NEWS DOTS FROM IRELAND

Interesting Paragraphs Concerning the Doings of Our Friends Across the Ocean,

Gathered from All Parts of the Emerald Isle for Our Readers.

CONNUGHT.

GALWAY.
Dr. Moffett, President of Queen's College, Galway, has been informed that the Queen's letter removing him has been withdrawn, and that he is to continue to hold his office as heretofore.

The Clifton Board of Guardians are about introducing water-works, a scheme which has been in contemplation for years past. The estimated cost is about £1,000, and the Government has given £500 of this sum as a free grant out of the Relief of Distress Fund, with the stipulation that no unskilled laborers be employed upon the works except those whose names have been submitted to the Local Government Board as fit subjects for relief. The lake from which the water supply will be obtained is quite convenient to the town.

LEITRIM.

At the Carrick-on-Shannon petty sessions, a number of prosecutions, arising out of a disturbance at Kiltobert, near the town on the 26th February last, were disposed of. In November last a farm at Kiltobert, from which two brothers named Daly were evicted, was grabbed by a man named Moreton, who has since been boycotted, and against whom the greatest bitterness of feeling has prevailed. On the 26th February last, a large crowd of some 600 people, headed by three bands, passed near the farm in question, when, it appears, they were attacked by Moreton, who pulled from his pocket a revolver, and endeavored to obstruct the entire crowd. A summons was brought by one of the crowd for this alleged obstruction, and the Crown had four members of one of the bands which headed the procession prosecuted for intimidation towards Moreton upon the same occasion. The first summons brought was in the name of John Carthy, Annagheary, and against Jas. Moreton, Grange. Complainant asked that the defendant be bound to the peace.

ROSCOMMON.

Bon-fires were lighted in and around Athleague, when it became known that Mr. John Murphy of that place was elected Master of Roscommon Workhouse.

The Lord Chancellor has appointed Dr. J. F. Roden, Keadue, to the Commission of the Peace for county Roscommon. The appointment has given general satisfaction, as Dr. Roden was ever a sterling Nationalist.

The rent question on the King-Harman estate has been practically settled. Mr. Justice Boyd having, on the motion of Mr. Bodkin, M.P., vested in Major Murphy, the Receiver, the power of alleviating distress on the estate, he has set to the work of doing so. Loads of seed-potatoes are being distributed to deserving tenants.

SLIGO.

Mr. Finlay, Wine street, Sligo, was badly injured recently, by falling through a trapdoor in one of the stores on the quay, a distance of 29 feet. He was insensible for a considerable time, and, it is feared, has sustained severe internal injuries.

The body of a woman named O'Connor, wife of Bryan O'Connor, a carman in the employment of Mr. Edward Foley, was found in the Garvogue. Life was extinct. The woman was the mother of three children, and her husband was away from Sligo and did not hear of the death until the inquest was held. It is rather a mystery how deceased could have got into the water as the river is protected by three feet of a wall where the body was discovered, and there was no current sufficiently strong to carry it from the slip higher up.

LEINSTER.

CARLOW.
The result of the recent Poor Law elections in many parts of Ireland are eminently satisfactory. In the county Carlow, where the National Party seems to have fought as unitedly as in the old days, no fewer than five Tory seats were captured.

DUBLIN.

Miss Eleonora L. Fleury, M.R. and M.D., has been appointed by the Governors to be Assistant Physician to the Richmond Lunatic Asylum, Dublin.

KILKENNY.

A terrible explosion occurred on the railway between Kilkenny and Waterford recently. As the train was approaching Mullinavat, the boiler of the engine burst, blowing John Hollyman, the driver, to pieces, and mortally wounding the stoker, James Hollyman, son of the driver. The Hollymans, who were aged respectively 54 and 20 years, were natives of Wexford, but had resided for a long time in Maryborough where they were well known.

KING'S.

At the last meeting of the Tullamore Board of Guardians, a resolution previously passed in favor of adopting the provisions of the Seed Supply Act was rescinded, there being only one dissentient.

LONGFORD.

Mr. Edward Donohoe, jun., Dromard, has been appointed to the Commission of Peace for the county Longford.

LOUTH.

