S. BONIFACE.

The Young Ladies' Society of St. Boniface will receive communion in a body, with the Children of Mary Society and the first Communicants of last year, at early mass Sunday, April 12th, which will be held hereafter at 1:30 o'clock.

The marriage of Joe Weis and Miss E. Cook has been announced to take place in about two weeks.

An Easter entertainment was given Wednesday and Thursday evenings in French Hall on Pleasant street by the young people of Corpus Christi Church. The programme consisted of a piano duet by Helen Garvey and Gertrude Dodd, a vocal solo by Joseph J. Slattery, a dialogue by Joseph Garvey, Maurice J. Murphy and Thomas Ford, a recitation by Mae Mather, a dialogue by Harry M. Kelley, James Murray, James McCall and John Meagher, mandolin selections by Ralph Hicks and J. Harry Shale, a dolls' drill by twenty young ladies, a concert recitation by ten young men, a pantomime by seventeen young ladies, a scarf drill by eighteen young ladies, a laughing song by seven young men and young ladies, and a four-scene drama "Olge" in the cast of which were the following: Harry M. The proceeds of the entertainment, are to go to the new church fund. The Sisters of Corpus Christi Church, under whose direction the entertainment was prepared, deserve some credit for the way in which it was carried out.

HOLY ROSARY CHURCH.

The Church of the Holy Rosary at the corner of Lexington avenue and Finch street will after July 1st have a permanent pastor in the person of Rev. John G. Van Nee who has been the temporary spiritual adviser of the church for the past two years. Bishop McQuaid has just made the appointment to take effect July 1st.

The mission of the Holy Rosary was established some five years ago, and since its institution it has been attended by priests from the Cathedral, but the congregation has grown so rapidly that the bishop decided Holy Rosary should be a parish.

CLERICAL CHANGES.

Rev. Fridolin Pasquier Returns to Germany and Fathers Hargather and Nettel Called.

Rev. Fridolin Pasquier has resigned the pastorate of St. Michael's Church, North Clinton street, preparatory to return for permanent residence in his native country, Germany. After his announcement of the fact to the congregation last Sunday there were many manifestations of sorrow. Rev. Father Pasquier came to this country and city twenty-two years ago. He was appointed pastor of St. Michael's by the bishop immediately after the organization of the congregation and through his energy and under his guidance the people erected what is considered by many the most beautiful church interior in the city, accompanied with school buildings, parochial residence, etc. The rectorship of St. Michael's is one of the few of permanence in the diocese of Rochester, and in relinquishing it the reverend gentleman retires from a life-work in which he may feel a pardonable pride and full consciousness, as he ends his days in the fatherland, that he leaves behind him a fitting monument of his sojourn and service in America.

Bishop McQuaid has appointed to the vacancy of St. Michael's Rev. Mathias J. Hargather of St. Francis Xavier Church, Bay street, and has called to the latter Rev. Joseph Nettel of St. Alphonsus, Auburn.

The Singing of Birds has Come.

On the 1st inst at Heenan's opening, 88 East Main street, your representative had the pleasure of listening to the warbling of canary songsters which fairly made the air resound with bird music. Mr. Heenan makes every day an opening, giving to the trade all the latest styles in Ladies' capes, waists, and jackets the Eastern market can produce.

The remains of Patrick Kane, who died in Fort Madison, Ia., were brought to Rochester Sunday, and interred in Holy Sepulchre Cemetery.

Her remains were brought to this city for interment, which took place from her home, No. 46 Woodward avenue, and from St. Mary's church on Monday last. The requiem mass was sung by Mrs. L. B. Savard and Miss Eva Taylor. "There is a land mine eye bath seen" was also repeated in a pathetic and feeling manner by Miss Taylor.

HIS OWN FIREMAN.

President Cleveland Will Be Given an Extra Mile for Gray Gables.

President Cleveland will have to be his own fire department, hereafter whether he wants to or not. The town of Bourne at the recent town meeting voted an appropriation for the purpose of supplying every residence in the town with a hand fire extinguisher.

"The appropriation means," stated one of the officials to a reporter, "that every house will be provided with extinguishers, and in his home each resident will be prepared to fight fire. This will be the only means we will have for putting out fires. We have been relying upon Providence in the past."

