JOHN U. SCHROTH.

The Republican Candidate for the Office of Sheriff.

John U. Schroth, the Republican nominee for sheriff, the popular German who ran ahead of his ticket and is well known to our citizens, as the capable chairman of the Executive Board, was born October 28, 1857, in the city of Rochester, of German parentage. His parents came to this country in 1850 and he is the only son of Jacob and Eva Schroth. His parents on their arrival in Rochester engaged in the butcher business in the eighth ward, and continued in this business until the death of the elder Schroth in 1879.

JOHN U. SCHROTH.

Mr. Schroth received his education in the public schools of Rochester and in St. Paul's Church school on Fitzhugh st. He then engaged in the butchering business with his father. He began to take an active part in his ward politics at an early age. In 1879 he sought employment in the E. R. Burton tool works, where he continued until his election to the executive board in 1901. While engaged in the business he was elected school commissioner from the eighth ward for two terms. In 1884 Mr. Schroth engaged in the restaurant business with the late Frank Kebrigg and was associated with him for six years in Rochester, at the Manhattan hotel at Charlotte and later in the Harborthaus hotel on North Fitzhugh street.

In 1889 he was elected alderman of the thirteenth ward to which he had removed, and was re-elected to that office in 1890.

In the fall of 1891 he was nominated for the executive board, and was elected by a large majority. He was re-elected to the executive board in 1894.

Mr. Schroth is a member of the Germania Lodge, F. A. & M. Knights of Malta, Koehner Lodge, I. O. O. F., Blucher Lodge, K. of P. of the Rochester Masonic Temple and Luederwaldt and the Wa Hoo Tribe of R. d. Men. In 1886 he was married to Miss Bertha Schumann. Mr and Mrs. Schroth have three children, a boy and two girls.

LAW REGARDING NEWSPAPERS.

The following are the decisions of the United States Court on the subject of newspaper subscribers.

Subscribers who do not give express notice to the contrary are considered as wishing to renew their subscriptions. 2. If subscribers order the discontinuance of their periodicals, the publisher may continue to send them until all arrearages are paid.

If subscribers neglect or refuse to take their periodicals from the postoffice to which they are directed, they are responsible until they have settled their bills and order them discontinued.

If subscribers move to other places without informing the publisher, and the papers are sent to the former address, they are held responsible.

The courts have decided that refusing to take periodicals from the office, or removing and leaving them uncollected, is prima facie evidence of intentional fraud.

THE INDEPENDENT NOMINEE.

For Office of Representative in Congress.

William J. McPherson, the independent candidate of this congressional district for the office of Representative in Congress, is the well known attorney of that name in this city.

Born in the Highlands of Scotland, when a child, he removed with his parents to Caladonia, Livingston Co. in this state, where so many of his sturdy race had settled. His father was the late Thomas McPherson, a noted physician and surgeon of his time. Mr. McPherson was educated in the public schools of this State, Mechanic's Institute of London, and at Lima, N. Y. He came to Rochester in 1853, studied law with the Hon. Geo. F. Danforth and has been in practice here since, except about three years spent in traveling on the West Coast, in Mexico, the Central American States and in Europe. During that time, he visited nearly all the silver mining sections of Nevada and California, riding on horseback over four thousand miles through mountainous and desert regions in visiting such mines and in explorations and while in Europe visited and examined the great tin and copper mines of Great Britain. He is familiar with the production of silver; an industry of this country and other countries, and the use and effect of the use of silver as money in the so-called silver countries.

Mr. McPherson has always been known as a public spirited citizen and as a man, who, in the interest of the tax-payers, has stood for their protection between them and the rings and corporations that have sought to take advantage of them. All our older citizens will remember his desperate three year's struggle to prevent this city from being bonded for one million dollars by the State Line Rail Road Co., and the result, under a compromise by which \$400,000 and interest thereon at 7% for 30 years were saved to this city. To him was also due the unearthing and exposure of the rich bribe takers in the Vincent Place Bridge Swindle, and their condemnation by the people of this city. To his energy and perseverance is largely due the great improvements that now mark the southwestern part of our city.

In the Republican party at its origin, he has ever since been one of its leading and most consistent members on and off the stump; and all of our citizens of that time will attest his fidelity to and his work for the Union during the War of the Rebellion. In party politics, he has never been known to be connected with any clique, ring or faction, but always in the field for the general good.

It has been said that "a prophet is not without honor save in his own country." It is a matter worthy of the congratulation of our citizens, that his brain and pen have won for him in the discussion of economic and monetary questions, the esteem of some of the ablest writers on the questions in Europe as we have the evidence before us. For several years many leading citizens have desired of Mr. McPherson that he enter the field as a candidate for Congress, but until his year he has always declined. This year many of our citizens, irrespective of party, and connected with the industrial and mercantile interests of the city, as well as employer as employed, expressed their desire that he become an independent candidate for the office named; believing that if elected, the people would have a member who would be not only a member, but a representative in Congress, and that the sound money Democrats would endorse his Independent nomination.

Before any other candidate was mentioned or any caucus called, papers for his Independent or Statutory nomination were out and his nomination secured and published before the Republican Congressional Convention was held.

By many good Republicans and sound money Democrats who signed Mr. McPherson's certificate, he was required to pledge that he would stand firm and not withdraw from the canvass. Those who know Mr. McPherson know that the pledge will be kept by him. Every day he is receiving new and unexpected encouragement and offers of support from business men and wage earners.

Mr. McPherson is known to be sound for a reasonable protective tariff and on the monetary question and he thoroughly understands his position on these questions. He will in a few days enter upon his campaign throughout this Congressional district and his appearance has been called for and is awaited with interest.

So far as this district is concerned, it will be more than a national campaign. All electors of all parties who are in favor of sound money, proper protection to American industries and American Labor cannot do better than give Mr. McPherson their support. He would prove if elected, not only a member, but a Representative in Congress.
