

They Were Deaf NOW THEY HEAR.

Showing that by expert special treatment, not only deafness, but the deafness that results from catarrh, is cured.

DEAF PEOPLE HEAR.

A while ago you could have shouted in the ears of most of these people and they would not have heard you. Now you can whisper to them the question, "Is Dr. Gray's treatment really better than any other?" and the answer will be quite as prompt and direct as the statements they make in this column.

Miss Jennie Schaefer, of 35 Concord avenue, has lived here all her life. For the past three years she has been growing deaf, and now to a short time ago could not hear distinctly if you spoke at the top of your voice, she became so deaf. After a short time, under Dr. Gray's treatment, she heard perfectly a whisper. Miss Schaefer is well known here and is employed at the Adler Bros. factory on North St. Paul street. She will gladly answer all inquiries about her hearing being restored.

Mr. Reetz of 409 Clifford street also tells of a remarkable cure in his case. Mr. Reetz has lived here 3 years and is a German by birth. He is employed at Mr. John Schmidt's at 164 Scio street. He is also a member of the German lodge at the corner of St. Joseph and Nassau streets. Mr. R. is 55 years old and has been deaf all his life. He was advised by his father, not to doctor, as he said it was no use. The young man persisted and tried Dr. Gray's treatment and now he can hear a watch tick clearly. He is now surprising all his friends. Mr. Reetz's cure is a remarkable one, he only having started treatment with Dr. Gray on the 4th day of last month. An amusing incident occurred the other day. One of his fellow-workmen, who did not know of his hearing having been restored, made some unpleasant remarks about Mr. Reetz's hearing. Mr. Reetz then told him that he had heard everything he said. His fellow-workmen will now have to speak below a whisper or trouble will arise in the near future.

"I have suffered for eighteen years with catarrhal deafness, my hearing has been restored so that I can hear an ordinary conversation."—John Carey—Batavia, N. Y.

"I suffered from ringing and buzzing in my ears. I became deaf and couldn't hear conversation. Now I can hear perfectly."—Miss Nellie Kennedy—Canandaigua, N. Y.

"(Thirteen years ago) I lost the hearing in my left ear. About seven years ago I lost the hearing in my right ear. I can now hear my watch tick at a distance of four feet. All was dead silence. Now I can hear the voices of my friends and what they say."—Wm. Smith, Lyons, N. Y.

Diseases of the Ear.

This condition results from Catarrh which extends from the throat along the Eustachian tubes into the ears, causing defective hearing. The treatment that restores this condition is the Gray treatment.

- Is the wax dry in your ear?

- Is there a throbbing in the ear?
- Do you have ringing in the ear?
- Is your hearing bad doudy days?
- Are there crating sounds heard?
- Do you have crache occasionally?
- Are there sounds like steam escaping?
- Do you constantly hear moans in the ear?
- Is there a roaring like a waterfall in the ear?
- Do the noises in ear keep you awake?
- Do you hear better on some days than on others?
- Do your ears hurt when you blow nose and do your ears crack?
- Is hearing worse when you have cold?

DIOCESAN NEWS.

What Our Friends in the Surrounding Parishes are Doing.

From Our Special Correspondents.

Rushville.

Mr. Reade.

We chronicle with regret the sad death of Miss Emma Burns, aged 10 years, which took place at the family home, Thursday, Oct. 15th. During the past year Miss Burns has been confined to her home. Some time ago it was considered that a change of air would be advisable, and a trip to the Adirondacks was planned. She remained there during the hottest part of the summer and returned much improved in health.

However, in the space of a few weeks she relapsed and gradually kept sinking until death overtook her. During her suffering she was all with great fortitude and a peaceful resignation and would often times utter those happy and consoling words which last dying hours, "God's will be done." Miss Burns was one of the most amiable and best liked of persons, and won the respect of a large circle of friends and acquaintances. She cared little for society, however; the love for her home and her duty were uppermost in her mind. She leaves behind a mother, brother and sister, and a dear child and old loving sister. Her funeral took place last Monday morning from the church of the Most Holy Sacrament, between 10 and 11 o'clock, and was attended by Rev. Father Quinn. May her soul rest in peace. The family of the deceased have the sympathy of the entire community.

The arrangements for the St. Michael's church grand carnival are about completed, and the greatest interest prevails for its success. The merchants of the town have all contributed most liberally, ensuring a grand display of prizes that will prove most satisfactory to every one. The contest for the improved Winchester shotgun between Messrs. Harry Egan and John Moran has enlisted the interest of all the friends of these popular young gentlemen, and every young lady in town and many outside have openly declared in favor of one or the other of the contestants. Miss Bridget O'Neil and Mrs. William Hart have entered into a friendly contest for a pair of silver branched candelabra, and their friends are working most earnestly in their support. Misses Helen Keller, Alice Myers and Maule Howley are arousing their friends to their support in the contest for the Pierce bicycle, model of 1897. They are all popular and charming young ladies, and the interest of their gentlemen friends is aroused to the highest pitch. It is impossible even at this date to pick out the winner. The most exciting of all proves to be the contest for the horse and buggy between Mr. Winfield, assistant roadmaster of the N. Y. C. & H. R. R. between Clyde and Syracuse, and Mr. Frank Sleath, trainmaster on the W. C. R. R. between Syracuse and Buffalo. While the Central is the great four track road, still the West Shore men believe they have the more popular candidate, and both roads are most deeply interested in the struggle. The following ladies are in charge of the different booths: Fancy booth and wicker wigwag—Miss George Price and daughters, Mrs. Erin Whitman and the Misses; Annie and postoffice—Mrs. Henry Myers, Mrs. Jones, Robinson, Mrs. Eugene Violet and Mrs. Charles Pehr. Variety and refreshment booth—Mrs. John Doyle, Mrs. William Myers, Mrs. Thomas Myers, Miss Anastasia O'Neil, Miss Sarah Burke, Miss Kittie Miles, Miss Rosie Knittel. One of the most amusing features of the carnival will be in charge of Miss Julia Robinson and Miss Maggie Roach, entitled "The Sea of For-