"Gray Gables, the president's summer home, and Crow's Nest, where Mr. Jefferson spends the summer, will be supplied with these extinguishers, the same as the other cottages." The description of the fire extinguishers will begin in a few days.

Another Scandal at Home.

A gentleman in the swin tells me that another divorce scandal will soon shock a goodly section of society. The man in the case is known the country over, and had long been a high roller on two continents when he wedded a beautiful and wealthy woman and settled down after first sweeping off. The honeymoon has lasted for some time, but hubby is now a backslider, and an agreement to disagree in the outcome. In due time the lid will be lifted, and the "I told you so's" will be in clover. —New York Cox, Pittsburgh Dispatch.

After the Game.

A torpid liver has frequently succeeded in convincing man that he is fairly reeking with statesmanship and independence.—Washington Post.

A Year From Now.

A year from this Mr. Olney will go back to his large Boston practice, or may be into the White House; Mr. Lamont, to his business interests in New York, if not into the governor's chair; Mr. Herbert to the practice of law in Alabama, probably; Mr. Wilson either to the practice of law or to the presidency of some university or to congress; Mr. Hale Smith to Georgia as a lawyer; or to the United States senate; Mr. Harmon back to the bar; Mr. Morton to farm, possibly in Virginia. The president, who could not lead an idle life if he tried, will probably go back to New York, resume the practice of law, and work as hard as ever.—Washington Post.

Cook Opera House.

Much interest will attach to the coming engagement of the first half of the week at Cook's of Mr. William Haworth's melodramatic picture of southern life "On the Mississippi." In this week Mr. Haworth has given to the stage a reflex of southern life 1865-6, a period directly following the war, when the work of reconstruction was in progress and the country given over to the depredations of bands of the lawless, who at that time styled themselves "Ku Klux." His characters are all well drawn and suited to the locality and period in which he has placed his work. The comedy element is plentifully supplied by a series of quaint southern characters, who in one scene appear in the festive dress of the Mardi Gras carnival. Schemically the piece is done even to the sounds of the spectators, and dramatically by an excellent corps of actors.

Academy.

As a decided change from the sombre melodramatic performances of the past three weeks Manager Cook announces the engagement for the coming week of Harry Morris' entertainers, comprising vaudeville and burlesque combined. Among the many entertainers are such well-known artists as May Adams, the Brothers Roasi, first Americans to appear in their European novelty entitled "The Mystery Sweetheart." This act must be seen to be appreciated, as it defies description. Next on the long list comes Thompson and Collins, the parody kings, Fitzgerald and Kelly, comic wits, dancers and expert boxers. Next in line follow the Dawson's, who finish their act on 10-inch roller skating stunts, McBride and Gordon in an original Irish novelty, "After the Land," Domestic and Lorraine, the aerial boxers, and others of equal merit, closing along and varied programme with Fitzgerald and Kelly's burlesque on "The Isle of Champagne."

Wonderland Theatre.

A clavier company of high class vaudeville artists have been engaged at this house for the coming week, as will be seen from the following list: Harwetz and Bowen, a duo of burlesque travesty artists new to Rochester, who come here with a first class eastern reputation; they should prove good card here. Heely and Mario, a team of wonderful comedy artists who are creating a furor wherever they appear. The Dawson's, novelty sketch duo, who introduce some wonderful work on bicycles and roller skates, finishing their act with some great acrobatic and posturing tricks on 36-inch high roller skate stunts. Bryant and Seville, prettier comedy musical artists, introducing good genuine comedy and good selections on a great variety of musical instruments. The Lorretti's, hand shadowgraphists, necromancers and big show dancers—a decided novelty, and Monroe with his celebrated pony and monkey circus. With a strong show like this the house should be crowded at every performance.

Judge Friend Blamest \$2.

In the law and equity court the other day Judge Sterling B. Tuney of Louisville, who is a great stickler for promptness, turned up late, and on presentation ordered himself fined \$5 for contempt of court. When his docket had been cleared, he remitted the fine and all others of a like character that had been imposed on jurors and others during the week.—New York World.

Perfect Wisdom.

Would give us perfect health. Because men and women are not perfectly wise, they must take medicines to keep themselves perfectly healthy. Pure, rich blood is the basis of good health. Hood's Sarsaparilla is the One True Blood Purifier. It gives good health because it builds upon the true foundation—pure blood.
