SIMETALLIC CONVENTION.

W. J. Bryan Replies at Memphis to Secretary Carlisle's Speech.

MEMPHIS, May 25.—Memphis is the storm center of the South just now in the agitation of the all absorbing currency question.

Close on the heels of the sound money convention at the Auditorium comes a rousing meeting of an equally numerous class of citizens, whose slogan is "Honest Money."

Their guest of honor was the eloquent young Nebraskan, W. J. Bryan.

Shortly after the sound money convention was called the silver people got to work upon a counter demonstration, with the result that Mr. Bryan consented to reply to the speech of Secretary Carlisle at a meeting held at the Grand opera house.

Mr. Bryan was introduced by E. H. Carmack. A considerable part of his speech was taken up with comparisons of Secretary Carlisle's last speech with utterances said to have been made by him in 1878. He said in conclusion: "What need is there for bimetallism if the gold standard will furnish a sufficient amount of money? The confession that bimetallism is desirable destroys all arguments advanced in behalf of gold monometallism, and when one has admitted the desirability of bimetallism he must either favor the restoration of it by the United States

CONGRESSMAN BRYAN.

alone or submit the destinies of this people to foreign nations.

"It has been well said that it is more dangerous to put an English banker at the head of our financial system than to put an English admiral at the head of our navy or an English general at the head of our army."

Congressman Bryan was followed by Congressman J. M. Allen of Mississippi in a humorous and interesting speech.

CONDITION OF CROPS.

Weekly Report of the Weather Bureau at Washington.

WASHINGTON, May 29.—The weather bureau in its review of crop conditions for the week ended May 27 says:

Upon the whole the weather conditions of the week have been unfavorable. Farm work has been retarded in the Gulf, Middle and South Atlantic states from excessive rains, which crops generally need from the Ohio valley westward.

Complaint as to the unfavorable effects of the unseasonable low temperature on crops is general throughout the Middle, Central and Southern portions of the country.

Cotton has suffered seriously, especially on sandy soil, and is reported as dying in portions of the Carolinas, Georgia, Mississippi and Arkansas, and complaints of injury from lice are reported from Louisiana and Mississippi.

Florida reports cotton late, but healthy.

Replanting of corn has been general during the week owing to recent frosts. In Indiana most of the crop had to be replanted. Kansas reports corn doing well and in Nebraska the early planted is in good condition, but rain is needed to bring up that recently planted. In the Southern states the general condition of corn is good and in some sections cultivation is finished.

Tobacco planting is progressing rapidly in Kentucky and has begun in Maryland where plants are abundant; in North Carolina planting is nearly finished. Ohio reports tobacco plants in poor condition.

Winter wheat is reported as in good condition in Northern Illinois, but in poor condition in the central and southern portions of the state.

The condition of wheat has declined rapidly in Missouri owing to drought and insects.

In Indiana some wheat has been plowed and planted in corn and the crop has sustained further injury from frost in Ohio.

FAILED TO AGREE.

Jury In the Hyams Murder Case Discharged and Retrial Ordered.

TORONTO, May 25.—The jury in the Hyams murder trial came into court at 9 o'clock without arriving at a decision. Judge Street remarked that the jury had already deliberated several hours, and if no verdict could be obtained in that time it was hardly likely they would agree. He then discharged the jury.

The result is the Hyams will be retried at the fall assizes. The careworn look on the prisoners' faces vanished somewhat when the case was thus reserved.

Three ballots were taken by the jury, the first of which gave five for acquittal and seven for conviction; the second gave nine for acquittal and three for conviction; the third 10 for acquittal and two for conviction.

Dallas Hyams, after being taken into the prisoners' anteroom, showed signs of great excitement. He began to disrobe himself and looked as if the trial had proved too great a mental shock.

She was discovered at an early hour by her aged mother in an outhouse, and it is thought the deed was committed about daylight.

Mrs. Machen had large landed interests in Lyon county, but her health had been bad and she had lived with her sister here since last fall. Suffering had unbalanced her mind.

Senator Machen was appointed by Governor Leslie and served one term.

BUCHANAN AT ALBANY.

A Fourth Time He Hears His Doom Pronounced.

DIES THE FIRST WEEK IN JULY.

Judge Andrews Hears Arguments Pro and Con—Orders That the Original Sentence Be Executed—Review of Buchanan's Fight For Life.

ALBANY May 27.—For the first time in the history of the court of appeals a condemned murderer was brought before the bar of the court this morning to show cause why he should not be resentenced to die and if he cannot show satisfactory cause he will probably be resentenced by this court.

The man is Dr. Robert W. Buchanan and besides this extraordinary proceeding in his case there is the further remarkable fact that for the second time Dr. Buchanan gets a glimpse of the world in being brought from his cell to Albany, the other time being when he was taken to New York for resentence.

Judge Andrews, after hearing the motion of District Attorney Fellows and the argument of Counsel Gibbons, ordered "that a warrant shall issue, commanding the warden to do execution of the sentence heretofore pronounced against the prisoner, during the week beginning July 1.

The criminal annals of the state show upon their face no such remarkable case of a fight for life as this one of Dr Buchanan's. He was convicted on April 18, '93, of having murdered his wife and was sentenced to death. The case was appealed to the court of appeals, but because of the vast amount of evidence to be printed was not considered by that tribunal until one year after, the appeal in the meantime acting as a stay of execution. The court of appeals unanimously declared him rightly adjudged, and he was taken from Sing Sing to New York and resentenced. When he was fairly back in Sing Sing again, his lawyers appealed on technical grounds to the United States court. This court denied the appeal and then his counsel appealed to the British consul on the ground that he was a citizen of Great Britain.

That official refused to interfere, and and upon the eve of execution Buchanan's first wife secured a reprieve from Governor Morton on the ground that he was not prepared to die.

In the meantime another application was made to the United States court for a writ of habeas corpus, and although District Attorney Fellows declared that this could not act as a stay of execution, the prison warden upon the advice of the attorney general, refused to execute. The United States court dismissed the appeal and the application made today is for a resentence, the time set for the execution having elapsed.

The civil service board of police has been constituted as follows: Inspector Conlin, Captains Cortwright, Brooks and McCullah and Smith.

At the close of the meeting of the commissioners ex-Chief Byrnes left the room and was immediately surrounded by a score of his friends.

"Well, good-bye boys!" he said sadly, and he shook hands all around.

Death of John A. Morris, the Noted Horseman.

HOUSTON, Tex., May 27.—A special from Kerrville, Tex., says:

John A. Morris, the celebrated turfman of New York, died at his ranch, 18 miles from here, at 6 o'clock last evening. Mr.

JOHN A. MORRIS.

Morris arrived here on Thursday in a special car. With him were A. Natalie, Mr. Belden, Sr., Mr. McDonald and W. W. Williams of New Orleans.

On Thursday he went out to see a fine horse that had been bitten by a rattlesnake and which Dr Belden treated with aconite.

On Friday at noon Mr Morris was seized with a fit of apoplexy and never recovered consciousness, though physicians from San Antonia were summoned.

His wife and friends in New York were telegraphed and are now en route on a special train. At New Orleans they will be joined by Mr. Belden, Jr.

Mr. Morris was one of the best known horsemen in the world and for years has kept up a magnificent breeding ranch in this (Kerr) county. He was in the best of health and spirits up to the moment he was stricken.
