# ST. ANTHONY'S BREAD

A POPULAR DEVOTION HELPING GOD'S POOR.

In the Name and Under the Patronage of the Good Saint Joy is Brought Into Many a Suffering Life and Many Cases of Urgent Want Relieved.

The pleasure of doing charity is one of the highest privileges and sweetest joys of wealth. To do charity, however, ostentatiously or obtrusively—to give in public for public applause, without any thought of the divine motive that inspires and consecrates the gift—the giving for Christ's sake as a manifestation of that love which He commanded us to bear one for the other—far from meriting for, rather detracts from, the reward of the giver.

The widow's mite, dropped quietly with retiring humility in the treasury of the Lord was more acceptable to our Blessed Master than the pompous display of the Pharisee or the Pharisee making vain show of wealth before the people.

Therefore is it that St. Anthony's Bread has become so popular a devotion, for when we adopt this truly laudable and pathetic method of giving to God's poor, the right hand verily knows not what the left hand doeth. To feed the hungry is a precept of divine injunction. To do it voluntarily or out of gratitude for gifts or graces received is surely a deed rich in merit, inasmuch as the Lord loveth a cheerful giver. To minister to the touching physical needs of our brethren in the guise of St. Anthony's Bread is at once a beautiful and pathetic display of faith and a commendable manifestation of that Christian gratitude that not only absolves the beneficiary of any obligation to his benefactor, but disposes that benefactor to a still greater conferring of favors. Giving to God's poor is giving to God, but the poor—His favorable representatives—have always with us. Giving in the guise of Saint Anthony's Bread has also another commendable feature. It spares the recipient the humiliation and shame that too often accompany a more lavish and open display of charity. Here the gifts of charity are dispensed incognito. Benefactor and beneficiary are not embarrassed by personal contact and possibly mutual recognition. In this humble but beautiful way we have been enabled, in the name and under the patronage of St. Anthony, to bring joy into many a suffering life, and relieve many cases of urgent want.

The money we receive for St. Anthony's Bread is used to support our schools and churches all over the State of Virginia, and to help the poor colored people in the parish. We are sure that the prayers of those so assisted in their need will call down from Heaven rich blessings, and a continued manifestation of divine graciousness on the generous benefactors of the poor, who so pathetically need their remembrance and sympathy of their more favored brethren.

Truly has the devotion been blessed throughout the Christian world, and its growing popularity is eloquent testimony to the graces and blessings conferred upon its devotees. May it flourish with the years, relieving the wants of the destitute and poor, and by doing violence to Heaven, constituting the Sacred Heart through the intercession of Saint Anthony, a thesaurus of inexhaustible graces for the Christian Church.

# ACCOMMODATIONS FOR VISITORS IN BUFFALO.

Hundreds of Hotels, Boarding and Rooming Houses, Beautiful Many Private Homes, on the List.

So much has been said and written about the ability of the city of Buffalo to care for the crowds which will attend the Pan-American Exposition this summer that a few facts and figures will be appreciated by the general public.

In the first place, there are listed more than 200 hotels, which will give accommodation to 30,000 people; there are 650 boarding and rooming houses, affording accommodation for 18,500, while 7,000 owners of houses, most of whom never before hung out their latchstring for a consideration, have signified their intention of opening their houses for the accommodation of visitors to Buffalo this summer. These 7,000 homes will accommodate at least 100,000 visitors.

The Exposition Company has arranged to furnish tent accommodation on the Exposition grounds for 250 unformed men. There are also two companies arranging tent systems which will afford additional accommodation outside of the grounds for 1,500 or so.

In addition to all this, there are a large number of buildings throughout the city now being remedied and converted into hotels, the plans of which are not far enough along to afford an accurate description or to estimate accommodation at the present time. It is safe to estimate the present capacity of the city of Buffalo to accommodate 150,000 strangers. To this may be added accommodations for at least 50,000 in the surrounding towns, such as Tonawanda, LaSalle, Niagara Falls, Lockport, Williamsville, Getzville, Depew and Lancaster, all within a short trolley ride of the city.

Rates in hotels range from \$1 per day upward. As ridiculous stories have been circulated in regard to exorbitant hotel rates, it is well to note the rates that have been established at the Iroquois, the most expensive hotel in the city. These are, for one in a room without bath, \$3 and upward; for two in a room without bath, \$5 and upward, thus making the minimum rate \$2.50 per individual. The rate for a room with bath for one person is \$5 or for two in a room \$7.50. This is on the European plan. Of course there are rooms and suites of rooms in this hotel for much higher rates for those who wish to pay them, but the prices here given are the highest in the city for hotel accommodations as the term is ordinarily understood.

A number of local reliable agencies are engaged in locating visitors in homes in the city. These can be relied upon as being honest, straightforward and efficient. They are composed of business men of integrity, who will carefully protect strangers in the city, and visitors may feel assured of courteous treatment and safe conduct to accommodations which have received careful inspection.