Mr. John Dowling, who has recently joined the Dundalk and Newry Steampacket Company, as traffic manager, after ten years' service with the Clyde Shipping Company, was, before leaving London, presented by the staff of the latter company with a handsome testimonial of their esteem and regard in the shape of a massive bronze and marble clock, with bronze ornaments to match, together with a gold watch for his wife. The presentation took place on board one of the steamers of the company, and there was present, in addition to the members of the London staff, a number of the personal friends of Mr. Dowling.

MEATH.

News was received in Slane recently, of the death of the Rev. Peter Kelly, P.P., which had taken place, at Rostrevor, on the previous day, from heart disease. The news caused the deepest regret to his parishioners, the people of Drogheda and of the counties of Louth and Meath. The deceased clergyman was a native of Rochford Bridge, county Westmeath. His remains were removed from the Mourne Hotel, Rostrevor, to Slane, and remained in the church for the night. They were received by Rev. Father Hughes, P.P., Beauparc. The Mayor of Drogheda, Mr. B. Nulty, the Magistrates, Aldermen, and Town Councillors of Drogheda, and a large number of the people of Boyneside, as well as many of the late parishioners of the deceased were present at the station and accompanied the remains to Slane.

QUEEN'S.

At the recent meeting of the Abbeylegg Board of Guardians a letter was read from the Rev. Brabazon T. Disney, Rector of Abbeylegg, complaining that an inmate of the Workhouse Hospital, named Swayne, who was a Protestant, had been unduly influenced to change his religion. The Master of the Workhouse had made the following entry in his journal:—I beg to ask permission of the Board to change on the register the religion of William

Swayne, a patient in the hospital, who, wishing to profess the Catholic faith, was attended by the Roman Catholic Chaplain. The man, it appears, was supposed to be 105 years old when, in his last hours, he expressed the desire to become a Catholic. On the motion of Mr. C. E. Corcoran, solicitor, a report on the case, from the nurses and the Chaplain, was ordered for the next Board meeting.

WEXFORD.

The ceremony of blessing the foundation of a new Catholic school for New Ross was performed by the Very Rev. Canon Kavanaugh, assisted by Rev. Walter Rossiter, C.C.; Rev. T. Quigly, C.C. The community of the convent were also present at the ceremony. The building is in the hands of Mr. Doolin, architect, Dublin, who prepared the plans and specifications for a suitable, commodious and comfortable school. The contract has been given to Mr. Andrew Cullen, New Ross.

WICKLOW.

The Bray Township Improvement Bill passed through its final stages, before the Select Committee of the House of Commons.

MUNSTER.

CLARE.

Mrs. Sarah Parsons, widow of the late John Parsons, ex-chairman of the Ennis Town Commissioners, drowned herself in the River Fergus recently. Shortly before noon she called at the Post Office, and then, after passing over Carroll's Bridge, it seemed she turned down Brewery lane, and deliberately threw herself into the river. Some people standing on the bridge witnessed the occurrence, and gave the alarm, but there was no one present who was able to render assistance. The body floated on the current for about five hundred yards, and when it came near the police barracks a ladder was lowered, and two civilians got into the water, and with the aid of a rope and fish gaff, succeeded in lifting the body on to the road way. Life was then extinct. The remains were removed to the yard of the Abbey Tavern close by. Deceased was about sixty-five years of age, and connected with a respectable Protestant family in Clare. Since the death of her husband she had carried on the printing business in which he was engaged, but of late was unsound in mind.

CORK.

Youghal Town Commissioners have decided to contribute £1,000 towards extending the sea wall at Youghal, to protect the harbor.

At the Cork Police Office, three privates of the South Lancashire Regiment named Thomas Andrews, John Loftus, and Thomas Martin were returned for trial on a charge of having maliciously broken a pane of glass, value £8, in the shop of Mr. Edward Love, in Marlboro' str., and stealing a small bag of barley meal. The act was apparently one of pure wantonness.

KERRY.

