NATIONAL POLITICS.

News Notes and Gleanings of Varied Interest.

Whether Quay was sent for, or whether he went to McKinley of his own accord, is a question which is bothering political workers a great deal just now. Quay's closest friends are well satisfied, however, that whatever the reason for the visit Quay took good care of himself and of them, in case the Ohio protectionist shall be made president.

Collector of Internal Revenue Joseph E. Dowling of Cincinnati and Surveyor of the Port Henry D. Lemon of the same city have had a conference with the administration managers concerning the political situation in Ohio. Dowling and Lemon have informed the administration people that the Ohio Democrats are bound to declare for free silver in their state convention, that the unit rule will doubtless be adopted and the 46 votes of Ohio cast for silver and a silver candidate at Chicago. Senator Erice privately coincides with Dowling and Lemon.

A dispatch from Deadwood indicates that the mine owners there are protesting against the action of Democrats in turning free silver down and in naming a gold delegation to the Chicago convention. This was done in utter disregard of the interests of the Black Hills by political bosses in the eastern end of the state, who are said to be tools of the administration. It so happens the president may be called upon to name another federal judge in South Dakota prior to next March, and no Democratic lawyer of influence could afford to take a stand against the policy of the present administration. The silver men in the Hills promise trouble at the Chicago conven-

HOLY APOSTLES.

CORNER STONE OF THE NEW EDIFICE TO BE LAID TO-MORROW.

The Parish was started in 1884 as a Mission from the Cathedral—Father Murphy its first Pastor—His Week.

Bishop McQuaid will lay the corner stone of the new Holy Apostles church on Lyell avenue with appropriate ceremonies at 5 p. m. tomorrow. The new church is of stone and will cost when completed about \$40,000. It is located at the corner of Lyell avenue and Austin street, on the opposite corner from the present edifice, which is to be utilized as a parochial school when the new church is completed. The latter will furnish seating accommodations for 800 persons. It is built of Medina stone and will be a model of architectural beauty. A handsome portico supported by granite pillars will furnish the main entrance, and the church will be further ornamented by a high tower. The sunshines will enter the church by beautiful stained glass windows, while artificial light will be supplied by a tasteful arrangement of incandescent electric lights. The interior will also appeal to the artistic eye.

The Holy Apostles parish was instituted May 1, 1884, as a mission to the Cathedral. The corner stone of the present church was laid Oct. 5, 1884, and it was dedicated on February 15, 1885, and was the twelfth Catholic church in the city. At that time the parish comprised about 130 families. To-day there are 306 families worshipping in Holy Apostles. The parochial school was opened in 1884 with 115 pupils. To-day there are 350 children receiving Catholic instruction within its walls. Since Holy Apostles was dedicated there have been 164 marriages solemnized there; 806 children have been baptized and 315 funerals conducted.

Rev. Timothy O. Murphy, rector of Holy Apostles, was ordained priest about 18 years ago. He was first stationed at the Cathedral as an assistant. Then he was placed in charge of the parishes of Livonia, Conesus and Honeyo Falls. When the Holy Apostles was created he was made its first rector, and to his untiring and indefatigable efforts much of the subsequent growth of the parish is due. He has also been a public spirited citizen and has contributed much to the development of the Fifteenth ward.

IN NEW QUARTERS.

William T. Fox Establishes Himself on West Main Street.

Mr. William T. Fox, who is too well known to the people of Rochester as a successful plumber, gas and steam fitter to need an introduction, has severed his connection with W. T. Fox & Co. Although the latter company will continue to do business under that name, nevertheless Mr. Fox will have no connection with it.

In future the public, and especially Mr. Fox's friends, are to look for him in his new store, 73 West Main street. The store has been refitted and re-decorated, and Mr. Fox will now be pleased to welcome all visitors.

High class plumbing, gas and steam fitting will be done by Mr. Fox at his new stand, and the work will have his own personal supervision. Everyone that has ever patronized Mr. Fox knows that this means the best of work. Mr. Fox will make the most moderate charges consistent with honest work, too. When in need call upon Mr. Fox, 73 West Main street. Telephone, 445. Thanking his friends for all past favors, Mr. Fox begs to say that all orders by telephone or by mail will receive his prompt attention.
