**Like a Ship in rough sea.** 12  
 I suffered from heart disease for 5 years, so that I often felt as if the top of my head came off and my feet were being pulled into the ground, so that I was like a drunken man or a ship on a rough sea. Before this I would lose my breath, I would sit up at night and see sparks before my eyes and then faint away. I also slept very little and was afraid always that something unusual would happen. But thank God after taking only two bottles of Father Koenig's Nerve Tonic, I am well again, after being so near to the grave and although people thought I would get a relapse, in 24 to 36 months now I have not noticed any symptoms of it.  
 Will. Hickey.
