GENEVA.

The closing exercises of St. Francis de Sales School took place at Smith Opera House Thursday and Friday evenings, June 26th and 27th.

L.M.A.

A month's mind requiem mass was sung Tuesday morning for the repose of Rev. D. E. O'Meara.

MT. READS.

We regret to chronicle the death of Frank J. McCall, son of Mr. and Mrs. John McCall, of Barnard's Crossing.

The mission which took place at the church of Our Mother of Sorrows, Lady Hill, during the week of June 15th was largely attended.

St. Patrick's church held its annual picnic at Cayuga Lake Park Wednesday.

God's blessings, and that they may always follow them in their good work.

SHORTSVILLE.

Among the seven graduates of Shortsville High School of the class of 1902, which was held last Tuesday evening.

Miss Anna Farrell is visiting relatives in Palmyra.

Miss Mary Keleher, of Geneva, spent last week here as the guest of her sister, Mrs. Dunn.

AVON.

The social which was held Thursday evening under the auspices of the ladies of East Avon, was a decided success.

Mr. David Clark, of Rochester, spent a few days during the past week with friends in town.

Miss Mae O'Connell, of New York City, is the guest of her uncle, Mr. William Carroll.

Miss Margaret Curran, who has been teaching during the past year in New York City, is spending her vacation at the home of her mother, Mrs. Winifred Curran, of Temple St.

Miss Isabel O'Neil, of Buffalo, is the guest of Miss Jennie Tighe.

The work on the tower is to be begun in the near future.

Prof. W. J. Connor, of New Jersey, is the guest of his parents on lower Geneva St.

Mr. Martin Skelley, of St. Andrew's Seminary, Rochester, is spending his summer vacation at the home of his parents.

DANSVILLE.

St. Patrick's school closed Wednesday evening, June 25th, with an excellent entertainment in O'Connell hall.

At the close Miss Rowan presented the address to Rev. Father Dunn and Miss Marguerite McNeil presented a beautiful floral piece.

St. Patrick's school held its annual picnic at Cayuga Lake Park Wednesday.

SENECA FALLS.

The following are the names of the graduates of St. Patrick's school: Girls: Emma Casey, Alice Hanlin, Agnes Muldoon, M. McKeon, Anna Ryan, Catherine Sullivan.

There will be no Sunday school in St. Patrick's church during July and August.

Joseph Halpin died Monday at the home of his mother on Haigh street, aged 25 years.

OUR AGENT.

Mr. A. Herman will visit subscribers in Avon, Geneva, Mt. Morris, Dansville, Charlotte, Mt. Read, Piffard, Mumford, Caledonia, LeRoy, Greece.

Last chance to secure the beautiful Catholic book "Christ on the Altar" endorsed by the reverend clergy.

COOK OPERA HOUSE.

The Cook Opera Stock Company has scored an emphatic success in "The Two Orphans" this week.

The part of Natalie is the longest of the play, and it is of vital importance that the part be well acted.

The Banker's Daughter will be repeated at the Cook every night next week, with matinee Monday, Wednesday, Friday and Saturday.

BAKER THEATRE.

At the Baker Theatre next week Frank Mayo's dramatization of Mark Twain's famous story, "Pudd'nhead Wilson" will receive a careful production.

A little bran and milk or vinegar will make the hands clean and smooth after dish washing or any other work that roughens the skin.

To soften and whiten the hands use some sort of cream on them at night, then powder them and put them in loose gloves kept for this purpose.

To renovate and brighten the gilt frames of pictures and mirrors that have become dainty and dingy simply wash very gently with a small sponge.

BASE BALL.

Standing of the Clubs to Friday A. M.

Table with columns: Club, Won, Lost, Pct. Includes Immaculates, Corpus Christi, Holy Apostles, St. Bridget's, St. Boniface, St. Mary's.

Scheduled for Next Week: Tuesday, Immaculate Conception vs. St. Boniface.

