New Rochester Shoe Enterprise—Special Shoe for Railroad Men, Letter Carriers, Car Men, Policemen, Etc.

After years of attention to the subject, Mr. M. T. Franey, 559 State street, has evolved something in the shoe line which lays over anything ever before brought out for railroad men, letter carriers, street car men, policemen and all whose business requires much walking or exposure to the weather.

Mr. Franey has arranged to manufacture this shoe on an extensive scale, as a result of its immense popularity with those who have worn it, and considering its advantageous points and the low price at which it is sold, "Franey's Special R. R. Shoe" should within a brief time supersede all other makes with the special class for whom it is designed.

This shoe will outlast anything made, is comfortable from the first, and has a trim appearance. It is made of only first class stock and sells at \$2.60 a pair to all the leading styles.

Every railroad man, mail carrier and policeman in Rochester should see M. T. Franey's shoe. Try it, and you will always buy it. Remember the place, No. 559 State, near corner Lyell avenue.

Curative power is contained in Hood's Sarsaparilla than in any other similar preparation. It costs the proprietor and manufacturer more. It costs the jobber more and it is worth more to the consumer.

More skill is required in its preparation and it combines more remedial qualities than any other medicine. Consequently it has a record of more cures and its sales are more than those of any other preparation.

Hood's Sarsaparilla is the best medicine to buy because it is an honest medicine and thousands of testimonials prove that it does actually and permanently cure disease.
