DOWN

Intelligence was spread through the Keady district of a shocking occurrence which had taken place recently. John Heenzn, a young man, of about 30 years of age, was discovered by some of his friends, in his bed with his throat cut from ear to ear. The only cause which can be assigned for the awful act is that the deceased had been drinking heavily for some time past, and that some legal proceedings in which he was concerned, some time ago, weighed beavily on the unfortunate man's mind.
