The Lenox Bicycle Of 1899

Everyone wouldn't be quite satis-"I have been initiated and intro-uced to all members present, and also fied to buy five dollar gold pieces for three dollars and a half. We and attended quite a few meetings, but don't expect that every Wheel pur-Now, dear brother, do you think chaser will choose the Lenox, but is longing for more extended ac. We anticipate for it the largest sale given him after his first appearance in any Bicycle ever had in Rochester, views and watch results—this mem- and we'll tell you why.

Because Lenox Bicycles are made branches, and would say that the of best material obtainable---Nickel wanton disregard for decency as do He has been tested in Irish polities for the new comer should be allowed to Steel tubing, head, hanger, fork crown, seat post cluster, rear fork It is as distinct from officiousness ends, sprockets, chain, spokes and shine is from coldly glittering reflec. hubs-all Nickel Steel, prepared tality alive and glowing in all its branches should be, and is the duty of especially for each part as conditions of strain and strength demand. Then you will have a larger attend-ance at your branch and council meet. And right Nickel Steel in a Bicycle people in their endeavors toward the and best mutual association of to day 15 just as good as Nickel Steel FRATERNALLY, J. J. H., Br. 81. armour plate was at Santiago

> Because the Lenox one piece crank device is the mechanical success f the season in all the realm of Bicycle construction. It's easily aken out of the hanger without removing either cup-no binding polts, nuts, washers, lugs on bracket, or threads inside of hanger or on outside of cups, all of which cause the rider no end of trouble.

Because the Lenox has reversible cones - tool steel cones -- which give it just double the life of the ordinary Bieycle, inasmuch as experience has proven that the cups and other parts of the Wheel will last about three times as long as the ordinary cones.

Because the Lenox is the finest finished Bicycle ever put on the market If you have not seen it, you can hardly appreciate the superb enamel and nickel of the Lenox.

new and old members be "welcome." Then you will have a larger attendportant considerations for the Irish ings, and the C M. B. A., the grandest

herd would on divers occasions dehall to men and women, to men only. and official personages of the Catholic church. From trustworthy sources it is learned that the rehearsal consisted

of a series of stale calumpies upon the

Catholic priesthood, sisterhood and lay membership. Had its character been known, the intention to deliver it would not have been allowed to appear in the Union and Advertiser. And the inadvertency through which it found insertion leads to the adoption of the rule that hereafter advertisement of defamatory attack on any class or any person, in community,

shall be excluded from these columns. rious. -Union and Advertiser, March 20.

PLAIN / DUTY OF THE PRESS

The "lecture" of the Shepherd woman, as described by the Union and Advertiser, and as reported to us by disinterested persons who were present, wasa vileattack upon a body of worthy, unselfish men and women whose service to the people of this city should be at least repaid with immunity from abuse. It is the plain duty of the press of Rochester hereafter to withhold from such enterprises the use

extends to everyone for decent pur. This is a little too premature. poses.-Herald, March 21.

The other two papers, the Demo

orat and Chronicle' and Post Express have thus far refused to publish an
