ST. JOSEPH'S.

The 20th Century Fete given by the Ladies' Auxiliary of this parish on Monday and Tuesday evenings was a success in every way. The ladies assisted by members of C. Y. M. A. are to be highly complimented for their good taste in trimming the hall, lunch room and corridors with evergreen, flowers and bunting. The booths were comparatively few in number, but were large and contained any variety of things.

The cleverest thing to be seen was the topsy turvey zoo. Numerous toy animals had been confined in strong soap boxes with heavy bars of thread and string. From within their cages these monsters glared at one in dumb fury. Each specimen had been mislabeled and elephants had been designated as mice, lions passing for lambs, birds for blind bats, boxing gloves for Chinese boxes, etc. The whole idea was ingenious and the freak show caused a hearty laugh for all who visited it. Music was heard everywhere in the building. In the hall Mingie's band and Bauer's orchestra played, in the lunch room a smaller orchestra and in the zoo a large music box. The following committee arranged the fete: Miss J. Hoffman, president; Miss E. Otto, vice-president; Misses A. Zepewitz, M. Reichert, M. Henrichs, M. Hahn, M. Stupp, M. Koesterer, M. Hesslering, L. Kross. Director, Rev. C. J. Oler, C. S. R. We tender our sincere and heartfelt thanks to all our generous donors and contributors.

CATHEDRAL SCHOOL ALUMNI.

Annual Meeting to take on the Form of Reception to Bishop McQuaid.

The annual reunion of the Cathedral School association will be held in the hall of Lady chapel on Wednesday evening, February 13th. There will be a banquet at the close of which there will be toasts with responses by a number of the graduates of the school. All who attended the school at any time are invited to the reunion. This will be the third affair of the kind in preceding years the attendance was large and the occasions were greatly enjoyed.

A special interest attaches to the coming reunion because it will be in the nature of a welcome to Rt. Rev. B. J. McQuaid, who is expected back from Europe in time to attend. The bishop will sail from Naples about the end of this month, and in his last letter to the rector, Rev. Thomas F. Hickey, he expressed the hope that he would be back in time to attend the reunion of this association in which he is much interested. The date has been fixed with the intention of giving the bishop such a reception as will testify the love of the school children of this and preceding generations for their venerable prelate.

The first president of the association was the late Martin J. Callahan. Donald O'Byrne is now president, and with the assistance of a committee is making the arrangements for the reunion.

GENESEE PLATING WORKS.

Good Work and Prompt Execution Induces Large Patronage From all Sections.

A JOURNAL representative incidentally met Mr. J. C. Baumer, proprietor of the Genesee Plating Works the other day and accepted his invitation to visit the factory at Nos. 32, 34 and 36, South Avenue.

We found that it occupies an entire building, extending through the block on South Avenue to Minerva Place. On entering we found the full force busy at work, and on looking around noticed some work almost completed, sent in by one of our largest department stores. We had no idea a brass pedestal could be made to look as handsome as it does when finished in the Plating Works.

We were informed that they finish equally as well chandeliers, candelabra, altar and chancel rails, sanctuary lamps, censers, crucifixes, etc., making also all necessary repairs to same. We noticed a large pile of castings from Lindsey, Pa., also a lot from Medina, N. Y., which were sent in to be nickel plated. We also noticed a lot of material under way, for use in show window and store fixtures.

We were also informed that the Plating Works, does all the nickelling, brass finishing and polishing for the largest machine shop in the city—this of itself, is a strong recommendation as the firm is a very particular one. Mr. Baumer, the proprietor, gives his careful attention to all the many details of the business, allows no work to leave the factory that is not perfect in every particular, and takes great pride in executing it in a superior manner, and at reasonable prices. His success in the art of Nickel Plating is richly deserved, as with him no order is too small or too large to merit and receive his best attention.

PEDRO CLUB.

The Ladies' Afternoon Pedra Club met January 8th, at the home of Mrs. A. J. Atwell, Grand avenue. Prizes were won by Mrs. J. H. Lenthian and Miss C. Hutchinson, after which a dainty luncheon was served.

COADJUTOR FOR BISHOP.

Report From Syracuse That Rev. William McDonald Has Been Selected.

The Catholic Sun, published in Syracuse, in its current issue publishes an article to the effect that Bishop McQuaid is soon to have a coadjutor to assist him in his duties, in the person of Very Rev. William McDonald of Geneva.

The story is not generally believed in this city, although it has been known for years that the bishop has wanted a coadjutor. The diocesan consultants would be the persons to select candidates for such a position. The consultants did not hold a meeting for some time previous to Bishop McQuaid's departure for Europe last year, so it is not likely that they have selected a candidate.

BAKER THEATRE.

At the Baker, for the first three nights of next week, with usual matinees, will be presented the great sensational drama, "The Still Alarm." This piece has always been a favorite with Rochester audiences, and abounding as it does in thrilling and realistic situations, and with an exceptionally strong company and stage settings fully in keeping with the merits of the play, the house will be filled nightly. For the last half of the week, with matinees Thursday and Saturday, the pastoral play of "The Dairy Farm" will be the attraction.
