

## CITY PARISH NEWS.

What's Going on in the Various Parishes.

**Corpus Christi.**  
In the rear of Corpus Christi Church on East Main street Tuesday evening a lawn fete was held under the auspices of Branch 139, O. M. B. A. About 500 persons were present. The lawn was tastefully trimmed with red, white and blue bunting, and Chinese lanterns were strung from poles around the edge of the yard.

The following named ladies were in charge of the different tables: ice cream table No. 1, Madames Garvey, Legler, Dunn and Cunningham; ice cream table No. 2, Madames Gifford, Kammer and Hocke; ice cream table No. 3, Misses Kehoe, Lavin and Gavin; lemonade booth; M. Kinsley; candy booth, Misses Gertie Dodd and Winnie Murray; pop and ginger ale booth, Fred Tyler, S. Boyle and M. G. Legler. The proceeds of the fete, it is estimated, will amount to \$500 and will be added to the fund for the building of the new church.

### HOLY APOSTLES.

It would not be easy to accurately estimate the number of persons who attended the lawn fete given by Holy Apostles Church at the corner of Lyell Avenue and Austin Street Wednesday evening. The lawn was gaily decorated, and the different booths were tastefully festooned with red, white and blue bunting.

The large attendance so far exceeded all anticipation that the first supply of ice cream was exhausted, then a second supply of the frigid delicacy was devoured.

There were six refreshment tables, which were under the supervision of Rev. T. C. Murphy, assisted by two score of young ladies. The cigar stand was in charge of Miss Linda Major, and the ginger ale and pop booth was presided over by Miss L. Schwab.

The object of the fete was to realize funds for the building of the new church, and the project received a good start. It is estimated that the proceeds will amount to \$600.

### ST. PATRICK.

Last Thursday the feast of the Assumption was celebrated by solemn high mass at 8 a. m.

### St. Peter and Paul.

The members of the choir of this Church had their annual outing at Bay View last Tuesday. They went by way of Bay Railroad and returned by the steamer Scottie to Summerville. A very enjoyable time was had by all present.

Sunday the Knights of St. Paul and Peter will entertain the Knights of St. Paul of Toronto at the Parish Hall. The Board of Directors of the Y. M. C. have decided to have open house for the visiting Knights on that day.

### St. Mary's.

The recent Carnival netted a little more than \$4,500. This result is very gratifying to Fathers Stewart, Smeltz and Farron, as well as those who assisted at the Fair.

### Reception at Sacred Heart.

With the beautiful and impressive ceremonies peculiar to the event and rendered more impressive by the fact that the novice is the sister of the officiating priest, Anna Mary Hanna was received into the sisterhood of the Sacred Heart at 9 o'clock Thursday morning.

Long before the appointed time the chapel of the convent was filled with a large assemblage. At 9 o'clock the sisters silently took their seats and the services were begun, the convent choir rendering the liturgical parts of the service excellently. Before receiving the vows of the new sister Rev. Dr. Hanna said in substance: "Woman's mission in this world is to help the weak and weary, uplift and purify the lives of her fellow beings and make them nobler and better. This can only be accomplished by the enabling and bettering of herself. The need of the higher education for women is receiving just attention in this century. We are beginning to recognize the fact that by educating them in the ways of life and the world and its needs, the world by that knowledge can be made better and uplifted to a nobler and purer height. For that purpose these women have banded themselves together and by lives of service and devotion to heaven they hope to be able to teach their fellow beings the better life and thereby accomplish the work of the Master."

After receiving the vows of the sister Dr. Hanna, assisted by Very Rev. Monsignor De Regge, chancillon of the diocese, and Rev. Fr. Kiernan, celebrated mass. The chapel was beautifully decorated with flowers and potted plants.

## Ordained at Rome.

On the 15th of July at the American College in Rome, Michael J. Nolan was raised to the dignity of the priesthood. Father Nolan is a child of the Rochester diocese, and a native of Ithaca. Born in the year 1870, he was educated in the public school's with the exception of one year spent in the parochial school, graduating with the first class ever graduated from the school. In the year 1884 he entered St. Andrews preparatory Seminary in this city, and after finishing a four years course, was sent to Rome to complete his studies.

Although Ithaca is one of the oldest parishes in the Diocese, Father Nolan has the honor of being the first priest to claim that city as his birthplace. His father, mother and sister are still living there, and a brother is the well-known jeweler of this city, James M. Nolan.

Rev. Father Nolan expects to remain in Rome another year taking a higher course of study, after which he will return to Rochester. Father Nolan was very fortunate in his attainment of saying his first mass. It was said at the tomb of St. Peter in the underground church of St. Peter over the spot where the prince of Apostles was buried. It will be a pleasant thought to recall in years to come that he said his first mass as near as possible to the "rock" upon which Christ founded his church, and in which this young priest's life-work is dedicated.

## Union Club Picnic.

The members of the Union Club and their friends, to the number of about 200, held a picnic at Seneca Point-on-Seneca lake Tuesday.

The first athletic events of the day were two ball games between the married men and the unmarried men. The married men won both, one by a score of 15 to 8 and the other by a score of 1 to 8. The feature of the games was a home run hit by J. W. Garberry which brought in four runs and the ball was never found. The married men were captained by James L. Whalen and the unmarried men by John L. Madden. James O'Rourke pitched for the married men and Valentine Keogh was in the catcher's box. Morris, Bassett and Whalen were battery for the single men. P. Caney inspired the first game; and John Reddington the second. John Madden was awarded a prize for the most brilliant play in the game.

The women's race for 50 yards straight away was a tie between Mrs. Valentine Keogh and Mrs. Mortimer McNamee, each of whom received a handsome lace pin as a prize. The single men had a race for 100 yards straight away, go as you please, which was won by John McGrath. James Whalen won the fast man's race for 100 yards and the girls' race for 50 yards was awarded to Miss Connolly. Francis Madden won a handsome boy's bicycle as first prize in the boy's running race and was so proud of it that he insisted upon riding it back to Rochester.

Judge Ernst was in charge of the sports, assisted by Charles E. Barnes, Judge John F. Kinney and Tony Morrill acted as announcer in all events.

A local newspaper says the good people of Newburgh, N. Y., should not permit themselves to be worked into a real frenzy because the postoffice department has decided to drop the letter "B" from that city's name. There are in the United States nine postoffices named "Newburgh" and eight named "Newburg." Why can't the postoffice change the spelling so that no two names of postoffices will be alike? To be sure the good people of Newburgh, N. Y., might object to be officially known as Nooburgh, but the confirmation of address must be prevented somehow. There are thirty-one postoffices in the United States named Washington, and if the authorities adopt this somewhat facetious suggestion they will have to offer prices for the best method of spelling Washington in thirty-one ways, no two alike.

The Secretary of the Navy has ordered a new test of armor plates which bids fair to produce practical and valuable results. Under his ruling the experiments will be made to nearly as possible the same as those which obtain in a vessel that might be struck. Instead of backing up the arms in such a way as to add to its resisting power he has directed that there shall be placed back of the armor plate twelve inches of oak, two plates each, five-eighths of an inch thick, a log of cedar, and then the coal bunkers, in all about six feet of backing. If the navy's projections get through, soon there will not be much armor left.
