Auburn Council, No. 207 Knights of Columbus, voted at the meeting last Thursday night, to hold their meeting every two weeks instead of weekly. The next meeting will, therefore, be held on Thursday evening of next week. At this meeting Lecturer James A. Hennessy will have prepared a program of interesting members which will be the first of a series to follow. It is the intention of the lecturer to present, at the meetings, hereafter, entertainments of a high order. There is an excellent lot of material in the council, in fact the very best of any organization in Auburn, and from this talent alone these entertainments will be made up. As the affairs will be strictly for the society's own amusement none but members will be allowed to attend. An other matter that is being considered by the council is the desirability of holding an outing or probably two during the Summer. This matter will be finally disposed of next Thursday night.

The school will probably receive the greatest share of attention as it is proposed to remodel the building with a view of improving the healthfulness and providing better facilities for school work. The building will be painted, a new iron fence of modern pattern erected in front and a number of other improvements will be made. The parochial residence will also receive needed repairs and alterations and a brand new coat of paint. The church also is to be given its share of attention in the shape of new stone steps and interior changes and attractions. The proposed improvements will soon be begun and when finally completed will place St. Mary's church and the surrounding property in a better and more beautiful condition than ever before.

Improvements of an extensive nature are being made at the Holy Family church. A brown stone front will be placed in place of the old brick one with the contemplated re-modeling of this portion of the edifice a handsome exterior will result from the hands now being placed on the church. The church will be extended a few feet out in the rear just at the end of the parochial residence. This will provide a new vestry and will enlarge to a considerable extent the interior of the church. The interior will also be entirely remodeled, refurnished and decorated and generally done an almost new attire. The improvements are needed and will certainly beautify the church edifice to a large extent. Rev. J. Hickey, pastor of the church is laboring incessantly to hasten the work and make the church one whose beauty will be the pride of the congregation.

Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. MAN WHO WROTE "DIXIE."

Dan Emmett Lives to See the North and South Sing His Song Together.

Perhaps very few people know that Dan Emmett, who wrote "Dixie," is still living.

His home is in Mount Vernon, O., where he was born and where he hopes to end his days. The old man is a picturesque figure on the streets of the town. In his prime he was one of the mid-century dandies of New York city, but now, with calm indifference to the conventional, he usually carries a long staff and wears his hat fastened in at the waist by a bit of rope.

His home is a little cottage on the edge of the town, where he lives entirely alone. On almost any warm afternoon he can be found seated before his door reading, but he is ready enough to talk with the chance visitor, whose curiosity to meet the composer of one of the national songs of America has brought him out from town.
