## C. R. B. A.

Reports from the various councils at the meeting of the Central Council on Tuesday evening show that the order is on the increase in this city. Every council is working and there is not a drone among them. This is probably due to the fact that the Central Council stimulates and encourages the councils and does all in its power to further their interests. On the invitation of Council 25, the next meeting will be held at their hall Monday evening April 7th, when the law committee will report.

Council 23 received six applications for membership at last meeting.

There is room for two or three more councils in this city and as the Supreme President has offered one hundred dollars for new councils would it not be a good idea for some of our hustlers to organize a new council? When a new parish is formed in this city we read in the Journal that a branch of the C. M. B. A. or L. C. B. A. has been formed but hear nothing of new councils of C. R. B. A., which should not be. Who will be the first to organize a new council?

Members of Council 44 are requested to attend the meeting Tuesday evening at St. Mary's school.
