trict, formerly represented by Samuel J. Randall. Frederick Hartsman, rep., defeating Joseph E. McCullin, dem., by about 4,000 majority.

The R. P. pluralty in this state is about 250,000.

INFORMATION FROM ILLINOIS.

Serious Disaster in Chicago Attended by Fatalities.

CHICAGO, Nov. 7.—The work of counting votes in the various precincts was very slow. The fact that at the outset Cragg was slowly dropping behind Wulff on the state ticket did not bring the dismay to the little crowd headed by Mayor Hopkins and sitting in the chief's office that might have been expected. They declared that the vote in the county would show a very different result. As the evening wore on considerable crowds gathered in the corridors of the City hall impatient to learn something of the complexion of the vote. Still nothing except on the treasury was obtainable and they began to grow impatient. Earnest workers for the various candidates hovered around, for hours, and at times the excitement found vent in impatient cries for news, which, owing to the necessarily slow work at the polling places, was not to be had.

This vote throughout the city was very heavy, and as excitement ran high fights at the polls were of a frequent occurrence. The most serious row took place in the Seventeenth precinct of the Thirty-fourth ward, where E. M. Dickson, a Republican challenger, was knocked down, kicked and jumped on. He was carried to his home and the physician in attendance declared that he could not survive. Another serious fight occurred on Illinois street, Alderman Currier, a prominent Republican leader, was assaulted and severely injured. A ward healer named Harvey struck the alderman over the head with a club and a small riot followed. A large detail of police charged them. They arrested Harvey and three other men. Curry probably will recover, and though half a dozen men were hurt their injuries were not dangerous.

It is generally conceded by the City hall politicians that there will be a Republican majority of 8,000 to 10,000 on the state ticket.

### OHIO'S RECORD BROKEN.

All Former Republican Pluralities in That State Overruled.

COLUMBUS, O., Nov. 7.—Ohio has broken her record on Republican pluralities. The largest plurality hitherto was when John Brough, Republican for governor in 1863, had 101,000 over Clement L. Vallandigham, Democrat, the latter being exiled at the time in Canada. Last year Governor McKinley carried the state by over 90,000, but no such plurality had been previously known until the noted Brough-Vallandigham canvass, when all the Ohio soldiers in the fields and hospitals of the South voted. During the last 20 years the parties have alternated in carrying the state. The Democrat electing Governor Blalock in 1877, Governor Hoadley in 1883, and Governor Campbell in 1889.

While the Republicans claim a plurality for Secretary of State Taylor of 186,000 to 180,000, the Democrats concede that the Republicans have made large gains over the McKinley vote of last year, and possibly between the Brough high water mark of 1863. On the basis of state vote the Republicans claim 17 of the 21 congressional districts, the present Ohio delegation in congress consisting of 11 Democrats and 10 Republicans.

### MASSACHUSETTS RESULTS.

Governor Greenhalge and the Republican Ticket Elected.

BOSTON, Nov. 7.—The story of the Massachusetts election can be easily told. The great storm that completely covered the ground with a snow-white mantle did not more certainly bury the earth than did the Republican party snow and crush Democracy. The triumph of the party of protection is so complete that even the Democratic leaders are stunned at the result.

Governor Greenhalge is re-elected chief executive of this state by a majority of over 60,000.

Twelve of the 18 congressmen are Republicans and the state legislature in both branches completely under the control of the same party.

### Women Voters in Colorado.

DENVER, Nov. 7.—All day long the private carriages of the Capitol Hill society leaders have been carrying women voters to the polls. In many cases the ladies owning turnouts went with them to urge the voters to make use of their franchise. A very large majority of these, though not all are advocates of the Republican ticket and their energy undoubtedly made many votes for McIntyre and his colleagues.

Through the influence of the organization the committee women are far more thoroughly informed as to the political preferences of the women in their districts than are the men regarding their sex, but no doubtful voter was neglected.

The indications are that McIntyre, Rep.,

will get 100,000 votes, according to the latest returns. The Rep. pop. If the Rep. people have 20,000 majority on the head of the state ticket they will undoubtedly carry the legislature and re-elect Senator Walcott.

Rep. congress is in the First district. Bill, pop., may defeat Bowen in the Second district, but his majority of 12,000 two years ago will probably be reduced.

Close Fight in Connecticut.

NEW HAVEN, Nov. 7.—Owing to the storm, returns from the usual towns throughout the state are coming in very slowly and in many instances it is doubtful if the vote will be in before tonight. Returns from the towns thus far heard from show a slight falling off in the vote in the country districts. It is evident that the fight will be very close and it is doubtful if there will be an election by the people.

Returns from 90 towns show a Republican majority of 1,150. In the same towns last year the Republican majority was only 21.

Returns from Michigan.

