FACTS ABOUT SILVER.

Production and Coinage of the White Metal During the Year.

WASHINGTON, Aug. 18.—From official information received by the treasury department from 21 countries, the coinage of silver during the calendar year 1900 amounted to the aggregate of \$118,072,000. Of this sum, \$13,000,000 was retained, deducting this sum from the total coinage, gives the coinage of silver from new bullion in 1900 as \$105,072,000.

The country putting the largest amount of silver in 1900 was Mexico, with a coinage of \$24,232,800, followed closely by Japan, with a coinage of \$23,887,500; next comes China, with \$8,388,940; Spain, \$7,997,000; Great Britain, \$8,297,100; United States, \$5,698,000; Austria-Hungary, \$5,200,000; France, \$4,910,000; Russia, \$4,200,000; Ecuador, \$3,300,000; Germany, \$3,300,000.

The silver coinage issued by Great Britain during the year for her colonies was:

For Canada, \$1,150,000; for Hong Kong, \$2,300,000; for Straits settlements, \$1,000,000; a total of \$4,450,000.

France coined for India China \$9,200,000 in silver, and for Mexico \$1,000,000.

During the year 1899 the United States received the largest amount of silver, viz. Four million eight hundred and fifty thousand dollars, followed by Austria-Hungary with a coinage of \$1,200,000; England, \$2,100,000; Germany \$1,800,000; Russia, \$1,612,000; India, \$1,510,000.

From Jan. 1 to Aug. 1, 1900, the coinage of silver dollars by the mints of the United States was \$9,500,000, and the coinage of silver half dollars \$1,700,000, aggregating \$11,200,000.

The world's production of silver during the calendar year 1900 is estimated to have been \$220,000,000.

The amount of new bullion used in the coinage, so far as known, was \$100,000,000, and from reports received from 15 countries the amount used in the industrial arts was \$20,000,000, while the exports to the East amounted to \$90,000,000, making the total disposition of the world's silver product for 1900, so far as known, \$210,000,000, and which would leave \$10,000,000 for coinage and use in the arts by the various countries from which no reports have been received.

DEATH OF ABIGAIL DODGE.

The Well-known Author of Parables at Her Home.

HAMILTON, Mass., Aug. 18.—Miss Abigail Dodge (Gail Hamilton), the author, died last night at her beautiful home, from the effects of a paralytic shock. Miss Dodge was stricken with paralysis Sunday morning and immediately became unconscious. Medical aid was at once summoned and Miss Dodge removed to her bed, but while every possible means were adopted to restore her, she never regained consciousness.

Miss Dodge had a similar shock while in Washington about a year ago, but it was thought she had recovered from it entirely although at times her left leg and arm troubled her considerably.

Mrs. Hamilton, who nursed Miss Dodge through her illness, was called upon to care for Miss Dodge at her home and with Miss Augusta Dwyer and other relatives was at the bedside when she died.

No arrangements have as yet been made for the funeral.

Miss Dodge from 1870 until a little over a year ago lived most of the time with her cousin, Mrs. James G. Blaine, in Washington. In the course of this daily contact with the Blaine family, Miss Hamilton was led into a very close friendship with Mr. Blaine and at the death of the latter, she became his literary executor, and as such was put in possession of all his papers and documents of value to her as his authorized biographer. She was engaged as frequently as her health would permit, by Mr. Blaine's biography from the time of his death until the first of last year, and it is thought that her untiring devotion to the work was instrumental in bringing about that prostration. Since the illness, which came on suddenly at the Blaine mansion in Washington, Miss Dodge has lived very quietly at her old home in Hamilton, Mass.

FIRE TRUCK WRECKED.

Struck by a Trolley Car—One Fireman Killed, Others Injured.

RUFFALO, Aug. 17.—Fire truck No. 4 with a crew consisting of Lieutenants Hadden and seven firemen, while responding to an alarm, was struck by a trolley car at the corner of Wolcott avenue and Sycamore street. The truck was stretched across the street cars tracks when the trolley, which was running at full speed, struck it. Every fireman on the truck was injured.

John F. Clark was pinned under the wheels of the trolley, his lungs being perforated by the ring of a ladder. Fred Jacky went under the truck and received a concussion of the spine. He cannot recover. The other injuries are: Lieutenant Hadden, hip bruised; Michael Rosenberger, left leg sprained and contusions; John W. Brechtel, knee sprained; Nicholas Nodler, hip bruised; Anthony Manhard, bruised.

