One of the prettiest of the fall weddings was celebrated Wednesday morning at St. Patrick's Church, Mumford, Rev. G. J. Kilduff officiating. The contracting parties were Mr. Daniel O'Shea and Miss Agnes McSweeney. The bride, one of Mumford's most popular young ladies, the groom a well known business man of Rochester. The bride was handsomely attired in castor-colored poplin with white yoke and trimmed with pearl passementerie. Her only attendant, Miss Lizzie O'Shea, was gowned in dark blue poplin. Mr. John McSweeney was the groom's best man; the ushers, Dr. O'Shea, of Le Roy, and Mr. McSweeney, of Mumford. A reception was held at the bride's home at 3 p. m., after which the happy couple departed for their wedding trip. Upon their return they will reside with the bride's parents until spring.
A spiritual retreat for the young people of the parish will be held next week.

Only \$74.50 to Seattle and Return
On account of the annual convention, W. C. T. U., the Nickel Plate road will sell excursion tickets from Buffalo to Seattle, Wash., and return, at the low rate of \$74.50. Tickets are good going October 12th, 13th and 14th, and are good returning until November 17th. The fast express trains of the Nickel Plate road, which leave Buffalo morning, noon and midnight, make close connection at Chicago with the fast through trains of all western lines. The equipment is first class, the coaches and sleepers being elegantly upholstered, lighted by gas and heated by steam, and having all the modern improvements. An unexcelled dining car and meal station service is maintained.
If your ticket agent cannot furnish all information desired, address F. J. Moore, General Agent, Nickel Plate road, 291 Main street, Buffalo, N. Y.

Mr. A. Herman, will call on all subscribers in Geneseo, Moscow, Mt. Morris, Dansville and Coming.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has pronounced catarrh to be a constitutional disease, and therefore, requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,
F. J. CHENEY & Co., Toledo, O.
Sold by Druggists, 75c.
Hall's Family Pills are the best.

Senator W. B. Bates, of Tennessee, has fallen a prey to the bicycle habit and spends his vacations a wheel through the picturesque portions of his State.

Gen Joseph Wheeler is most conscientious in taking a certain amount of exercise every day. He is fond of riding, but believes that walking is better for him.

Mataafa, the Samoan claimant to royal honors, has some ear for music and a remarkable memory. He knows by heart all the old Moody and Sankey hymns.

A combined tent frame and cot has been patented having cross pieces attached to the uprights at each end of the tent to carry side strips, to which canvas sheets are fastened to form the cot. The height being adjusted by sliding the crosspieces on the posts.

For melting snow and ice on sidewalks a Russian has patented a hand-propelled roller which is former of two cylinders, the inner one being perforated, with openings in the outer one to admit air to the fuel chamber, to heat the roller as it is drawn along.

A California woman has designed a new "tea ball" for infusing the water in the teapot, comprising a perforated globe with an open neck with floating around the neck to keep the ball on the surface of the water and prevent the leaves from mixing with the tea.

Typewriter operators will appreciate a new indicator for use on tabular work, consisting of a curved finger attached to the base of the machine and extending upward to the paper, showing at a glance where the carriage must be set to write in the desired column.

To protect glass oil cans from breakage a Minnesota man has designed a case of wire netting fitting the can closely, with coils or spring wire threaded into the netting to stand out at right angles to the side of the can and receive any sudden blow which would otherwise break the can.
