ST. JOSEPH'S.

The Japs, having won another im portant victory on the Shakhe, are naturally very exultant. The fair land of Nippon to day resounds with songe of victory. This joy and happiness and the festal ceremonies of the Japanese village en route to R)chester, have been postponed until next Monday, Tuesday and Wednesday. Come to our hall and see how an almon eved maid from the land of apple blossoms, greets her returning sweethearts. Come and see what the Japs have done with some of the Russians captured early in the war. Come and see what they did to some Russians who were not captured. Take a walk down the road of Joys and stop at the tea house of ten thousand happinesses. Listen to the melodious strains of the samisen. Feast your eyes on the beautifully colored kimonas. If you will do this you will have not only one pleasant evening, but three of them. For you will come every evening and you will endeavor to have the management extend the time during which the village is to be open to the public.

To morrow at all the masses after elevation, the usual monthly school collection will be taken up.