ture." The flower girls are the Misses Needham, Dwyer and Miles. Committee in charge of entertainments to be given each evening. The Misses Murphy and the Misses Erhart, Hoyle and Myers. One of the attractions of the fancy booth will be a contest for a beautiful doll, the contestants being Miss Mamie Flynn and Miss Julia Bradley.

Cook Opera House.

The announcement of the coming of Hoyt's "A Texas Steer," to the Cook next Monday for five performances will be welcomed with a feeling of eagerness by the ever-ready-loving population of our city. The reputation of Charles Hoyt as a comedy writer has been established beyond any question of doubt in the popular mind. The comedy is a satire from beginning to end. Amusing in the adventures of the political investigating committee, side-splitting in the illustration of the blackmailing scheme, somewhat pathetic in the delineation of the office seeker's career, but unfortunately a mirror to nature, even if it be of the magnifying nature. The author has dealt happily with his character and circumstances which appear strangely in the neighborhood of the average theatre, good as well. The company is promised as one of the best that has been sent out in this most laughable satire, and the engagement promises to be the laughing success of the season.

Academy of Music.

Sam T. Jack's Creoles, the brightest, most unique and original of all burlesque shows, will be the attraction at the Academy of Music next week, commencing Monday, October 26th, and lovers of fun, frolic and original diversion will turn out in full force for the occasion. The Creole show has been recognized as one of the leading and foremost burlesque organizations of the country for several seasons, but never in its history has it had so powerful, so magnetic or so thoroughly enjoyable an entertainment as it will furnish for the present season. The show will be a combination never before attempted in one company and in one evening—opera, burlesque, vaudeville and minstrelly all on one stage in the compass of three joyous hours.

Wonderland Theatre.

The following well-known artists have been engaged by Manager Moore of Wonderland Theatre for next week. Conroy and McFarland, Irish comedians, late of the Ida Fuller Vaudeville company, Lillian Perry, in her wonderful clog specialties, Welby, Pearl, Keys and Nellie, the American novelty clog quartet; re-engaged for another week, Will F. Denny, the favorite vocalist; Bernard Sisters, comedienne and dancers; Joe Lewis, in his phenomenal hand balancing and contortion act, the Dawsons, Barley and May, introducing their novel acrobatic work and 36-inch high roller skates. Continuous performances are given at this theatre daily.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally on 1 made Cleveland, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists; price 75c per bottle.

To the list of things made from wood silk must be added. This fact is due to the experiment of a Frenchman named Chardonniere. The process of manufacture differs little from the making of paper. The wood is first ground into a pulp, steamed and chemically prepared.

Knighthood is conferred by the queen by simple declaration, attended by a slight form, but requiring no patent or other written instrument. Sometimes, but seldom, knighthood is conferred on persons who do not come into the royal presence, such as governors of colonies and other persons abroad in high stations.

Dwarfed trees growing in flower pots are characteristic ornaments of Japanese and Chinese gardens and the production of these is an art that has been carried to great perfection. It is done by preventing an abundant normal flow of sap, so that while the tree is kept living and healthy vegetation does not go on with its natural activity.

There is in existence a curious case of knives of the sixteenth century the blades of which have on one side the usual notches to the benediction of the table, or grace before meat, and on the other side the grass after meat. The set of these knives usually consisted of four. They were kept in an upright case of stamped leather and were placed before the singer.

HON. JOHN B. HAMILTON

Republican Candidate for Re-election as County Treasurer.

As success is the generally accepted test of a man's ability, County Treasurer John B. Hamilton can present indubitable title to recognition as one of the leading men of Western New York. For nearly 25 years he has taken a leading part in the business and political affairs of the community, and the confidence of his fellow citizens in his integrity and ability was fittingly shown by his election in 1893 to the responsible position of county treasurer of Monroe county.

Mr. Hamilton was born of Scotch parents at Avon, N. Y., January 10, 1843. He completed his education at Poughkeepsie and in the city of New York, and after was spent some time in the west. In 1872 he returned to this state and engaged in the grain and produce business at Rush, continuing the same until his election as treasurer. He was a delegate to the republican national convention at Chicago in 1898, and member of the advisory council on cereal industry at the World's fair in 1893. For several years he was general superintendent of the Western New York fair. Mr. Hamilton is a member of the Rochester Whist club and the Columbia Gun club, and many local organizations where worth and merit are the only passports.

The following resolutions were adopted Monday evening by Branch 134:

Resolved, That we condole with our Brother Comier in his bereavement, and counsel him to seek solace from Him above, who alone can give it, be it further:

Resolved, That a copy of these resolutions be published in the CATHOLIC JOURNAL and spread upon our minutes.
