At the Fair this week we are tributing a little card as a remind of the store. It tells certain this which you might not learn on store visit, but knowing, you will be the more eager to come.

You may miss the card. print some of the data here.

The store has more than six acres of floor space.

The number of employees varies from 700 to 1,000, according to the season.

Foreign buying offices are maintained at Paris, Manchesses and Chemnitz; also an office and sample rooms in New York.

During, the last year, our buyers have traveled more than 160, 000 miles in collecting merchandise for the store.

The city delivery teams in the course of the year cover more than 80,000 miles, which is equivalent to one team making the circult of the globe over three times.

Seven 60-horse power boilers supply steam power and heat.

Twelve motors are used for various purposes about the store.

There are five elevator pumps with a pumping capacity of 1,400 gallons each minute, and six smaller pumps.

Seven fans have the power of changing 200,000 cubic feet of air per minute.

There are seven store elevators and four elevators in the main. entrance of the Granite Building.

Electric light plant is larger than the combined plants of Medina, Albion and Brockport. There are aix dynamos capable of generating electricity for 200 are and 1,200 incandescent lights.

Eight miles of wire are used in wiring the store for electric lights.
