Five Minute Sermon.

Transfiguration of Our Lord.
 It is generally believed that this wonderful event spoken of in to day's Gospel took place on Mount Thabor, which is near the town of Nazareth, in the tribe of Zabulon between the Mediterranean Sea and the Lake of Genesareth. From its summit one can see almost the whole of Palestine; to the east the River Jordan and the country beyond; to the south, the tribes of Issachar and Manasse; to the west, the Mediterranean Sea; and to the north a sweep of land reaching to the mountains of Lebanon.

Christ wished His transfiguration to take place on a mountain, and in a solitary place, to give us to understand that divine favors are reserved for those who, by their virtues, raise themselves above all things earthly, who retire into solitude and flee from the distractions and cares of the world. Now St. Peter represents those who are steadfast in their faith. St. James those who control their passions. St. John the chaste and pure. Hence Jesus selected them to enjoy so great a privilege in order that we might hope to receive His special favors if

we are firm in our faith like St. Peter if we overcome our passions like St. James and if we are pure in mind and body like St. John.
 Christ manifested Himself in His glory to these apostles for several reasons. First, by giving them a manifestation of the glory which was His own and which was not lost or diminished, but only hidden by the veil of humanity, He gave them a visible proof of His divinity. Moreover, He did so to strengthen them and sustain their faith when they would later on see Him in humiliation and suffering. Lastly, He was transfigured before them to encourage them and all future Christians to suffer voluntarily the trials of the apostleship and observe the law by permitting them to see a glimpse of the consolation which they will enjoy in the vision of God, which is the reward of all that love and obey Him here on earth.

Forty Hours Devotion
 The Forty Hours Devotion will be held in the following churches next week:

BOOKS.
 "Abbott's A Boy on a Farm." The stories have a distinct educational effect, both mental and moral; they teach industry, honesty, and all the manly virtues. The illustrations are numerous and pleasing, and have all been drawn especially for the book.

"Andrew's Botany all the Year Round." The book is accurate, and sufficiently full and complete to meet the needs of secondary schools. The work required can easily be done, and will prove thoroughly educative.
 "Barnes's New Histories of the United States." The Elementary History tells the story of the country in a series of biographies of important men, as recommended by the Committee of Fifteen. The numerous illustrations form an important aid to the understanding of the text. In the School History, while the fascinating literary style and the remarkably successful distinctive features of the original volume have been retained, greater prominence has been given to industrial and social development.
 American Book Company, New York, Cincinnati and Chicago.

THE PET SHOW.
 This week was a lively one at Fitzhugh hall. The cat show is under the auspices of the Lockhaven Cat Club of this city, and under the patronage of the Beresford Cat Club of Chicago and the Atlantic Cat Club of New York. There are about 200 beautiful cats now entered, which are receiving the adulation of the crowds who are flocking about the cages.
 Next week Tuesday, Wednesday, Thursday and Friday the dog show will be given. About 350 dogs will be exhibited. Pony show Saturday, March 7th. Doors open from 10 a. m. to 10 p. m.

LIMA.
 Died at her home in this village Mar. 1st, after a long illness, Helena Coughlin, aged 37 years. She is survived by her parents, three brothers a domestic. Her funeral was held from St. Rose's church on Tuesday morning when a requiem mass was sung. The church was filled showing by the great number present the esteem in which she was held by all. Miss Coughlin graduated from the seminary in this place and has taught in the public schools in different parts of the state. The Inglew Literary society and Children of Mary of which she was a member attended in a body, the latter acted as a guard of honor standing in two lines from the hearse to the church door, through which the solemn procession passed. The bearers were Dennis Conway, Mark Lookington, George Shantz, Joseph Guinan, Martin Hendrick and Patrick Harrington.
 The Conway brothers will soon move to the fine farm, known as Atwell place, recently purchased by them.

How a Three Months' Old Babe Was Sacrificed

The recent death of a three months old babe in Fall River, pronounced by the physician as due to an over-dose of chloral contained in a cough syrup, given to the little one by its parents has caused renewed interest in the movement to protect the public from the danger in such preparations as depend for their effect on some form of poison, such as the drug named above, chloroform, opium, and so on. In this Fall River case, the dose prescribed for infants in the directions accompanying the bottle was from five to ten drops. A dose of eight drops was given to the babe and the result was fatal. Bartholow, the noted medical authority, says opium or morphine produces disorder of brain or motion. It depresses the action of the lungs, produces dryness of the throat, loss of movement of the bowels, and lessens the functional activity of the kidney. With so many so-called cough cures depending upon these deadly drugs for a temporary deadening effect, it can easily be understood why physicians as a rule are opposed to them. In unreliable preparations of this kind the ingredients are not always properly compounded, and, as undoubtedly happened in this unfortunate Fall River case, the patient may get in the regular dose an uneven quantity of the poisonous drugs, which if it does not cause a fatal result, often produces violent illness or weakens the system so that pneumonia or some complication sets in. Inasmuch as the public has no means of knowing just what such preparations contain, the only safeguard is in cautioning the people against their use. This is another article written for the purpose of having you realize its importance when you read that without the use of these drugs, Father John's Medicine cures colds, prevents grip and pneumonia—pure and wholesome, no opium, morphine, or nerve deadening drugs in any form; a food medicine.
 Father John's Medicine is for sale by the following Rochester druggists. Any druggist can get it for you: Bryan Drug House; Dake Drug Co.; H. B. Newman, 160 Jefferson Ave.; G. W. Where the Apostles Are Buried.
 All that now remains of the apostles of Christ are in the following places: Seven are sleeping the sleep of the Just in Rome—viz, Peter, Philip, James the Less, Jude, Bartholomew, Matthias and Simon. The remains of three lie in the Kingdom of Naples—Matthew at Salerno, Andrew at Amalfi and Thomas at Ortona. One, James the Greater, was buried in Spain at St. Jago de Compostella. Of the exact whereabouts of the remains of St. John the Evangelist there is much dispute.
 Mark and Luke are buried in Italy, the former at Venice and the latter at Padua. St. Paul's remains are also believed to be in Italy. Peter is buried in Rome in the church which bears his name; so, too, are Simon and Jude. James the Lesser is buried in the Church of the Holy Apostles, Bartholomew in the church on that island in the Tiber which bears his name. The "Legends of the Apostles" places the remains of Matthias under the altar of the renowned basilica.
 Keep God in Mind.
 In your ordinary occupations not only strive, like Martha, to accomplish your work to the glory of God, but, like Mary, seek to disengage your mind from worldly and tumultuous thoughts and direct it toward God.—Venerable, L. de Blois, O. S. B.
 Guard Your Treasures.
 Oh, you who are still young, upon whom God has lavished all those gifts which I have lost—candor, simplicity, innocence, friendship, devotion—guard these treasures well, and that they may not die place them under the protection of prayer.—Selected.
