### ST. STANISLAUS.

The commencement exercises of St. Stanislaus school were held in the school hall Sunday afternoon. A large number of people assembled to witness the first graduating exercises. The stage was very prettily decorated with the class colors red and white. A very pleasing and interesting program consisting of songs, dialogues, recitations and a operetta by the little ones, was given. All the children did their parts remarkably well. At the conclusion of the program Rev. Father Szadinski presented the graduating class to the people and gave a very eloquent address. He told the people he was pleased and happy to present to them the first graduates of the school. This school he said has been opened only six years, but in that short time has accomplished a great deal of noble work. This he said was owing to the untiring and zealous efforts of the good Sisters who spare no pains in the training and education of the children entrusted to their care. The Rev. Father also said he hoped the people would in the future appreciate what is being done for their children and send them to school regularly so when they leave school they will be good members of the church and loyal citizens for their country.

Rev. Father Szadinski gave the graduates their diplomas congratulated them on their success in the Regents examination and also on being the first to graduate from the school. He also impressed on their mind the many lessons they had received while in school and hoped they would always profit by them.

One of the graduates intends to enter St. Andrews Seminary in September.