DETROIT, Nov. 7.—The returns from the state seem to justify the predictions of Republican leaders of upwards of \$6,000 plurality for their state ticket. Officers from the Republican state central committee have just stated that their advice thus far received indicate the election of 13 out of 19 congressmen.

Majority returns from the first district show that the independent labor-political movement have been adverse to Griffin, dem., and the election of Corbin, pop., seems certain.

In San Francisco.

SAN FRANCISCO, Nov. 7.—No reliable estimate of the result in San Francisco can be obtained. For may it is generally believed Adolph Sutro, Pop. 1st, has been elected, though C. C. O'Donnell, the United Labor and Anti-Chinese candidate, and T. S. Kilian, the Republicans and some non-partisan nominee, are close second. Though a very heavy vote was polled, the election was the quietest in the history of the city. About a score of arrests were made for illegal voting, but there was no other trouble.

At Springfield.

SPRINGFIELD, Mass., Nov. 7.—A large vote for all day was polled in Springfield, and fully 6 per cent of the ballots cast were split. Bradford, Republican, is probably defeated for state senator. Five Republican representatives are elected. County Treas. or Marsh, Democrat, is probably re-elected, and the remainder of the state Republican ticket goes through with a big majority. Greenhalge's plurality will be 2,000 in this city. State Treasurer B. C. Phillips is running way head of his ticket.

In Omaha.

OMAHA, Neb., Nov. 7.—The vote in Omaha was very heavy. The A. P. A. did not figure to the extent anticipated in view of the fact that for the past four years that organization has practically had control of everything. However, it has been a factor, but to what extent will not be known for some hours.

Fatal Assay at Augusta Falls.

AUGUSTA, Ga., Nov. 7.—There were severalights during the day in Augusta. John M. Goss, one of the popular workmen, challenged a negro to a fight. In the difficulty that followed Goss drew his pistol and a general melee and fusillade followed. Goss was killed almost instantly and a number were wounded.

In Rhode Island.

PROVIDENCE, Nov. 7.—At this hour the figures at hand leave no doubt of the success of Bill, rep., over Leapham, dem., in the First district and Arnold, rep., over Gavin, dem., in the Second district.

In New Hampshire.

CONCORD, Nov. 7.—Returns from New Hampshire were never more tardy, but every addition shows increasing Republican majorities.

now grown up to the highest height, more and partially allowed a road for public travel which was highly commendable.

The World says thrillingly:

"The result in New York through the country yet to show that government was never more in the hands of the people than it is in America now. That was the moral of the overwhelming defeat sustained by the Harrison administration, and it is the lesson now when popular discontent with existing administration, local, state and national, has shown itself so emphatically. The defeat yesterday was as truly the work of Democrats as the 'landslide' against Harrison were the work of Republicans."

What Shaggy Organ says.

PHILADELPHIA, Nov. 7.—The Record, owned by William M. Sugden, Democratic candidate for governor, will say:

"Pennsylvania is a Republican state; but the energy of its Republican tendency was something magnificent. Evidently the voters have carried to the account of Democracy all of the ill fortune that has befallen the country as the culminations of Republican misrule, and we suspect there may be hidden under the pile of adverse majorities an American Protective Association remainder."

However it all comes about, it is an undoubted sweep.

Wasshe deaf or otherwise afflicted?

"Oh, no," was the answer, "but she is stupid and never attends to her studies, but uses every opportunity to read story books." Carmen Sylvia walked quietly up to the little girl, and putting her hand on the girl's head, said gently what the child was reading, and the latter held up the book to the strange lady. It was "Fairy Stories and Poems," by Carmen Sylvia. "And do you like these tales?" asked Carmen. "Like them, indeed! Oh, how sweet!"

And Carmen Sylvia took the child in her arms, kissed the little flushed face and departed. About a week afterward the child's aunt, for the little maiden was an orphan, received a letter from the queen offering to educate and bring up the child. The offer was gratefully accepted, and now the little one is in one of the best schools in Europe.

Keely Retired.

At the World's fair it was amazing to note the diversity of objects which visitors found the most interesting. One instance was that of an old couple, weary and huddled together, who asked a guard where the Minnesota building could be found. He indicated the direction.

"In there!" said the man.

"Yes, about half a mile from here?"

"Oh, dear! Well, come, Mary, we'll get her through now we're here," said the old man, shouldering his heavy bag.

But the woman was more garrulous.

She detained the guard long enough to explain that they lived in Minnesota 32 years and then moved to Ohio, where they were going back to Minnesota.

"We were going through Chicago, so we just stopped off two hours to see the fair. We don't know much for fair-going way. All we want to see is the Minnesota building, an we are bound to see that if it takes half a day!"—Carmen's Companion.

Flies on the Wings.

A Russian has discovered by patient research that the wings of a fly vibrate 300 times in a second, from which he infers that a fly can perform the distance of one kilometer per second, which is the rate of speed of a locomotive train. By flying.
