Holbrooke Street off Portland Avenue

Few people realize that it is getting to be just as hard to find desirable lots, at moderate prices, as it is to find suitable houses.

This scarcity is caused by the large increase in population, the big demand for new houses, and the fact that people with moderate incomes are beginning to realize that the purchase of City real estate is the safest and most profitable investment they can possibly make.

The natural ambition of every man with a family, is to own his own home, and you can easily do this by taking advantage of the very liberal terms we are now offering, on the few lots we have left on Holbrooke Street, off Portland Ave. There is no other neighborhood in the City possessing so many advantages, where lots can be bought as cheaply as we are now selling them.

All we ask is \$25.00 down, the balance to be paid at your own convenience.

During the past year twenty modern houses have been built and sold on this street, every one of them now being occupied by the owner.

Electric cars pass the corner of Holbrooke Street every seven minutes, and reach the center of the city within 10 minutes.

There are absolutely no objectionable features in the vicinity; no dirt, no smoke, no canal, no steam railroads, no factories. It is an ideal spot for a home, with public and parochial schools near at hand.

Holbrooke Street is a beautiful, improved thoroughfare, with cement walks, curbing, sewer, water, gas, and an abundance of shade trees on both sides of the street.

You can search the city from end to end without finding any lots that will compare with the ones we are now offering at from \$400 to \$500 each.

Let us show you these lots; after you have seen them you will certainly want to buy one, and build a home of your own; no one can afford to pay rent to anyone but themselves.

Any lots not sold by June 1st will be advanced ten per cent. in price.

Call me up on either phone No. 980 and I will be glad to make an appointment with you.

No More Stopping at the Four Corners

The past, how many men whose steps have led past the Four Corners, have stopped and considered in which direction their course should be shaped, in order that their shopping trip might be completed as expeditiously and as cheaply as possible? Now a most radical change has occurred particularly if the shaping of the course is contingent upon the necessity of spring or summer clothes. When these thoughts are predominant, there is the plotting name of "Gardiner" outlined against the dark sky at 92 State Street, or, should the gaze turn toward Main Street East, a beacon burns at No. 276 that will guide the seeker for "the best of it" into a port of stylish apparel from \$8.00 to \$15.00. Don't worry about this one's claims or that one's policy. All that interests you is "shined up in." Where can I get the best for the least? Permit us to "show you."

The Moment She Laid Eyes on Him She Knew She'd Met Her Fate. It Wasn't His Personality—'Twas His "Gardiner Suit" for "Eight."

Here's a little "heart to heart." If you have been paying \$20.00—yes, even though it is customary for you to expend \$25.00—we want to get in touch with you. We know that we can form a co-operative alliance. It will, of course, be a good thing for us, but a better one for you. We've recently placed in our stores a line of \$15.00 hard worsted suits that will mean a saving of \$5.00 to \$10.00 to those who take advantage of them. And this isn't a matter of filling newspaper space. We mean every word of it. They are hand-tailored—clothes cannot be cut on later patterns—the linings are wool serge—the kind that does not fray out. If they do not fulfill every promise made for them, your money is here awaiting you. The shape will be as perfect a year from now as it is to-day, and you never made a better clothes investment in your life. Looking them over does not entail any obligation.

Quite a steady downfall of "wetness" yesterday, wasn't it? Rather conducive to raincoat thoughts, don't you think? If about much, you no doubt, were impressed with the fact that while an umbrella (by the way, we have a splendid one for \$1.00) is all right for protecting a derby hat, yet, for keeping the whole person dry, to paraphrase Bill Shakespeare, "the raincoat's the thing." Aside from this feature, there are other salient points which commend raincoats to purchasers who always have their

"thinkers" in training. They are particularly available for the chilly mornings and evenings; answering all the purposes of a light overcoat; fulfilling the duties of the "old time ulster" for trip taking, and, in many other ways "paying for their keep." Now, then—we told you yesterday about those Priestly cravats—we mean the Priestly, form-fitting and equal in value to any for which \$15.00 to \$20.00 is ordinarily expended. We place these coats at your disposal for only \$10.00, with the entire confidence that they will never, again be duplicated at this price. Come and look at them. They'll make you wonder.

Here's a little case of "supposing." Suppose that you need a new suit of clothes, and at the same time you need \$5.00 for another purpose. Now, suppose again that you have always been in the habit of paying \$15.00 for your spring apparel. Once more, suppose that you come to either one of the Richard Gardiner stores, No. 92 State Street or No. 276 Main Street East. Then comes a case of "certainty." You are absolutely certain to secure for \$10.00 a suit which will make a pace for those that you have heretofore paid \$5.00 more for, and you have the "five-spot" to be applied to the purpose for which it is required. Now, if it is not asking too much, make just one more "supposition." Suppose that you cannot very conveniently pay \$10.00. Then we can let you out for \$8.00 or \$9.00 in a suit that will be guaranteed both for color and service. One cut on fashionable lines, with lining the best, and good enough to be worn by any man, be he laborer, banker or broker.

The "Song of the Shirt" is the subject was our 47-cent Union Label kind; would take a great many verses in order to do full justice to their qualities. It would also require a long stretch of the imagination to find words sufficiently descriptive of the elastic and wearing features of the suspenders which we offer from 13 cents upwards. Extremely fitting would be superlative in dilating upon our lightweight underwear and neckwear, the former for 22 cents; the latter, same price.

Come Where the Lights Burn Bright.

Come Where the Prices are Lightest.
