A clergyman in Cashing Ma, is reported to have a unique way of securing texts. He passed around alips of papers, upon which the paople wrote various texts that they would like to been presale. ed from. He then passed around a heat and gathered up the slips and asked a young lady present to shoots one with out looking. She drew forth the text, "What think ye?" upon which he presched, according to report, a very excellent sermon. This method is once tainly unique, but we admit an old fault-ioned preference for a text selected early in the week and several days of careful thought and study devoted to the discourse presched upon it. - Augusta (Ga.) Journal.

Hate of the modern style were first made by a Swiss at Paris in 1404. Before that time hoods and caps were gonerally worn.