The motor car was smashed to pieces, but the motorman escaped with but slight injury. Both the motorman and conductor of the car have been arrested. James Curran, the motorman, is blameless for the accident, as he says he heard the fire gong, but did not stop, as he thought he could cross the street ahead of the truck.

Unprecedented Heat in Texas.

DALLAS, Tex., Aug. 17.—The sun went down Saturday night upon a parched and withered earth; the mercury registering 103. It came up boiling hot in the morning, and at 10 o'clock it soared 104; as 8 o'clock in the afternoon the mercury reached the unprecedented height of 108 degrees, the hottest weather on record for this section. Men panted like tired hounds from the chase and sought in every way to avoid the intolerable heat. At 11 o'clock a little shower of rain with a gust of wind came upon the famished earth, which sent the thermometer down to 98 and gave the people hope that this was the ultimatum day of the most extraordinary heat ever experienced in Texas.

State Grangers Meet.

WATERTOWN, N. Y., Aug. 19.—There were 5,000 farmers in attendance at the annual State Grangers' gathering at Thousand Island park. Addresses were delivered by Master O. H. Hale and Secretary Goff, deploring the bad conditions surrounding the agriculturists owing to the low prices of farm products.

Church Struck by Lightning.

ROCHESTER, Aug. 17.—During a severe thunderstorm the Third Presbyterian church steeple was struck by lightning. One woman in the congregation fainted from fright. A week ago the First Methodist church steeple was also struck.

M'KINLEY NOT SPEAKING

Will Take No Active Part in the Campaign.

DECLINES TO MAKE ADDRESSES.

Bryan Adds Baltimore and St. Louis to His Itinerary of Republican and Democratic Campaign Managers—Political News of the Day.

CLEVELAND, Aug. 17.—Major McKinley and Chairman Hanna met at the latter's home in this city and talked over the campaign. Mr. Hanna said he was very much pleased with the progress of affairs. More than 15,000,000 documents had been mailed from the Chicago headquarters within the past two weeks.

"The situation in the West is improving daily," he remarked. "The work of education is having a good effect."

Mr. Hanna said the speaking campaign would probably be well under way within the next 10 days. When asked if Major McKinley would take the stump, Mr. Hanna replied:

"Major McKinley has made no change in his plans. He will not take the stump in this campaign. It has been hinted that he might go to Milwaukee to address the convention of the Republican league. He will not do so."

President Welcott, W. G. Beck and Congressman D. B. Stur of Cleveland, a committee from the Tippecanoe club waited upon Major McKinley with an invitation to attend a gathering of Republican workers in Cleveland. The committee said they wanted to consult Governor McKinley's best interests and that they had not forgotten the fact that he had declined invitations to speak elsewhere. He replied to them that he did not like to discriminate in favor of his own state. He said if he spoke anywhere nothing would give him more pleasure than to speak to the workers.

It is understood that Major McKinley had positively declined to be present at the Milwaukee meeting of the National Republican league, and the opinion still holds here among his friends that he probably will address his city politically at gathering a certain date each night.

BRYAN'S ITINERARY.

Has Decided to Speak in Senator Gorman's State.

INVESTON, N. Y., Aug. 17.—To the itinerary already published, Democratic Candidate Bryan has added Baltimore and St. Louis. The fact that Baltimore has been added at the special request of Senator Gorman is evidence that pleasant relations exist between Mr. Bryan and the Maryland senator and that Mr. Bryan will accept Senator Gorman's invitation to return for assistance from the senator.

Mr. Bryan was a trifle annoyed by the story that he and Senator Jones were at loggerheads over the choice of national headquarters. He intimated that while he had favored a change personally, he had not demanded its selection, but had left the choice to a number of Democratic leaders among them Governor Stewart, M. S. Small, Senator Jones and Governor Altgeld, and that the majority had decided upon the Western city, Washington.

The program of Mr. Bryan after his vacation includes speeches in Buffalo, Erie, Cleveland, Baltimore and St. Louis. It is undecided whether the proposed second New York speech shall be made before Mr. Bryan goes West or when he returns to speaking in New England. He said that it rested with the campaign committee to decide whether he speaks in New York again.

