TO ABOLISH TREATING.

A suggestion was made at the K. of C. banquet in Columbus, which, if generally acted upon, is calculated to effect much good. The speaker, District Deputy Minahan, with fine sarcasm pointed out the rule which debarred liquor men from joining the order and asked, if this course is moral and reasonable—and he would not gainsay it what about the man in front of the bar and what is he, if a Knight of Columbus, doing to promote the cause of sobriety?

It was not for him or any man to deny the privilege of a harmless glass, but there is a factor in our social life which under the guise of friendship and good fellowship turns what is harmless into an engine of degradation and destruction. He referred to the senseless and damnable custom of "treating," and in impassioned words appealed to the councils of Ohio to take the initiative in abolishing the pernicious habit.

The enthusiasm with which the suggestion was received left no room for doubt as to the sentiment of the assembled Knights on the matter, and it now remains for the individual councils to act. But will they? As so frequently happens, members of the average Catholic society listen to eloquent speeches, receive them with unbounded enthusiasm, pass resolutions and—do nothing.

However this may be, better things are expected of an organization which aims to reach the highest standards of Catholic manhood. If the 75,000 Knights of Columbus would generally adopt the anti-treating proposition, what a force for real practical good would be set in motion!

A GREAT CARNIVAL.

ALL NATIONS DAY, SATURDAY, AUG. 24, AT THE PAN-AMERICAN EXPOSITION.

One of the Grandest Displays Conceivable. —Henry Austin, Chief of the Electrical Department, has been authorized to arrange for Great Color Display.

At a joint meeting of the Exposition officials and the Midway concessionaires, Sunday afternoon, July 20th, in the Service Building, it was arranged to hold a great carnival day at the Pan-American on which unprecedented revelry shall reign from morning-until-midnight.

According to the plans promulgated, this day at the Rainbow City will surpass in every respect of grandeur, immensity and unique beauty any of the great festivals famous in modern or ancient history. The modern day accessories of electricity, transportation facilities and mechanical ingenuity, together with a resolve to spare no expense, makes this possible.

This carnival of all nations will be held on Saturday, August 3rd. Not less than \$100,000 will be spent on the project, and the value of the services contributed by the Midway concessionaires and others will actually make the affair a grand, quarter of a million dollar production, as the theatrical press agent would say.

Concessionaries Dundy, Thompson, McGarvie, McConnell and Bostock were named as a committee to execute the project, in conjunction with the Exposition management. Frederick Thompson furnished the plan of features. They have all been formally approved.

At 10.30 o'clock in the morning the revels will begin with a pageant of all nations, in which all the Midway attractions and a host of outside people will participate. This line will wind about the grounds, a splendid cavalcade of costume and color, and with the blare of trumpets, well heralded the opening.

At 11.30 there will be a water carnival, all sorts of gaily bedecked craft laden with costumed merry-makers, to fill the lagoons and canals. In this event it is intended to outdo the famous water festival of Venice.

At high noon a man will make a sensational high dive from the summit of the Electrical Tower into a deep dredged portion of the grand canal.

In the afternoon the gaiety will be confined chiefly to the big Stadium the seating capacity of which is to be increased. For several hours an immense modern day circus will prevail; also a Wild West Show with all the excitement of sham Indian fights and the startling horsemanship of vaquero, red man and cow puncher.

Several unique features have been decided upon besides the regular gamut of bareback riding, tumbling and high wire work. A handicap race between an automobile, a camel, an elephant, a horse and a bicycle have already been arranged; also a foot race between representatives of every race at the Pan-American: a horse race to bring out the riding superiority between an Arab, a Mexican, an Indian, a Filipino and an American cowboy, and a purse race between a Mexican peon on a burro and an Esquimaux in a sled drawn by a dog team. A cakewalk of all nations will furnish amusement of lighter vein.

The object of this most unusual special day is to create a furor of Pan-American enthusiasm throughout the country and secure, great daily attendances the remainder of the Exposition season.

FREQUENT PERFORMANCES AT POPULAR PRICES.

The Bostock Concessions at the Pan-American Exposition.

The performances of the Bostock enterprises at the Pan-American Exposition, which consist of the great Zoological Arena, Chiquita, the Golden Chariots, Esau, the man-tape and others, are the most popular on the Esplanade, for the reason that they are almost constantly open, and the prices of admission and reserved seats are moderate. At the Arena and other shows performances are given at 11 a. m. and 2, 4, 7 and 9 p. m. The general admission is adults 25 cents; children 15 cents; balcony, adults 35 cents; children 25 cents. Reserved chairs, adults, 50 cents; children 25 cents. Box seats, adults \$1 and children 50 cents. A side on the Golden Chariots is only 10 cents, and the same admission is charged to the receptions Chiquita and Esau. All the Bostock exhibitions are honestly advertised and honorably conducted.
