NEW COMMERCIAL TRAVELERS
AT BINGHAMTON.

Imposing Ceremonies at the Parade
Many Distinguished Persons in
the Affairs—Splendid Parade of Com-
mercial Travelers and Others—Con-
cerning the Order.

BINGHAMTON, N. Y., Oct. 9.—With im-
posing ceremonies, in the presence of nearly
the largest crowd ever gathered in this city, the cornerstone of the commercial
travelers' home was laid today.

The affair was one of the most suc-
cessful and imposing ceremonies ever held
in the city.

The city is gaily decorated in honor of
the visiting drummers and little else has
been done since their advent but attend to
their wants.

Today's ceremonies commenced with the
convention of the Commercial Travelers

COMMERCIAL TRAVELERS HOME.
Home association at 10 a. m. and lasting
until 12 noon. Following this the parade
started at 1:30 p. m.

This parade was one of the most striking
features of the kind ever held in Binghamton
has ever enjoyed. It was composed of
the members of the Commercial Travelers
Home association, all the civic, military,
benevolent and other organizations of the
city and many visiting organizations, police,
fire department, governors of various
states with their staffs, city and state officials,
etc., accompanied by numerous
bands of music.

The procession traversed the principal
streets of the city and was everywhere
greeted with applause by the crowds which
lined the thoroughfares.

The destination of the procession was
the site of the home building, and it was
here that the most interesting portion of
the ceremonies took place—the laying of
the cornerstone of the home for indigent
commercial travelers.

After the procession had reached the site
of the building and the various bodies
composing it had formed in regular order
in the places designated them, the assem-
blage was called to order by Hon. F. W.
Downs, chairman of the committee on cor-
monies.

Prayer was then offered up by Rev. G.
Parsons Nichols, D. D.

R. W. John Hodge, grand master of
Masons in the state of New York, assisted
by the officers of the grand lodge, then per-
formed the ceremony of laying the corner-
stone.

FLYING JIB'S GREAT MILE.

WITH a Manlike Mate He Faces a Mile
In 1:58 1-4.

CHILLICOTHE, O., Oct. 8.—The Flying
Jib went against the world's pacing record
of 2:012, made by Westmost with
running mate at Chicago 10 years ago.

The pacer went at a terrible clip, leading
the runner to the heat in 50 flat. Round-
ing the turn he kept up close to the pole
and shot under his wire amid the hushed
silence of 10,000 people, who eagerly
strained forward awaiting Starter Lopez's
announcement of the time. Some, who
had caught the pace, began cheering,
knowing that he had broken the world's
record.

Lopez said: "You have witnessed something
which no audience in the world has
ever seen before. You have seen the fast-
est mile that was ever paced. Flying Jib
has beaten Westmost and made the mile
in 3:44."

The audience once more broke into
cheers and applauded the pace as Andy
McDowell brought him up in front of the
stand.

The first half of the heat was made in 30
seconds and the last half in 50.

New York Wins the Temple Cup.

NEW YORK, Oct. 9.—The Temple Cup
belongs to the New Yorks. They have
done great work in the series with the
Baltimoreans for the possession of it, winning
up to the polo grounds with their
fourth consecutive victory.

Six games were originally scheduled by
Managers Ward and Hanlon—three to be
played in New York and three in Balti-
more, with the understanding that if the
series then stood a tie that the seventh and
deciding game should be played in the city of
the team whose manager should
win by the toss of a coin.

But seven contests were not necessary;
neither were six. Four-timed everything.
It is said that the receipts for the four
games will amount to about \$25,000. Of
this the Giants will get \$18,000. The
expenses are not heavy each of the 18 New
York players will receive as his share
nearly \$1,000. Baltimore will have about
\$6,000 to divide up among 14 players after
their expenses are paid.

New Electric Railroad.

WATERPORT, N. Y., Oct. 8.—A new elec-
tric railroad on the bicycle plan, to run
from Batavia to Lakeside, passing through
Medina and Waterport, was begun this
morning. Along with the benefits to be
derived to the people of this part of the
county by reason of the increased facilities
to travel comes other benefits. It is
said that the new company will construct
a dam at Oak Orchard creek from which
will be obtained the water power for the
manufacture of electricity with which to
propel the trains. The dam will be 40
feet in height and will be capable of fur-
nishing far more power than is needed for
the propulsion of the cars.
