THE SULTAN DOOMED.

End of His Bloody Reign Near at Hand.

POWERS ABOUT TO DEPOSE HIM.

Evidence to Show That the Recent Massacres of Armenians Were Planned in Official Quarters—Later Details Show That Thousands Fell.

CONSTANTINOPLE, Sept. 14.—To those who have eyes to see is more and more evident the approach of a crisis in the affairs of the decrepit Ottoman empire. But the Turk himself offers no signs of an appreciation of the fate that is impending over him in the limit that has apparently been reached in the patience of the European powers was the process of extermination of the Armenians that has been steadily

SULTAN OF TURKEY.

and relentlessly pursued by the Turks. There is no diminution in the number displayed by the Muslims toward the Armenians and no sign of relinquishment of the Turk's indiscriminate slaughter of Armenians in this city.

Meeting the British relief committee is busy with the work of helping the distressed Armenians. All Muslims who have yet been tried by the extraordinary tribunal appointed to pass judgment on those implicated in the recent massacres have been acquitted of the charges of complicity. The evidence against many of these was deemed by foreign residents here conclusive, and the failure to hold them adds to the conviction that the Porte has no intention of complying with the demand of the powers that the culprits shall be brought to punishment.

In view of this failure to punish the authors of outrages upon Armenians the state of terrorism among the Armenians continues unabated and the exodus of these people goes on with no diminution. The appearance of the refugees, many of them in a state of destitution from the hasty nature of their flight and all laboring under apprehension of a blow likely to fall at any time, evokes the universal compassion of the foreigners who see them.

TYNAN ARRESTED IN FRANCE.

The Famous "No. 1" of Phoenix Park Dynamite Plot Captured.

BORDEAUX, Sept. 14.—Tynan, the notorious "No. 1," has been arrested here on a Scotland Yard warrant which was issued in 1902.

Tynan arrived in Europe by landing in Genoa in August. He proceeded from there to Paris, where he remained for some days consulting with a number of the members of the dynamite faction of the Irish party.

He has been traveling under the name of George Gordon and other aliases. When he arrived in Bordeaux on Friday evening and put up at the Hotel Folkestone he did not hesitate to expand his Fenian views in the bar of the hotel.

His movements had been watched from the time he had arrived in French territory. The local commissary of police, together with an English detective, burst into his room at 4 o'clock in the morning. The detective held a loaded revolver in his hand and threatened to shoot him if he resisted.

Tynan was secured and admitted his identity. Incriminating papers and a large sum of money were found in his possession. The prisoner was lodged in a cell in the Bordeaux police station and will be arraigned with a view to his extradition to England.

The warrant on which the arrest is made charges that the prisoner was concerned in the murders of Lord Frederick Cavendish, chief secretary, and Mr. Burke, under secretary, in Phoenix park, adjoining the viceregal lodge, in Dublin, on May 6, 1882, and with the manufacture of dynamite bombs for use in England.

Detective Inspector Walsh has arrived here from Scotland Yard to conduct the case. He said that there would be some connection between Tynan's arrest and the arrest of a man named Bell at Glasgow and of J. Wallace at Rotterdam.

A Denial by Irishmen.

NEW YORK, Sept. 16.—There were many visitors at the headquarters of the Irish National Alliance and Secretary Charles O'Connor McLaughlin was kept busy answering questions concerning the story published in the morning papers about the alleged dynamite plot to blow into eternity Queen Victoria and the Czar of Russia.

Many of the callers were Irishmen, who sought information about the arrest of Tynan, Kearney, Bell and Maine in Europe upon charges of being the principals in the conspiracy.

The story that the alliance held a secret meeting at the home of one of its members and made arrangements to provide counsel to defend Kearney and Tynan and prevent them being taken to England was positively denied by Mr. McLaughlin. The latter said: "No meeting of the Irish National Alliance was held either at the headquarters or at the home of any of the members. We have not arranged to raise any money to defend Tynan or any other sum was raised is false."

Public Health Association.

BUFFALO, Sept. 17.—The American Public Health association put in a busy day listening to papers by expert sanitarians, the morning's session being largely devoted to the topic of "Disposition of Garbage." In the afternoon the reports of the committee on national health legislation and of the international committee on prevention of the spread of yellow fever, were submitted. Papers were read upon sanitary administration and yellow fever epidemics following these reports. A reception was held at the Elliott club.
