**Corning.**  
Miss Agnes Conlon is visiting friends in Buffalo.

The funeral of Christopher Yost who died last week, was held on Monday morning from St. Mary's church. A requiem high mass was celebrated by Rev. W. Lee and the pall bearers were: Frank Eckel, Geo. Eckel, Chas. Argus, John Argus, of Hammondsport, and George Vair and Patrick Cassidy of Corning. The interment was in St. Mary's cemetery.

It is a pleasure to perceive the open cars on the street railway again. The sensation that a ride on the cars produces, can only be compared to being over the ocean like a cork (or to be more poetic let us say an eagle) with the heavens above and the earth below, and our slow feet, for the time being, eliminated.

Corning is to have a street fair in the near future and all our rural friends for miles round will be in town for a week. There will be booths all along the street and open air attractions of all sorts and a general air of festivity and gaiety. This is expected, will stir things up generally and bring trade into the town and make our merchants and their wares better known and more widely acquainted.

A short essay in this column a couple of weeks ago on a subject verging toward temperance, brought to the writer expressions from some of his readers, of such appreciation that he feels tempted to indulge himself occasionally in these flights (if of thought). More especially, by reason of the fact that he has heard in times past, his elaborate literary production in this column most unkindly referred to in such terms as "Well, what are you raving about this week?" or "What sort of a pipe dream did you have in the paper last time?"

There were several of them in a group and they had been telling funny stories and finally one told the cunning tale that runs thus: An editor was presented with a sheet of music which was supposed to represent in a beautiful melody the twirling of birds at the close of day and the piece was entitled "Warbling at Eve." "That," said the editor, "is the first time we ever heard that Adam was a singer." Everybody in the group laughed at the joke except one young man and he only smiled, not precisely with amusement nor yet with any cynicism but only with a look in his eyes that was greatly reminiscent and thoughtful. "I think I sold that myself once," he said, dreamily, "and the recollection of it and the laugh that followed will always remain with me."

The Misses Dean of West Market Street, pleasantly entertained the C. D. Reading club on Wednesday evening.

There are limits to everything not excepting the scope of a high school graduate's mental capacity; but this fact seems to have escaped these in authority over the class of 1900 over the Free Academy. The scholar's graduating essays were not of their own choosing this year and the fact is obvious after a glance at the titles of some of them. The depth and breadth of the subjects are of such measurements that they would swamp the intellectual abilities of anyone but an aged and gray philosopher.

Hall's Catarrh cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have such faith in its curative powers, that they offer One Hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O.
