MEN-OF-WAR FOR CHINA.

Dewey to Send Two of His Warships to Overawe the Chinese.

BALTIMORE AND PETREL.

Government Acting Promptly and Will Protect Americans Before Lives Are Sacrificed.

ships Will Get as Near to Peking as Possible and Then Land Marines to March to the Capital—A Foreign Fleet Is Assembling About Tientsin—Great Excitement Prevails.

Washington, D. C., Oct. 5.—Admiral Dewey has been ordered to send the cruiser Baltimore and the gunboat Petrel to Chinese waters.

This action was taken by Secretary Long and upon Minister Conger's report cabled to the State Department of rioting in Peking, putting American lives and property in jeopardy. He announced, too, that a foreign fleet is assembling about Tientsin, and that some Ministers have ordered marines to Peking to guard their legations.

This Government is acting promptly and will afford protection to Americans without waiting for lives to be sacrificed.

The impression has prevailed that the situation is far more serious than the public have been given to understand, and this was made stronger by the hasty despatching of warships to China. In speaking of the matter, however, Secretary Long said the department is only pursuing the usual course in such cases. No change is to be taken.

Both men-of-war will go up the Peiho to Tientsin if they can, and from there the Petrel will proceed as close to Peking as possible. It is feared, however, that the Baltimore will not be able to pass beyond the Taku forts at the mouth of the river. Marines will be landed to protect American citizens. They will have to march to Peking from the nearest point that can be reached by the Petrel.

Tientsin is thirty miles from the Yellow Sea and seventy from Peking. Some people grew apprehensive regarding Admiral Dewey's position because of the detaching of two of his vessels, but naval officers dissipated the fear by pointing out that the Admiral now has in Manila Bay two powerful monitors which he did not have when he destroyed Montojo's fleet. The work before Admiral Dewey at this time he can successfully accomplish with the vessels remaining at Manila.

It is regretted at the department that there is no gunboat of the Helena class in Asiatic waters, which could sail up the river to Tientsin and beyond. The moral effect of warships close to the Chinese capital would absolutely insure safety to Americans. Yet it is believed at the department that ample protection will be afforded by the measures adopted.

Warship Builder's Trust.
Cleveland, Oct. 5.—It is said here that one of the most gigantic projects for the combination of capital in the history of the country is being engineered in this city.

It is nothing less than an attempt to unite the warship building interests and the armor-plate and gunmaking interests of the world into one great syndicate, whose factories shall be located near Cleveland. Men of international reputation in the financial and manufacturing world are in the deal.

More Victims of the War.
Washington, Oct. 4.—There is good reason to believe that within the week there will be a large number of volunteer regiments designated for muster out, in addition to those already designated for release from service. One military authority says that it is unlikely that the 100,000 soldiers intended to be retained will be reduced to about 70,000 men. These, with the regulars, would still leave an army of about 110,000 men, which is considered to be ample for home and foreign service.

Lost to His Life.
New Rochelle, Oct. 4.—Alfred W. Marks, a graduate of Harvard in 1897 and the son of a wealthy dry goods merchant of Meriden, Miss., drowned himself at Orienta Point, Mamaroneck. He was temporarily insane and was being treated at Dr. Carpenter's sanitarium.

This morning the young man escaped from his attendant and jumped overboard. The body was recovered.

60,000 Demand Shorter Day.
Philadelphia, Pa., Oct. 3.—A conference of leading members of the International Typographical Union was held in Philadelphia to-day to make final arrangements for the demand for a nine-hour workday in all the large cities of the United States. The conferees represent 60,000 workers. It is feared that it will be necessary to order strikes in shops where the demand for the nine-hour workday is refused.

To Fight Instead of Talk.
New York, Oct. 3.—The sporting public will no doubt be very much relieved and overjoyed with the announcement that Jim Corbett and Kid McCoy intend to stop all talking, knuckle down to real business and fight. This promise was exacted from both fighters, who declare that they will settle all outstanding grievances in the orthodox way in a 24-foot ring before the Hawthorne A. C. of Buffalo on Oct. 15, the date already selected.

SUMMARY OF THE NEWS.

New York, Oct. 4.—Eight young men will start this morning from this city to walk around the world. Equipped with a rubber sleeping bag, a change of clothing, a toothbrush and \$100 or so apiece and armed with revolvers, they expect to follow the sun westward for three years, when they hope to again set foot on Manhattan Island, if not much richer in pocket, with a store of good health and adventure which will last them for the rest of their lives.

