Neighbors are Wondering.

Requa, Cal., March, '05.

Our 11 year old daughter was treated for 18 months and even specialists for nervous diseases in San Francisco declared her incurable; she had as many as 11 epileptic attacks a day, but after taking the first dose of Father Koenig's Nerve Tonic they disappeared - the child was almost a skeleton - but now after taking 6 bottles of the Tonic our neighbors are wondering how well she looks again.

While the leading example of the great realistic school, "New York Day by Day" is so thoroughly natural and apart of the time trodden paths that it is a positive novelty. The scenery is now realistic and beautiful. Matinees will be given on Tuesday, Thursday and Saturday.