Notice to City Subscribers: Our collectors will call on all subscribers who are in arrears for the Journal, next week.

How's This?

FOR THE HOUSEWIFE.

Housework is rather hard on the hands, but there are some precautions which, if taken, will add greatly to the comfort of the worker and the appearance of the hands.

When the hands are stained by fruit or vegetables be sure to remove the stains before the hands come in contact with soap or soapy water.

When sweeping and dusting wear loose fitting gloves. Have a pair of rubber gloves for use when it is necessary to have the hands in water a great deal.

To renovate a black dress or coat that has worn glossy, sponge with equal parts of ink and strong tea. This method has been recommended as infallible.

Glass covers for platters are sometimes used instead of metal. They equally preserve the heat of the dish and have the advantage of not hiding it.

A saturated solution of borax and water rubbed on with a sponge, and then followed by clear water, will remove a glaze, the result of wear, from black goods.

Flannel blankets may be successfully cleaned by using borax and soft soap into cold water enough to cover the blankets.

In making a fruit pie make a small opening in the centre of the crust and insert either a straw or a little paper funnel. The steam will escape as through a chimney and all the juice will be retained.

To clean painted woodwork, dip a flannel cloth into warm water, and after squeezing it out nearly dry dip it into a dish of whitening. Apply it to the wood work and very little rubbing will be required to take off the dirt.

Embroidered leather can be cleaned with turpentine applied with a soft cloth. This removes the stains but slightly stiffens the leather.

A pan of lime set on the shelves near jellies, fruits and jams will prevent their moulding.

Soap mixed with whitening will stop a gas or water leakage in a pipe until a plumber can be sent for.

Celery may be kept several days, if it has been cleaned and washed, if it is put in an ordinary glass fruit jar, covered tight and placed in a cool place.

Rain water and white-castile soap in lukewarm suds is the best mixture in which to wash embroideries.

A Small, flat paint brush is useful in cleaning the corners of the window sash. Hot vinegar will clean off paint splatters, and turpentine will remove putty.

Cayenne pepper blown into the cracks where sash congregate will drive them away. The same remedy is also good for mice.

Dust on Sea. A mystery with which every sailor is familiar is the formation of dust at sea. Those who are familiar with sailing ships know that, no matter how carefully the decks may be washed down in the morning and how little work of any kind may be done during the day, nevertheless, if the decks are swept at nightfall, an enormous quantity of dust will be collected.

RUTH A BIBLICAL IDYLL

Habbi Gotthell on Women of the Bible—A Faithful Love of a Girl.

THE story of Ruth is one of those exquisite idylls of love and domestic life which brings remote scenes close to our hearts while all the splendid incidents of solitary history leave antiquity at a distance measured by the centuries that have rolled between.

Whoever, then, would be interested in Ruth must learn to take an interest in the elder friend Naomi. Nor is this difficult. Through the dimness of centuries we can still discern one of those personalities which sway towards themselves all who approach.

The story passes into a phase of life widely sundered from modern customs and sentiment a phase of life touched in the narrative with the utmost delicacy. A deep principle pervades the constitution of Israel was care for the preservation of families.

Shoddy Boots.

Boots and shoes in England have been subject to a very considerable fall in prices of late years. Partly this is owing to the use of machinery, partly to the employment of lads where men used to do the work, partly to the use of what was formerly waste material and partly to sheer doddery and trickery.

The truth is, however, the uppers are made of what are known as "center splits," and the soles are an artificial compound of leather waste. The "center splits" are very ingenious forms of shoddy. Good, honest skins are cunningly split into three thicknesses. The center sheet is soft and spongy and has no natural grain upon it. But this defect in its appearance is supplied by a process of printing which produces a surface "grain" and makes it, to the inexperienced eye, just like ordinary leather. It is then made up into boots that give every promise of good service, a promise to the eye, to parody Macbeth pretty certainly destined to be broken to the hope.—Chambers' Journal.
