday afternoon a train consisting of an engine, mail car and coach started over the Thaca division without any interference whatever. Nevertheless a gang of deputy sheriffs and city police were stationed along the road and on the train. The railroad officials in this city have made an effort to make the public believe the strikers are desperadoes. On the contrary they are as peaceable as could be. The free night schools conducted by the board of education have been opened for the winter season with good attendance. The effort to educate those who are compelled to work for a living is meeting with good results.

The diphtheria scare is not over yet by any means although it is reported that the epidemic was on its last legs. The number of cases are increasing slightly but it is to be hoped that the disease can be checked before many more deaths occur.

A pretty morning wedding took place at the Holy Family church Wednesday at 10 o'clock when Miss Mary Anderson, one of Auburn's well known and popular daughters, became the bride of Michael F. Sheelock, of Rochester, a former Auburn boy. Miss Corn Daly, a cousin of the bride and William F. McCabe supported the happy couple at the altar. Rev. Father Seymour performed the ceremony. The concert given at the Academy of Music last Monday evening, Nov. 30th, in which those eminent artists, Master Charles Meahan, the "boy soprano," of New York, and Mr. John Francis Gilder, the pianist and composer of Boston, took part, was one of the most delightful musical events of the season. The concert opened with piano solos by Mr. Gilder, which were received with much favor. As the greatest "boy soprano" of the day appeared upon the beautifully decorated stage, he was warmly greeted. It is a difficult task to tell which one of his many songs was the best. They were all sung with sweetness and power, but to our mind the "Waltz song" was the gem of the evening. In it his exquisite voice was shown to great advantage. It is not we believe, inappropriate to say here, that Master Charles Meahan added another page to his already long list of triumphs, by singing last Monday evening. He was received many times and presented with beautiful bouquets. Mr. Gilder was magnificent

in his piano solos. In his renditions, he delighted the audience and proved himself a brilliant pianist of excellent style and execution. He, too, was recalled many times. Altogether it was a most delightful concert, and will be pleasantly remembered by all those who were so fortunate as to be present. Much credit is due Edwin Koppe for his able management of this concert, and it is to be hoped that he will soon again favor a Nunda audience with an entertainment as worthy as that given on Monday evening last.

The funeral of Miss Mary Michan of Victor, was held from St. Bridget's church Saturday, Nov. 18. Miss Michan was the victim of consumption. She leaves besides her brother and sisters, many relatives and friends to mourn her loss.

Miss Belle Wilson, who for the past year has been engaged as teacher in the academy department of the Union school, has resigned. Her resignation is caused by the death of her sister. While residing in East Bloomfield, Miss Wilson has made many warm friends in and out of school. She was a classical graduate of the Fredonia Normal School. Her place will be difficult to fill. St. Bridget's church will lose a devout attendant, and East Bloomfield society a genial and amiable member.

Geneseo. The entertainment to be given next Thursday and Friday evenings at Central Hall for the benefit of St. Mary's church should be well patronized. On Thanksgiving night a stereopticon panorama, with explanatory lecture by Rev. Thomas F. Hickey, of Moravia, a celebrated lecturer on Pagan and Christian Rome. On the following day, a drama, entitled "The Student," will be presented by local talent. Good music will be in attendance each evening. Supper will be served the last night at twelve o'clock.

Fred Thompson spent Sunday with friends in Java, and returned Monday evening with Mrs. T., who has been on a visit for a week. Miss Mary Davis spent last week in Avon with her parents.

Miss Lizzie Lallion, of Toronto, Canada, who came here on a visit a few weeks ago died at her sister's, Mrs. Nixon, on the 16th inst., aged 38 years. The funeral took place at St. Mary's church on Saturday of last week. Rev. J. A. Hickey officiating. The remains were interred in the Catholic cemetery.

Miss Anastasia Walsh, of Watertown, and Mr. Patrick Kaveney, of Avon, were married at St. Mary's church Wednesday morning at 10 o'clock. Rev. J. A. Hickey officiating. The members of Cayuga Hose No. 1, are making preparations for their annual ball, to be held Thanksgiving eve in the Lyceum. This is the first to be held in the new opera house, and no pains will be spared to make it a success, both financially and socially. The boxes and loges will be sold to spectators at reasonable prices, and the balcony gallery for a smaller charge. The beauty of the Lyceum is the consequence of turning it into a ball-room by means of a movable floor, that can be placed beneath the chairs, and thus having a spacious and easy floor for the merry gliders.

Palmyra. A grand surprise party was given on the south side of the village, at Hickey at her home on Vienna street; it being her eighteenth birthday.

The band which has so long been silent in our village breaks the silence once again. Our village steam laundry has opened for business.

