**FATHER KOENIG'S NERVE TONIC**

**Worth Gold.**  
 SCRANTON, Pa., Aug. 1895.  
 Headache troubled me for 18 years; the physician called it neuritis and said it was incurable; it became so severe that I had to lay in bed every week two days, but after I took only a few bottles of Father Koenig's Nerve Tonic I felt relieved and after taking six bottles more I felt entirely well; therefore I recommend the Tonic to all such sufferers.  
 MARIA O'LEAH.  
 F. Schmitt writes from Ogdusa, N. D., July, '95, that he took Father Koenig's Nerve Tonic for rheumatic pains, which he had for two years. It cured him.  
 "Since I took Father Koenig's Nerve Tonic I am strengthened and can sleep well, so that I hope I will not be again confined in an insane asylum, as I was for 8 months." So writes Mrs. GOSWELMAN from Ber. v. Minn., Aug., 1895.  
 E. B. Squires, of Iroquois, N. D., is convinced that Father Koenig's Nerve Tonic is the best relief for asthma, as it also reduces the attacks.

**16 State St., Rochester, N. Y.**

Where the sick and afflicted can receive treatment in the future, as they have in the past, from the ablest and most successful physician of the age.  
 A regular physician, and the most successful, as his practice will prove.  
 It is self evident that a physician who pays special attention to a certain class of diseases and treating thousands annually acquires great skill. Physicians knowing this fact often recommend persons to his care. Offices and parlors private. Before confiding your case consult Dr. Grady. A friendly call may save future suffering and add golden years to life.  
 It makes no difference what you have taken or what has failed to cure you.  
 Dr. Grady continues to cure, when all others have failed, all forms of diseases.  
 Dr. Grady is no traveling physician. This city is his home. He is permanently located here for life. All patients receive honorable treatment at the lowest possible cost. He only charges for medicines used while under treatment. If your case is incurable he will tell you so and advise you not to doctor. Dr. Grady has the largest practice of any physician in this country. His offices are always crowded. Hundreds weekly turned away unable to wait their turn. A strange fact about Dr. Grady's practice is that fully one-half of all patients that are under his care have been sent by former patients or their friends, who have been helped or cured. Write or call on his patients and investigate for yourself. Call on Mrs. C. Prince, Old Ladies' Home. She will tell you she was cured of catarrh, creeping paralysis and deafness. Mr. John Lee, Powers Hotel; Miss O'Loughlin, 88 Campbell street; Mr. Strief, 1 Bismark pl.; Mr. Horn, 55 Hollister street; Miss Jennie Shaver, 35 Concord avenue; Mrs. Burk, 4 Central park; Mr. Reata, 409 Clifford street; Mrs. Strief, 1 Bismark place, and hundreds of others.  
 Patients at a distance successfully treated by mail. All letters promptly answered; no extra charge.  
 Consult the European specialist on all sexual nervous and chronic diseases. Those suffering from rheumatism, sore, ulcers, tumors, cancers of any form of skin or scalp disease, should visit Dr. Grady at once. Remember, consultation, advice, services and surgical treatment absolutely free until cured.  
 The doctor can be consulted from 10 to 12 a. m., 2 to 5 and 7 to 9 p. m., every day except Wednesdays and Sundays.

**COOK'S**  
 "Mr. Barnes of New York." A. C. Gunter's romantic play, will be presented at Cook Opera House the first three nights of next week, with Miss Loraine Hollis as the heroine. Miss Hollis possesses besides beauty, the real charm of personal magnetism. She appears at all times thoroughly in rapport with her audience, and at no time do they lose sight of her portrayal. Thorough, consistent, artistic in the smallest details of her art; Miss Hollis is the rising emotional actress of the day.  
 That personal favorite in the way of sensation and fun, "On the Bowsery," will thrill and amuse the patrons of the Cook Opera House the latter part of next week. This is the eminently successful play that has Steve Brodie as a leading actor. It is one of the most realistic portrayals of New York low life that the stage has ever seen. One of the dramatic climaxes of the play is the jump made by Brodie from the Brooklyn Bridge, at the end of the third act. The bridge scene itself is a wonderful achievement on the part of that great scenic artist, John H. Young.

**Exposure to Disease**  
 Does not necessarily mean the contraction of disease provided the system is in a vigorous condition, with the blood pure and all the organs in healthy action. When in such a condition contagion is readily resisted and the disease germs can find no lodgment. Hood's Sarsaparilla is the best medicine to build up the system because it makes pure, rich blood, and pure blood is the basis of good health. In cold weather it is especially necessary to keep up the health tone because the body is subject to greater exposure and more liable to disease. Hood's Sarsaparilla is the safeguard of health.
