LaFrois, Mrs. E. Hefner, Mrs. M. Kinnie, Angelia and Catherine Rummel and three brothers, John and William Rummel of this city, and George Rummel, of Dayton, Ohio.

St. Francis Xavier.

Ceremonies connected with the laying of the corner stone of St. Francis' convent were performed on Bay St. Tuesday afternoon at 3:30 o'clock. Mother Agnes of Nazareth Convent was present and formally laid the corner stone. In this ceremony Mother Agnes was assisted by Rev. Joseph Netzel, pastor of St. Francis Xavier Church and by the teachers of St. Francis' School.

Following the ceremonies attending the laying of the corner stone the children of the school, who were present in large numbers, sang hymns appropriate to the occasion. The ceremonies were concluded with a celebration in honor of the event, which took place in the old convent near by. At the same time the feast of the saints' day of Sister Pancratia, principal of the convent, was also celebrated.

It is expected that the new convent will be finished and ready for occupancy in two months. It will cost about \$12,000, and will contain every modern equipment for the convenience of the teachers of St. Francis' School, who will make it their home.

How Cheap Baking Powder is Made.

The Health Department of New York has seized a quantity of so-called cheap baking powder, which it found in that city. Attention was attracted to it by the low price at which it was being sold in the department stores. Samples were taken and the chemist of the Health Department reported the stuff to be "an alum powder," which analysis showed to be composed chiefly of alum and pulverized rock.

The powder was declared to be dangerous to health, and several thousand pounds were carted to the offal dock and destroyed.

It is unsafe to experiment with these so-called "cheap" articles of food. They are sure to be made from alum, rock, or other injurious matter. In baking powders, the high class cream of tartar brands are the most economical, because they go farther in use and are healthful beyond question.