Populist Executive Committee.

WASHINGTON, Aug. 18.—The conference between Senator Butler and Senator Jones was not very fruitful, and no conclusion was reached. After the conference the Populist executive committee went into session. The meeting was devoted almost entirely to receiving reports and to an interchange of views as to the condition of the campaign. Nothing was decided upon during the day.

At the Democratic headquarters there was a delegation from Georgia, consisting of Captain Ryan, Howell, Clark Howell, member of the national committee, and Congressman Livingston. These men all declared they had not the least doubt about Georgia going Democratic, not only in the state election in October, but also in the presidential election. This claim is not admitted by the Populists.

National Democratic Convention.

CHICAGO, Aug. 18.—The executive committee of the National Democratic party was in session here and issued the call for a national convention at Indianapolis, Sept. 24.

The call is signed by W. D. Bryan, chairman; John K. Wilson, secretary; Charles Tracy, J. M. Falkner, F. W. M. Cuthbert, Ellis B. Caher, S. H. Holding, John P. Lehman, W. B. Haldeman and John P. Hopkins, executive committee of the National Democratic party.

Congressman's Death Rehearsed.

YORK, Pa., Aug. 18.—The Republican county convention inquired Congressman K. A. Stahl of this county for another term.

Fatally Struck by a Lawyer.

CINCINNATI, Aug. 18.—Frank S. Rothacker of Cleveland was reported dying from a knife wound in the abdomen. He was found in the street after midnight at the head of the Mount Auburn inclined plane and before becoming unconscious he said that he had had a quarrel with Attorney Charles Lundy and that Lundy had stabbed him. Lundy was arrested. He said that Frank and Charles Rothacker had a busted him on a streetcar and afterwards knocked him down. Then he used his knife in self-defense. Rothacker had had a grudge against him ever since he defended him in a divorce suit which was compromised.

Prominent Amsterdam Man Dead.

AMSTERDAM, N. Y., Aug. 18.—Le Grand Schuyler Strang, the oldest jeweler in this city and a prominent citizen, has died, aged 50 years.

Death of a Troy Fireman.

TROY, N. Y., Aug. 18.—Rev. J. R. B. Smith of this city, pastor of the African Methodist Episcopal church, has died.

NO AWARDS MADE.

Bids For New York and Buffalo No High Enough.

NEW YORK, Aug. 18.—The city and city chamberlain approved the bids for the amount of bonds to be issued for the city of New York. The total amount of bonds is \$1,000,000, the amount for the city of New York is \$750,000 and for the city of Buffalo is \$250,000. The bids for the city of New York were \$1,000,000, the highest bid was \$1,000,000. The bids for the city of Buffalo were \$250,000, the highest bid was \$250,000. Two tenders which named prices below par were not under the law. No award was made.

At the meeting of the sinking fund commission to open the bids, the mayor and city chamberlain approved the bids for any bonds at par, while the comptroller argued that it was the duty of the commission to accept the best terms offered, as the city is paying 6 percent on the money it has borrowed to meet current expenses of the several funds which the bonds were designed to replenish.

Both the mayor and the comptroller refused to yield the point and as no bonds can be issued without the sanction of the comptroller and the mayor has the power to insist upon the payment of the bonds, the action of the comptroller, who is open but to advertise for bids for the bonds, and that will be done.

Two Well-known Cubans Deported.

HAVANA, Aug. 19.—Two well-known Cubans Oscar De Los Rios and Miguel Ferrer Picaba, have been arrested and sent to the Zafarrin Islands, the Spanish penal settlement for the coast of Mexico. De Los Rios has again been attacked by a numerous band of desperadoes who recently approached the place but were repulsed after a hard fight. The bullets of the insurgents passed through the houses of peaceable citizens, causing much damage among the latter. The insurgent band commanded by Aves has a local village of Central and burned the remaining houses of that place. Two soldiers were killed in the process.

Dreadful Paddy's Bloody Work.

LOUISVILLE, Aug. 19.—Henry Will, a pedler, shot and killed his wife at St. Louis on Sunday. The woman was standing at the door of her home when she saw her husband attempt to take the life of her son Willie, but the bullet went wide of the mark. At the time she was shot the poor woman was pleading with her husband to stop and go home and try to do better. The son was the only witness.