In the beginning of March, a farmer named Donovan, living at Gortnamona, near Ballydehob, made a rather interesting discovery while working on his farm. It appears that while engaged in some tillage operations in one of his fields, on which is an old fort, he came upon a small tin box containing a number of very old silver coins, Irish and English, some of which bore dates as far back as the 14th century. The find is supposed to be very valuable from an antiquarian point of view.

LIMERICK.

At the last meeting of the Limerick Board of Guardians, the Master reported that a male lunatic named Michael Hartigan had stolen out of the chapel, during Mass, recently, and escaped over the main wall. A keeper, accompanied by the labor-master, were sent in search, but up to the last accounts no trace had been found of the fugitive. The matter was reported to the police, who are also having a look-out kept.

TIPPERARY.

The Town Commissioners and people of Nenagh are at present engaged in a very commendable work—the establishment of an extensive public library in the town. Portions of the new Town Hall, when in course of erection, were specially designed and fitted up for the purpose of a library and reading-

room, and it has been decided to utilize these apartments.

WATERFORD.

The Lord Chancellor has appointed Mr. Patrick McCarty, Ballyduff, Mr. John Riley, Dungarva, and Dr. Thomas Shanahan, M.D., Kilmacthomas, to be magistrates for the county of Waterford.

The greatest gratification is felt in Dungarva at the appointment of Mr. John Vincent Kiely to the Commission of the Peace. Mr. Kiely is one of the largest merchants in the district, a gentleman who has travelled a great deal, and a good Nationalist. He is President of the local Sacred Heart Society.

ULSTER.

ANTRIM.

James McMurray, a retired gardener living alone in Crawfordsburn, near Bangor, was reported to the police as having mysteriously disappeared. Most of the man's clothing was found in his house, which led to the opinion that the man was practically in a nude state when he disappeared. Sergeant Kearney and two constables immediately proceeded to investigate the matter, and after a lengthened search the dead body of the man was found in a large garden tank, which was filled with water.

DONEGAL.

Mr. Morley has at length decided to open relief works in the congested district of Termon, near Kilmacrennan. Mr. Raymond, Royal Engineer, Chatham, has recently passed through there, to lay off and superintend the works, which will consist of repairing roads and building a bridge. The works, however, are only intended to give employment to about 75 men,—a miserable, chess-playing arrangement, out of all proportion with the needs of the district.

DOWN.

Kilcoo and Dromore branches of the Irish National Federation have contributed £50 to the Parliamentarian Fund. The action of the Nationalists of Ulster in the present crisis, is certainly worthy of men who believe in the future of their country.

Otter Lodge, the residence of Mr. John Hamilton, P.L.G., manager of Henry Matler's factory, Dromore, was destroyed by fire, only the walls being left standing. His wife and children narrowly escaped with their lives. An extensive range of out-buildings, two stories high, was also reduced to ruin. Twenty-two cows and three horses were burned, and some valuable contents of the stores were also destroyed. James Mur-naghan and Lizzie Camac, who, it is alleged, had been drinking, and had surreptitiously entered one of the outhouses the previous night, were burned to death. Their charred remains were found among the ruins. It is supposed that they accidentally set fire to the place. The property was insured.

MONAGHAN.

At the meeting of the Castleblaney and Clontibret branch of the National Federation, it was resolved: That we congratulate the people of the district on the successful candidature of the National candidate, Mr. James Mallon, who was placed at the head of the poll of the election of P.L.G. for the electoral division of Carrickslane with the splendid majority of 72 votes.

At the last meeting of the Monaghan Asylum Board, a resolution was adopted recommending the erection and establishment of a separate lunatic asylum in some central place in Cavan, as we (the Board of Directors) consider it would be better for the patients and cheaper for the ratepayers of the county in the end, as the expenses of the Monaghan Lunatic Asylum have increased and are increasing every year; and we protest against the proposed outlay at Monaghan, as the amount to be expended would, in our opinion, be sufficient to purchase a suitable place in Cavan.

TYRONE.

Information is asked for, through the Irish papers, concerning Neal Donohue, who left Parkmore, county Tyrone, 27 years ago, for California. When last heard of, 12 years ago, he was at Buffalo Ranch Farm, California, and had been living with his sister, Sarah Collins McKee, Wyandotte, Butte County, Nevada. News of him is sought for by his mother.