Woman Punished for Pension Fraud.
Boston, Oct. 3.—In the United States District Court Phebe Beauchamp, of Worcester, convicted of perjury in a pension case, was fined \$1,000 and in addition was sent to the Worcester Jail for five months. She continued to draw the pension on the name of her first husband, Peter Reed, after having married a second time, which is against the law.

Mr. Dewey Robbed.
Pittsfield, Mass., Oct. 5.—Chauncey M. Dewey was kidnaped at a sale conducted by the Golden Rod Circle of King's Daughters on the grounds of Mr. and Mrs. William D. Sloane at Lenox on Saturday. The kidnapping was done by Miss Jennie Griffin, one of the village belles. It was a result of the sale of the model ship which Mr. Dewey auctioned off to Cornelius Vanderbilt for \$100.

Naval Heroes Promoted.

Chippewas Want a Fight.
Walker, Minn., Oct. 4.—A special messenger has just returned from Bear Island with the report that the hippees were held a powwow, which was followed by a war dance. Indians never indulge in such a dance unless they are fully prepared for a conflict and intend to fight.

Schools Opening in Manila.
Manila, Oct. 4.—The American authorities have invited the teachers to resume their duties in all the schools, which have been closed since the surrender.

SAGAISTA WON'T GIVE UP

Declines to Yield Anything on the Question of the Philippines.

HE IS VERY OBSTINATE.

And Is Said to Have Instructed the Spanish Commission in Paris to This Effect.

If the Spaniards Hold Out the Commission May Break Up Without Reaching a Decision—Feeling in Madrid That the United States Will Respect Spanish Rights in All Conquered Territory.

London, Oct. 4.—A despatch from Paris says that the Peace Commission may break up without arriving at a decision.

Prime Minister Sagasta has ordered the Spanish Commissioners not to yield on the question of the Philippines.

It is likely that their non possumus will have the effect, first, of an adjournment for a few weeks, then another meeting or two, at which the Spaniards will continue to hold out for the retention of Spain's sovereignty in the islands, which will be followed by the recall of the American Commissioners.

The Paris correspondent of the Standard says that a favorable impression has been created by the news of the conciliatory and cordial tone of the first interview between the American and Spanish Commissioners. The Spanish Government would like to have the Philippine question settled first, in consequence of the necessity of quickly checking the native agitation.

Madrid, Oct. 4.—The newspapers here still make a show of believing that the United States will not only respect Spanish rights in the Philippines, but will share in the settlement of the new regime in Cuba.

Inspired articles say that the Government will undertake at the Paris conference to carry out the promised guarantee of the Cuban debt only until Cuba is in a position to pay the whole interest and provide for the sinking fund.

Paris, Oct. 4.—The Figaro says that President Faure will receive the Peace Commissioners on Tuesday. They will be presented to him by the American and Spanish Ambassadors.

Marseilles, Oct. 4.—Gen. Wesley Merritt, U. S. A., arrived here to-day from Manila, via Hong Kong. He will start this evening for Paris, where he will advise the American Peace Commissioners on matters pertaining to the Philippines.

Wilkesbarre, Pa., Oct. 4.—The last bodies have been recovered from the Midvale mine, and the fire has been extinguished.

The bravery of Tommy Hantz, a fifteen-year-old boy, employed as a nipper, resulted in saving twenty lives. While making his way through the smoke to a place of safety he remembered that twenty men were in a distant working, where they would probably be quite surrounded by smoke before they realized their danger.

Turning back, he managed, after great effort, to reach and warn them. He was just in time. The only passage to safety was already filled with smoke, but the men made their way through it safely.

Manila a Healthy City.
Washington, Oct. 3.—In his latest report Admiral Dewey says: "Out of a force of over two thousand on the ships on my squadron, the number of men on the sick-list at any time has not exceeded forty, nor has there been any considerable sickness among our troops on shore, though they were much exposed for three weeks in the trenches during the rainy season."

"Manila is far from being an unhealthy city, and the climate is as fine as that of any place in the tropics."

