

FATHER KOENIG'S NERVE TONIC

Like a Ship in rough sea. 12

At Mountain St., Worcester, Mass., Oct. 24, I suffered from heart disease for 6 years, and I often felt as if the top of my head came off and my left leg seemed to go into the ground. So I took like a drunken man or a ship on a rough sea. Before this I would lose my breath, feel cold up my back and see sparks before my eyes and then faint away. I also slept very little and was afraid always that something unusual would happen. But thank God after taking only 2 bottles of Pastor Koenig's Nerve Tonic, I am well again, after being on my feet for 6 months. Although people thought I would get a relapse, it is 6 months now I have not noticed any symptoms of it.

Wm. H. Brown, from 8 Liberty st. to the same old address, that she was cured by Pastor Koenig's Nerve Tonic from heart disease and liver complaint, after she suffered 6 years.

CANCERS AND TUMORS Cured by Absorption.

Many patients give up as hopeless after having been operated upon several times. Have been entirely cured by Dr. Grady's treatment by absorption.

Skeptics and doubting people are kindly referred to these well known persons below who have been cured:

People Say It is a Miracle.

A well known Connecticut lady tells her own story.

Mrs. Anna E. Spencer of Beach's Road, Black Rock, Conn., suffered frightfully with an eating cancer—was treated by nine home physicians without relief. She was cured by one course of treatment by Dr. Grady. Write to Mrs. Spencer, and she will tell you of the most remarkable cure known to medical science.

Another Great Cure.

Mr. Arthur Tyler, of No. 1 Vanstone court, Bridgeport, Conn., is well known there and is employed at Warner's Corset Factory. Mr. Tyler came to Dr. Grady suffering with a large tumor on the left side of his neck. He is today absolutely cured and no sign of tumor can be seen.

What more can be said? If convenient write and be convinced for yourself. These cures are not temporary, they are permanent and lasting.

Fibroid and Ovarian Tumors.

Cured without pain or the use of a knife. We esteem it a duty as well as a pleasure to permit Dr. Grady to refer to us in any way he may choose, and all those afflicted in like manner, we would by all means advise you to consult him at once.

Mrs. F. M. Kelton, Canandaigua, N. Y.
Miss Nellie Staples, Utica, N. Y.
Mrs. W. Taylor, Batavia, N. Y.
Mrs. Ella Carey, Lyons, N. Y.
Miss M. J. Black, Seneca Falls, N. Y., and hundreds of others cured.

Home Cures—Call on them and investigate yourself.

Mr. E. J. Clifton, Clifton street.
Mrs. James Schaefer, 35 Concord avenue.
Mr. John Moore, 25 1-2 Ontario street.
Mrs. Sirek, 1 Bismark place.
Mr. John Lee, Powers Hotel.
Miss O'Laughlin, 86 Campbell street.
Mrs. A. Horn, 55 Hollister street.
Mary Burk, 1 Central park.
Mr. Charles Strief, 1 Bismark place.

A surgeon's knife gives you a feeling of horror and dread. There is no longer necessity for its use in many diseases formerly regarded as incurable without cutting.

The triumph of conservative surgery is well illustrated by the fact that rupture or hernia is now radically cured without the knife and without pain. Clinging, chafing trusses can be thrown away. They never cure but often induce inflammation, strangulation and death.

Cancers and tumors, ovarian, fibroid (uterine) and many others are now removed without the perils of cutting operations.

Pile tumors, however large, fistula and other diseases of the lower bowels, are permanently cured without pain or resort to the knife.

Some in the bladder, no matter how large, is crushed, pulverized, washed out and perfectly removed without cutting.

The doctor can be consulted from 10 to 12 a.m., 2 to 5 and 7 to 9 p.m. every day except Wednesdays and Sundays. Private consultation rooms, first floor. Take elevators. 16 State st., Rochester, N. Y.

The following are the decisions of the United States court on the subject of newspaper subscribers:

1. Subscribers who do not give express notice to the contrary are considered as wishing to renew their subscriptions.
2. If subscribers order the discontinuance of their periodicals, the publisher may continue to send them until all arrearages are paid.
3. If subscribers neglect or refuse to take their periodicals from the postoffice to which they are directed, they are responsible until they have corrected their bills and order them discontinued.
4. If subscribers move to other places without informing the publisher, and the papers are sent to the former address, they are held responsible.
5. The courts have decided that refusing to take periodicals from the office for removing and leaving them uncalled for, is prima facie evidence of intentional fraud.
