You get a very faint idea of the beauty, the appetizing look, of a Cleveland Baking Powder biscuit from the above illustration. But it is the best that can be done in a newspaper.

Hot biscuits made with Cleveland's Baking Powder are most appetizing in appearance, fragrant in odor, delicious to the taste. Light, sweet, wholesome. An ideal breakfast food. No other biscuits are quite so nice, none so easily made, none so healthful.

BIG BUFFALO HOTEL SOLD

"The Kenilworth" acquired by Statler the Well Known Restaurateur.

The Kenilworth, one of Buffalo's newest hotels, has just been acquired by Mr. E. M. Statler, the well known and successful restaurateur, who will from now on conduct it in that high class and liberal way which has made him famous as a provider of good living and creature comfort. The Kenilworth is a new fireproof structure of five stories, strictly modern and up-to-date in every particular. It is located in the most fashionable residence district of Buffalo, on the corner of Elmwood avenue and Anderson place and is within 5 minutes ride of the grounds of the Pan American Exposition.

Electric cars from any railway depot reach the hotel in 15 minutes.

In addition to unusually luxurious and artistic furnishings the Kenilworth is equipped with twenty bath rooms and an exceptional elevator service. The dining room is on the 8th floor and seats 200 guests, while the cuisine under Mr. Statler's management will fully sustain his reputation as a caterer.

Another special feature of peculiar interest to visitors is the Palm Roof Garden from which a magnificent view can be obtained not only of the Exposition grounds in all their electric splendor, but also of Lake Erie, Niagara river and the Canadian shore. Mr. Statler's success with his Pan-American and famous Restaurant in Ellicott Square warrants the assurance that under his benign care and skill the Kenilworth will take first place among the high-class hosteleries of Buffalo and add materially to the comfort and enjoyment of visitors to the Pan-American.

Perkins Lighting Phonography.

Electric fans, roll top desks, fine engravings and pictures, mirrors, expensive floor coverings etc. are not supplied to the pupils of the Hendrick Commercial Training School, nor is the pupil charged for those luxuries in high tuition rates, as is the case in some other business schools in this city.

This school is comfortably and suitably furnished, and what it does offer its pupils is first class instruction by teachers a second to none in the city at moderate rates also effective and bonafide assistance to obtain positions when qualified.

Its stenographers, who write the Pennin, the only shorthand taught in Rochester having highest gold medal, Columbian Exposition, are winning golden opinions from their employers, who will be soon heard from. We again ask the patronage of the readers of this paper to help us build up the largest as well as the best business school in Rochester.

We thank those who have responded to our former invitation and assure them that they will have no cause to regret their preference. Everyone knows where Powers Block is and when you hear the hum of study and the click of the typewriter at No. 340 step in, we will be glad to have you inspect our school and speak a good word for it whether you register or not.

CATHOLIC SUMMER SCHOOL.

(Continued from 1st page.)

absolute certainty, there is abundant reason to believe that a new chapel will be erected next spring.

The prolongation of the past session of the Summer school through the first week in September was an experiment on the part of the administration, but it was one that was entirely successful. The desire has so often been evinced in former sessions by many people to remain until the middle of the month, that to please these and to draw others who are able to come only at this time, the board of studies reserved two of their strongest and most attractive lecturers for the closing week. They were Henry Austin Adams, A. M., a most brilliant and eloquent lecturer, and Rev. Wm. O'Brien Pardon, S. J., one of the foremost scholars and preachers in the Jesuit order to-day.

Mr. Adams took for his subject, "The Dramatic Outlook of the Twentieth Century," which he discussed in a masterly manner. Father Pardon's lectures on the Bible were masterpieces of close and accurate reasoning as well as able and eloquent presentations of the matter in hand, and stated definitely the position of the Church on the higher criticisms of the Bible, and also showed the Biblical foundations for some of the important doctrines of our religion.

At the close of the lecture Father Lavelle announced the decennial session closed.

DR. TAFT BROS' MEDICINE CO.
Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the last 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 130th street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.
Yours respectfully,
O. D. PHELPS, M. D.