Paris, Oct. 3.—The Dreyfus demonstration organized by M. Pressence was prevented by the closing of the Salle Wagram. M. Pressence and his friends tried to force an entrance, whereupon the police arrested M. Pressence, M. Vaughan, editor of the Aurore, and Deputy Mory, amid shouts and counter shouts of "Vive Zola!" etc. The crowd was dispersed.

The Persons Arrested were Soon Released.
Richmond, Va., Oct. 5.—Col. W. J. Bryan and Mrs. Bryan reached Culpeper, expecting to spend the night with relatives and leave to-morrow for the Virginia Hot Springs. Col. Bryan has received an order from the War Department directing him to join his regiment, and he left at once for Jacksonville. Mrs. Bryan accompanied him.

Quebec Honors Our Navy.
Quebec, Oct. 3.—Mayor Parent visited the United States cruiser Marblehead and presented Captain McCalla with the beautifully painted shield which served as one of the decorations at the Citizens' ball last week. It has the American arms and the motto: "Hommage a la Marine Americaine."

Barber Dies While Shaving a Man.
Orange, N. J., Oct. 4.—Michael Dorer, one of the oldest barbers of this city, while shaving a customer in his shop on South Jefferson street, complained of feeling ill. He sat down in a chair and immediately expired, a paralytic stroke being the cause.

SLOAN'S TRIUMPH ABROAD.

The Crack American Starling the English Racecourse.

London, Oct. 3.—Todd Sloan had a mount in each of the seven races on the card at Newmarket and rode five winners. In the four days' racing at the Newmarket First October meeting, closed to-day, Sloan won ten races out of his thirteen mounts. Sloan is creating a furor among turfgoers, and the Americans here are winning bets of money on his mounts. The scene in the betting ring after the last race at Newmarket beggared description. The bookmakers were paralyzed, but the public applauded Sloan uproariously, the cheering lasting several minutes.

Long Live the Flower Queen.
Topeka, Kan., Oct. 4.—Miss Anna Rose, the Flower Queen from Hilo, Hawaii, who has reigned here at the Kansas soldier reunion and fall festival for a week, has completely hypnotized the merchants of this city. Yesterday she received invitations from a score of merchants to come to their stores and select dress patterns, gowns, hats, shoes and other articles of wearing apparel, as souvenirs of American hospitality.

Miss Rose will have to buy several trunks in which to carry to Hawaii these Kansas gifts.

Washington, Oct. 4.—The naval authorities have under consideration a proposition made by Naval Constructor Tawresay to construct wooden vessels to take the place of those that have been doing service for many years as training and receiving ships. These old sailing men-of-war have become obsolete for war purposes and are rapidly deteriorating. Some of them cannot last much longer, and Mr. Tawresay has suggested that new vessels would be more comfortable and could be fitted up in modern style.

GEN. LEE'S ORDERS NOT READY.
He Will Probably Testify Before the Army Investigation Committee.

Washington, Oct. 3.—Gen. Fitzhugh Lee reported at the War Department to receive his orders, and was informed that they were not yet ready for him. It has not yet been determined as to when Gen. Lee will go to Cuba, although he thinks it will be some time in October, as will go to New York and then to West Point to see his son who is a cadet there. Gen. Lee will return next week to testify before the

Banker Robbed of \$10,000.
Philadelphia, Oct. 4.—Samuel Greenwood, president of the Coatesville National Bank of Coatesville, Pa., was robbed of a valise containing bonds amounting to \$10,000. Mr. Greenwood, who was in the city on business, went into a restaurant and placed the valise on the floor at his side. While eating, some person managed to substitute a valise identical with the one the bank president carried. Mr. Greenwood did not learn of the substitution until he had gone into a broker's office to negotiate for the exchange of the bonds.

Rheumatism

Poisoned Blood

Stomach Troubles, Headaches, etc.
Those who understand the importance of pure blood in nothing so well as in the great cure by Hood's Sarsaparilla. This medicine makes the blood rich and pure and its cures are therefore natural, complete and permanent.

"I had rheumatism and almost lost my life. A friend advised me to try Hood's Sarsaparilla and I got a bottle and it was good. I continued taking it and it was not long before the rheumatism entirely left me and has never troubled me since. A few years ago my blood became poisoned and I took Hood's Sarsaparilla and it permanently cured me. I have taken Hood's Sarsaparilla for stomach troubles and rheumatism and it cured them all. All other kinds of blood purifiers are only imitations."—Mrs. MARY A. BROWN, Green, New York.