Patents. NOTICE TO INVENTORS. There was never a time in the history of our country when the demand for inventions and improvements in the arts and sciences generally was so great as now. The conveniences of mankind in the factory and workshop, the household, on the farm, and in official life, require continual accretions to the apparatus and implements of each in order to save labor, time and expense. The political change in the administration of government does not affect the progress of the American inventor, who being on the alert, and ready to perceive the existing deficiencies, does not permit the affairs of government to deter him from quickly conceiving the remedy to overcome existing discrepancies. Too great care cannot be exercised in choosing a competent and skillful attorney to prepare and prosecute an application for patent. Valuable interests have been lost and destroyed in innumerable instances by the employment of incompetent counsel, and especially in the advice applicable to those who adopt the "No cost, no pay" system. Inventors who entrust their business to this class of attorneys, do so at imminent risk, as the breadth and strength of the patent is never considered, in view of a quick endeavor to get an allowance and obtain the fee then due. THE PRESS CLAIMS COMPANY, John Wedderburn, General Manager, 618 F Street, N. W., Washington, D. C., representing a large number of important daily and weekly papers, as well as general periodicals of the country, was instituted to protect its patrons from the unsafe methods heretofore employed in this line of business. The said Company is prepared to take charge of all patent business entrusted to it for reasonable fees, and prepares and prosecutes applications, generally, including mechanical inventions, designs, patent, trademarks, labels, copyrights, interferences, infringements, validity reports, and gives special attention to rejected cases. It is also prepared to enter into competition with any firm in securing foreign patents. Write for instructions and advice. JOHN WEDDERBURN, 618 F Street, Washington, D. C. P. O. Box 385.

Barney Bernotto, who began his Napoleonic career in finance by keeping a second-hand clothing shop in London, is named as the richest man in South Africa. His wealth is given in fabulous figures.

A traveler in the Malay peninsula says that the natives have in use the smallest coin in the world. It is a wafer made from the resinous juice of a tree and its value is estimated to be about one-tenth of a penny. In that country one can get down to his last cent and still have his pockets full of coin.

An interesting case was tried by a jury at Montpelier, Vt. Charles Spaulding sued Miss Annie Donahue to recover some valuable presents he gave her when they were engaged to be married; the engagement having since been broken. The jury held that he had no claim to the presents and could not recover them.

ODD WHIMS AND CUSTOMS. Persian newspapers are written by expert penmen and then lithographed.

In China all arrangements for a wedding are made by a go-between, who also does the courting and makes the proposal.

A couple of hundred years ago English and German people, in order to secure the greatest publicity, were married in the church door.

A Seaville, N. J., woman uses a rooster instead of an alarmclock. At night, before retiring, the woman brings the rooster indoors and places it in her bedroom on the back of a chair, and at the break of day he crows lustily.

A San Francisco music house, has published a number of Zuni songs that Dr. Frank Cushing committed to memory while he lived with that interesting people. Some of the melodies are lullabies and lovers' warbles and others sacred religious songs which were taught Dr. Cushing while he was one of the high priests of the Zunis.

The marble gavel used by President Washington at the laying of the cornerstone of the capitol a century ago is claimed to be in the possession of the Potomac lodge of Masons of Georgetown. The gavel is of fine marble, slightly yellowish and about eight inches long. The relic is now stored in the vault of a prominent Washington bank, whence it can not be removed except on the order of the lodge.

Henry Irving's voice gave symptoms of giving out while he was in San Francisco, and the result was that a surgical operation was performed on the actor's throat, and a growth that had formed in the nose to such an extent that both larynx and pharynx were much irritated, was removed. The improvement in Mr. Irving's voice after the operation was very marked, and he has since expressed himself as greatly pleased with the result.

Another Cured of Catarrh

Further Demonstrating the Certainty of Dr. Freeman's Method. Like hundreds of others in this city William Borchar, of 75 Avenue A, suffered severely from catarrhal pharyngitis. This form of catarrh is exceedingly annoying. The acrid secretions dropping from the head into the throat so irritate the mucous membrane as to cause constant tickling which no amount of hawking or coughing will relieve. The effort seems to only increase the trouble. Mr. Borchar had also frequent spells of nose-bleeding, headache and dizziness. He took cold easily and his head and nostrils were constantly filled up. He felt more tired mornings than when he retired, and had pains in the chest and cough. Mr. Borchar knew of several cures performed by Dr. Freeman, of 105 Franklin street, Rochester, N. Y., and resolved to try his treatment for catarrh, with the result that he is now fully restored to health. He has no more nose-bleed, sore throat, headache or dizziness, and he cheerfully recommends Dr. Freeman to all sufferers.

Dr. Freeman cures Catarrh, Dyspepsia, Rheumatism, Bronchitis, Ulcers, Asthma, Seminal Weakness, and diseases of the Blood, Skin, Lungs, Kidneys and Womb. The cost is only \$5 per month for all diseases, medicines included. Office hours: 10 a. m. to 3 p. m., and from 6 to 8 p. m., daily except Thursdays. Sunday hours from 10 a. m. to 3 p. m.
